

First Class Club Fund Rabble Rousers

Dick Graves – October, 2016

Classmates:

Last October at the Austin, TX mini-reunion, our Class established a monetary goal to raise \$300,000 dollars by 31 December, 2016. The purpose of the goal was to provide sufficient money to assure completion of a refurbished First Class Club, our major class gift to West Point. Also, our Class leadership established a second goal to achieve 100% participation of our living classmates to complete our monetary goal.

One year later, we already have raised 118% of our monetary goal. However, we have not yet achieved our participation goal.

As of 6 September 2016, there are 366 living members of the Class of 1958. Thus far, 231 classmates have donated money to help fix the FCC. That means 135 living classmates have yet to answer the call. We need at least 80 of these 135 living classmates to donate money if we are to achieve 85% of the participation goal.

DONATE NOW!!!
