

First Class Club Fund Rabble Rousers

Butch Saint - July 2016

To all those who are present and not present, Hear ye, hear ye:

Class of 1958, USMA gift

To all my fellow esteemed classmates from USMA class of 1958.

We, as a class, decided that the best gift we could provide to the Long Gray Line was a place where those who follow can gather and strengthen the bonds between and among us for which West Point is famous.

Our Class, 1958, deemed it appropriate to provide the First Class men and women such a gathering place, where they will forge relationships with each other that will last a lifetime, whether they like each other or not.

By your contribution, large or small, you indicate your dedication to providing a facility dedicated to the bonding of future graduates and a kinship that will not be broken over a lifetime.

I urge any that have not made your donation to our legacy to do so NOW.
