

Order Your Uncirculated Silver Dollars Now!

Each year the West Point Parent Club of MA honors each graduating Firstie from Massachusetts with a gift of an American flag which has been flown over the U.S. Capitol, and a 1 oz. silver, American Eagle dollar which was minted at West Point during their year of graduation. The silver dollar has a special meaning for the graduates as tradition dictates that they provide a silver dollar to the first person to render a salute to the new officer. The silver dollars that the parent club provides to the new second lieutenants will be symbolic of the gesture as, hopefully, they will keep them as a memento (and they are worth much more than \$1 because of their composition).

The WPPC-MA is providing you with the opportunity to order your own 1 oz. silver American Eagle dollar. The coins will be sold at a price of \$21 per silver dollar plus an additional \$2.75 if you would like it in a velvet coin box. Coins ordered will be available at the Firstie Celebration at the Laughna's on Saturday, March 27. If you are unable to attend the celebration, please add \$2 per coin for shipping and your order will be shipped after the meeting. Please fill in the form below and return it to Martha Laughna along with your check made out to WPPC-MA before February 28.
