Cadet Buses

Through our Transportation Coordinator (wppcbus@west-point.org), the WPPC MD-DC-VA provides comfortable, convenient, and economical bus transportation services for our cadets to come home on selected long weekends and holidays. Notices and coordination information are disseminated through the club's listserv. If you are not a member of our club and want to use our bus service, we strongly advise you to join the WPPC MD-DC-VA as all information about the buses is disseminated through the club listserv that is only open to members. Membership is \$25 if you are not a member of another WP Parent Club and \$15 (Associate Member) if you are a member of another WP Parent Club. Cost for the bus is \$65 one way/\$110 roundtrip for members, \$80 one way/\$130 roundtrip for non-members. (Subject to change due to fuel surcharges). Walk-ons will be accommodated when seats are available.

The motor coach service is by far the most suitable, direct mode of travel between West Point and the Capital District area. The pick-up/drop-off point at USMA is generally in the parking lot by Clinton Field behind the viewing stands for The Plain. The bus has four convenient destinations along Interstate 95 Highway:

- 1) Park 'N Ride at White Marsh Mall in MD,
- 2) Laurel Rest Area along I-95 in MD,
- 3) Springfield Mall, VA and
- 4) Spotsylvania Mall in Fredericksburg, VA.

(See maps inside and on back to identify these locations). Departure/Arrival times are set in conjunction with official release/reporting times set by USMA.

Trips are scheduled based on the prior year's usage and current year's academic calendar. Subject to calendar change, we expect to run buses for Labor Day Weekend, Thanksgiving Break, Christmas Break, President's Day Weekend, Spring Break, and Graduation Day.
