Dear Fellow American,

Thank you for considering sponsorship of the All-Service Academies Ball. The common mission of our United States Service Academies is to develop outstanding leaders for America's Armed Forces. These extraordinary young men and women are called to serve our country in our military, and many later become community and business leaders here at home and abroad.

Throughout our nation, these young servicemen and women are honored every two years by their local communities with a formal event during the holiday season. Members of all United States Service Academies for the classes of 2024 through 2027 will be recognized at the Oregon All Service Academies Ball on December 30, 2023 at Tualatin Country Club, Tualatin, Oregon.

Many local businesses are helping to make this event special for these young adults who have committed to serving their country. Our goal is to provide a memorable evening for each of the currently enrolled Oregon Cadets and Midshipmen as well as families, Veterans, and other honored guests attending the event.

We welcome any financial or product donations you or your organization deem appropriate. As a way of saying thank you, your personal or company name will be prominently displayed as a Service Academies Sponsor in our evening's program, on our website & social media page as noted on the sponsorship forms.

We hope you will take this opportunity to help us recognize some of the outstanding sons and daughters of the Pacific Northwest—our community's own young men and women who will soon serve as America's leaders. As the ideal of all who serve is to give back from what has been given, the Oregon All Services Academies Ball will donate a portion of the event proceeds received to a local military veteran charity.

Thank you in advance for your support.

Sincerely,

Julie Cavinee, President [West Point Parents Club Oregon](#)
