

**ADMISSIONS FIELD FORCE  
UNITED STATES MILITARY ACADEMY  
WEST POINT, NY  
March 20, 2013**

Dear Prospect,

You and your parents are cordially invited to a **West Point Admissions Information Meeting (AIM)** to be held on **Sunday, April 28, 2013 at Bethany Christian Assembly, 2715 Everett Ave., Everett, WA. 98201**. At this meeting, you and your parents will have the opportunity to learn more about West Point, the admission process, and service as an officer in our Army. In addition, you will meet local West Point Admissions Field Force members who will be available to assist you personally with this process. **Registration will begin at 1:30 PM. The Admission presentation will begin promptly at 2:00 P.M.**

Located 50 miles north of New York City in the historic Hudson River Valley, West Point offers a top-tier college education with a unique emphasis on leadership. The Academy prepares its graduates for careers as officers in the U.S. Army and life-long service to the nation through an intense 47-month program of academic, physical and moral/ethical development leading to a Bachelor of Science degree and a commission as a Second Lieutenant. West Point's academic curriculum, with classes of 18 or fewer students, offers a balanced education with majors in engineering, sciences and the humanities. West Point graduates routinely attend top graduate and professional schools in medicine, law, sciences, engineering, the humanities and business. Only Harvard, Yale, and Princeton have produced more Rhodes Scholars than West Point. Forbes Magazine recently named West Point as the Best College in America.

If you are interested in learning more about the requirements for admission to West Point, I strongly urge you to attend this Admission Information Meeting, even if you have attended one before. You will also want to visit <http://admissions.westpoint.edu> for further insights into the West Point experience.
