

Reservation may be made either electronically or by mail. If you chose to use a credit card electronically, there will be an additional charge of \$2.25 to defray the cost of using this service. These charges are included on the electronic form. Go to our website for a link to use this method.

To lower the costs, the Society is funding for the Hors d'oeuvres, wine, and the cost for the Bartenders , but the individual costs are still higher than in the past. However, the location is very special to the events planned for the evening.

Please ensure that the following is received by 1 March 2008. Checks may be made out to WPSTV.
