The West Point Society of the Tennessee Valley communicates primarily via email. We use the West Point Association of Graduates mailing list service which generates the email mailing list out of its database of graduate addresses. If you want to join our mailing list, the fastest way to do that is to log into the WPAOG website and update your contact information with them under My WPAOG/My Profile. Let them know you are in our area. You should become part of the mailing list the next day.

The mailing list is very low volume most of the time. For most of the year there are only a handful of message each month. During football season and before Founders Day, the traffic increases somewhat as we coordinate those events.

Messages to the mailing list will have a subject line that starts with "[arealist-al2]." If you receive an email like that it's from us!
