The 25th annual Golfing Grads of USMA will be held April 18-21 at Innisbrook Resort just north of Tampa, Florida.

Currently celebrating 40 years of excellence, Innisbrook is situated on 900 wooded acres of rolling hills in the St. Petersburg/Clearwater area. Recently and completely renovated, the resort features 600 spacious suites, a new luxury spa, six heated pools, four restaurants, three bars and a collection of four golf courses. Currently, the PGA TOUR Transitions Championship is played at its famed [Copperhead Course](#), and the LPGA-supported Legends Tour Open Championship at the resort's Island Course.

I have played all four of their courses and they are excellent. I don't think Copperhead is their best!
