our speaker:

HAROLD TIMBOE

"Easygoing" and the possessor of "the most worn brown lad in this company" (G-2), reads the '68 *Howitzer* bio article on classmate Harold Lee Timboe. Harold's "biographer" also predicts, however, a bright future of achievement, a prophecy that proved to be more than the customary fluff.

After assignments in Florida, Saudi Arabia, Vietnam and Fort Bliss, Harold attended the University of Texas receiving an MD in 1978. A long, successful career in Army medicine followed, including 5 years on airborne status at Fort Bragg and culminating in command of Walter Reed Army Medical Center.

After retiring from the Army in 2002 with the rank of major general, Harold joined the staff of his medical alma mater in San Antonio where he served as a senior university official for 5 years. He and his "OAO" and wife of 40 years, Donna, moved recently to Arkansas to be near three of their 4 children and all 6 of their grandchildren. Dr "T" continues to hold positions on boards of several private companies and non-profit organizations.

Harold, who has numerous experiences in mass casualty situations and large scale humanitarian relief operations, will relate challenges from his career. His remarks will include how his faith in God enabled him to move beyond success to significance, both personally and professionally, with a view to finishing our golden years strong and with contentment. Why not make plans to join us?
