HONOR COUNTS
79

Dear Reader:

I know; I thought the same thing when the truck finally brought the 400 copies to my door: "It's about time!" While it *has* taken a good deal of time to get this book out, it has taken twelve months *less* time than the previous attempt at something like this, so I hope you've been patient. Of course, like any fine Oriental carpet, there are some errors in here, but I'll let you find them.

So much for an apologia, I would like to say a few things before you leaf through the book to see who's in here and who isn't. First, I want to thank Jon Smrtic, Mike Landrum, Joe Olson, and Bill Thorne for their good help in putting this thing together. Second, virtually everything we received found its way into this book, in much the same form as we received it. Third, if you sent pictures in and wanted them back, you should find them falling out of the book as you glance at this letter.

I have to recommend the book to you since you can learn a great deal about the group of people we still call the Class of '69. If you've kept notes, you'll find that, sure enough, over half of the class is "out" (that means they're "in" to something besides the Army), but virtually everyone, albeit there are a few interesting exceptions, seems to still be in or near the mainstream of American life. While we were all blivets for the better part of the period from 1969 to 1974, there has been some diversity since then. Sure, over a third of the approximately 40% of the Class still in the Army was stationed at West Point at the time of the reunion, but many classmates have had unique military careers. Of the multitude now enjoying the civilian life, it appears that nearly half traded one large organization for another, but here again we find a number of true individuals among our ranks. Unlike the Harvard Class of '69 who had many causes during their undergraduate days and then settled down to accept their tailored niches in society in the '70's, the USMA Class of '69 stayed in one nice mold for a few years and then became rather *unsettled*. I hope everyone is finding his place now.

If you gain anything from reading this book, I hope it's the remembrance of old friends. That thought reminds me of something John Selden wrote in the 17th century (and only somebody teaching English literature would really want to know what an old English jurist wrote in his spare time): "Old friends are best. King James used to call for his old shoes; they were easiest on his feet." I've found some old friends in here; I hope you do too.

Val

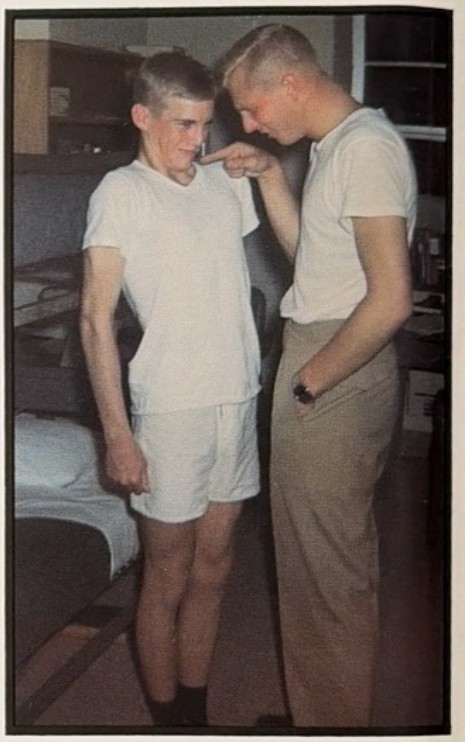
DECADE OF CHANGE

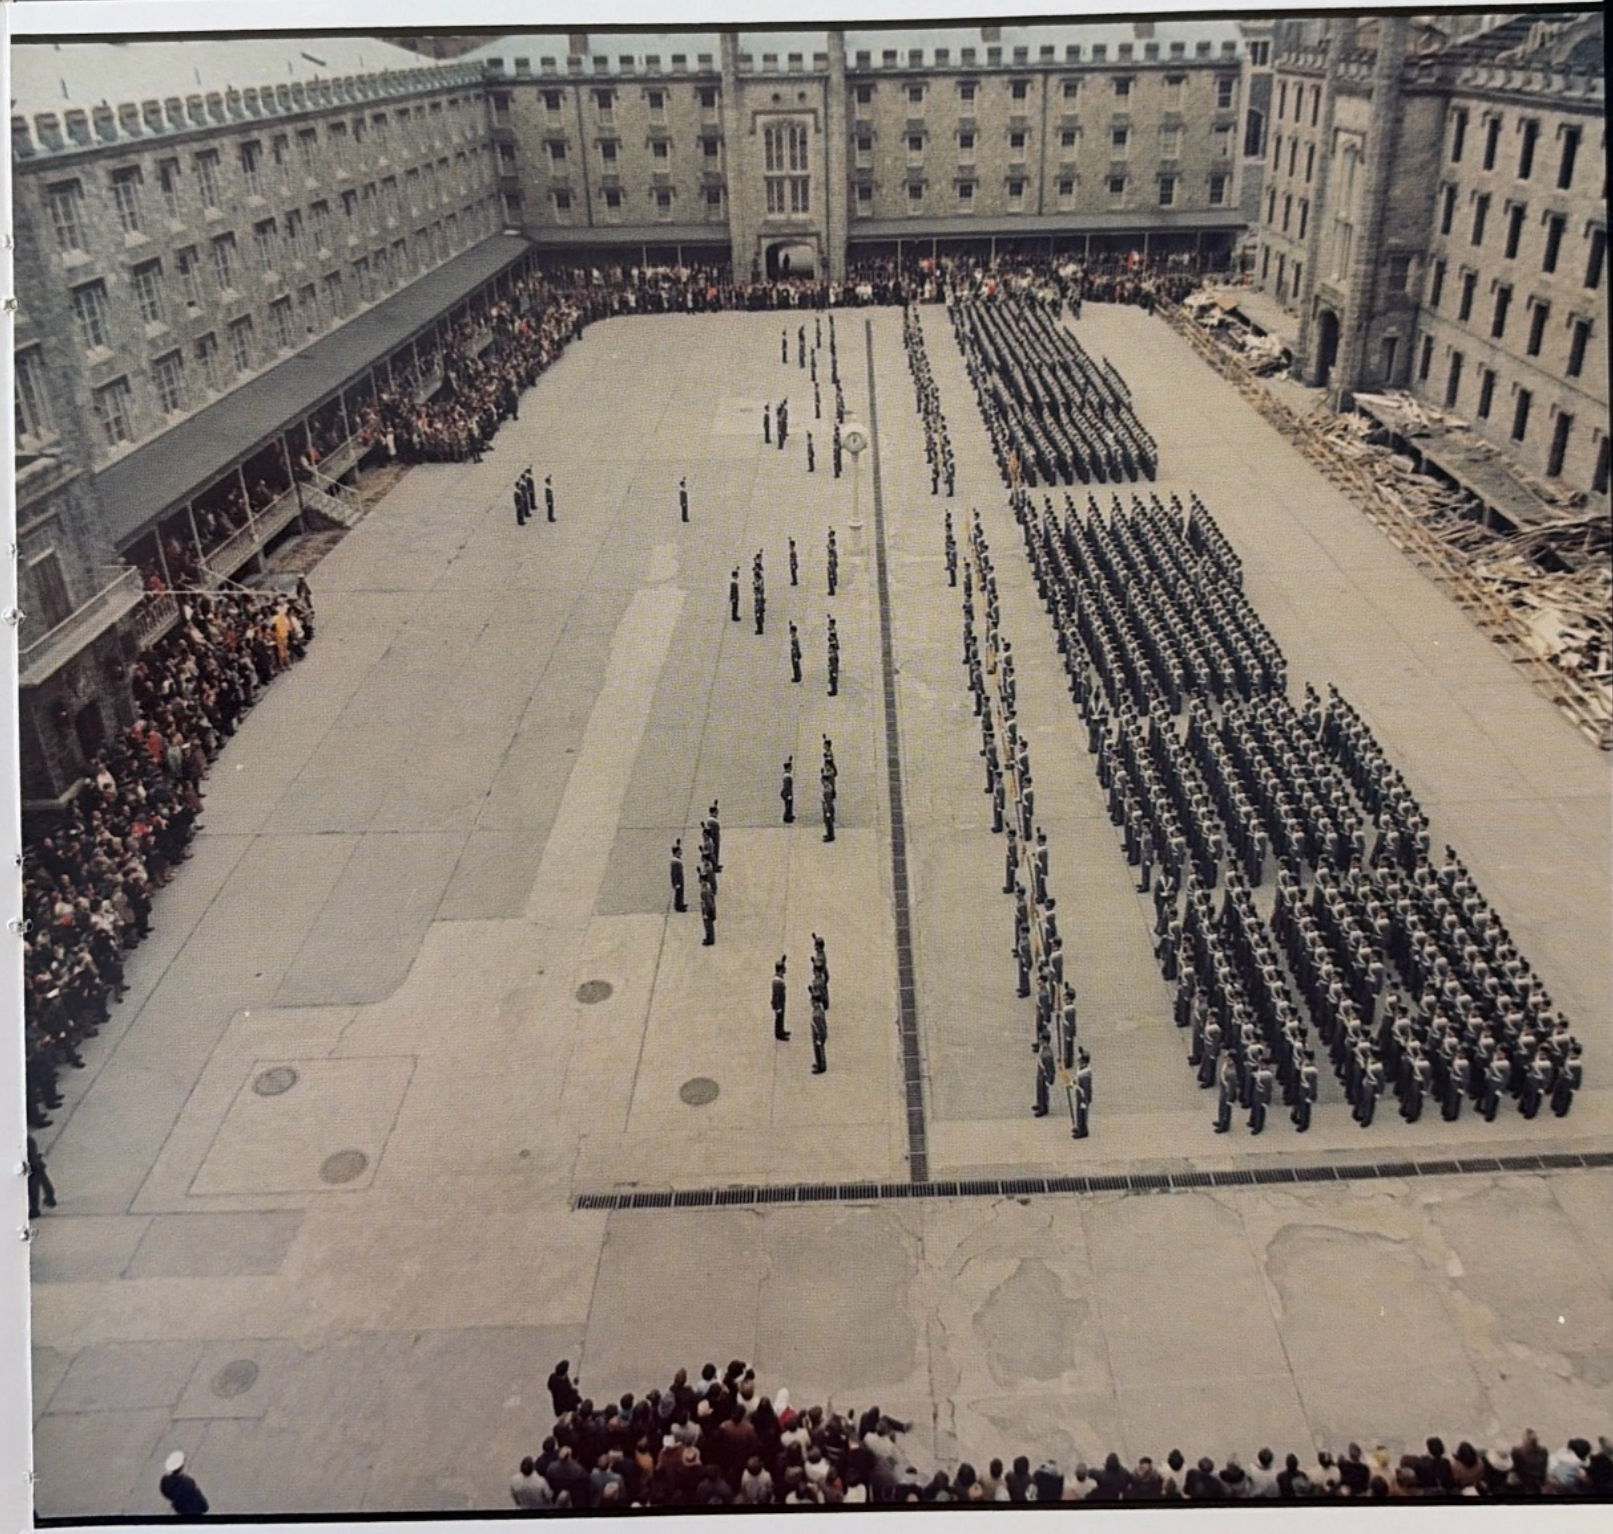
United States Military Academy
West Point, New York

Yesterday
is today
in our memories.



We faced a new challenge as individuals

We encountered the old pattern
but as it embraced us, we molded it to our identity.



And When Our Work Is Done,
Our Course On Earth Is Run,

Today is not yesterday;
We ourselves change.
In the process our yesterdays
have cast the shape
of our tomorrows.

Classmates

1. **Ernest C. Adams** After Airborne, Ranger and IOBC, I went to Fort Sill where I was a platoon leader in the mechanized infantry battalion. In June 1970, I returned to New York State where I married Barbara Ann Ferguson from my hometown of Schenectady. During the rest of 1970 until September 1971, I was in Korea, serving with both the 2nd and 7th Divisions. From 1971-74, we were at Fort Lewis where I served as a company commander twice and battalion S-1. It then was time to return to Fort Benning for the Adv Course which is where Michael Carl was born November 1974. After the Adv Course we stayed at Fort Benning while I was an instructor in the Tactics Department. Matthew Edward was born during this time in April 1977. In January 1978, I attended DRRI at Patrick AFB, Florida enroute to my present assignment as EOSO for the 7th Signal Brigade near Mannheim, Germany.

2. **James W. Adams** After initial assignments with the Howitzer Batteries of first and second squadrons, 2 ACR, I was transferred to the S2/Border Officers job. I enjoyed it so much, that I branch transferred to MI in 1972. MI immediately sent me to RVN (MACV, II CORPS). When the cease fire was signed in RVN, I was transferred back to Germany to assume command of HHC, 2d MIBARS. While commander, I married Maria (Jul 73), and on completion of my command in Aug 74, left the service. I remained in Germany for three years while Maria finished her Masters Degree in Education, working as a Credit Union Asst Manager and as a teacher in automotives for Central Texas Jr College. We returned to the US last year, and I am now studying at Univ. of Cal., Berkeley for a Masters of Engineering in Mechanical Engineering and am commander of 519th ASA Co in the active reserves. Maria is currently working as a substitute teacher and technical translator.

3. **Jim Adamson** Sue and I were married in June of 1970, which put me a year out of W.P. and 6 months into a tour with the 5/1 Nike Hercules Battalion in Dichtelbach, Germany. Shortly thereafter we were assigned to flight school at Fort Walters, Texas. The mid-school move to Fort Rucker, Alabama only added to the gypsy-like existence at flight school. I reported into the C/16 Air Cavalry Troop (DARKHOUSE) in RVN right after Christmas 1971. We did the typical mid-tour gymnastics in Hawaii and were off and running again in December 1972. The beginning of the new year found us in the throes of Battery Command at Ft. Bliss, Texas. Air Defense Advanced Course came next (another pleasant vacation), and a new son, Erik David. Then off to Graduate School in the fall of 1975. Princeton University is not exactly a low cost of living area but Sue and I enjoyed the switch to the civilian academic environment. My studies were in aerospace engineering in preparation for assignment to the Department of Mechanics at USMA. During that time, I managed to pull down one of the 33 Army nominations to NASA's Space Shuttle program, but didn't make the final cut. At present, we along with many of the rest of the class, are enjoying the benefits of a West Point assignment.

4. **Charles E. Adkins** My assignments (after IOBC and Ranger school) were to Ft Bragg, Vietnam, Ft Dix, Ft Benning, Boston, Fort Ord and I'm presently stationed at West Point. Over the past years I've held a variety of positions, most important of which were three and a half years as a Company Commander, (including one year as the Battery Commander of the 7th Division Artillery Headquarters Battery, because while attending IOAC I also took the FAOAC by correspondence). I earned my MS from the Massachusetts Institute of Technology, majoring in personnel management. I'm currently teaching in the Department of Behavioral Sciences and Leadership at West Point. On the personal side, Eileen and I were married in February, 1970. We are the parents of Charlie, Jr., born at Ft Dix in 1972, Christopher John, born at Ft Benning in 1974, and Elizabeth Ann, born at Ft Ord in 1977.

5. **George Albrecht** This Space for Rent PEnnsylvania 6-5000 "Well, excu-u-u-u-se us!"

6. **Bob Allardice** Discharged 21 September 1970; went to work for General American Transportation Corp (GATX) in Chicago selling and leasing a specialized rail car. On 14 May 1973 become employed by Michelin Tire Corporation as a technical engineer. Presently am a District Earthmover Sales Manager with Michelin responsible for selling large earthmoving tires to mines throughout the Rocky Mountain region.

7. **James M. Allen** After finishing all the basic schools I went to Vietnam for 12 mos. returning in July 71. Marie and I were married in August 71 and were stationed at Ft Bragg, N.C. While at ft. Bragg I was Signal Officer of 4/68th Armor. Radio Officer for the 82d Div. and Company Commander of Sig Co, 7th Special Forces. In 1974-1975 I was in the Infantry Advanced Course while Marie started Law School at Univ. of Oklahoma. I was assigned to 24th Eng. Gp, Karlsruhe Germany in October 75 and then the 143d Sig Bn, 3rd Armored Div. from Feb 77 to present. Marie completed her law degree after several breaks in Sept 77 and is currently employed with an international law firm in Frankfurt as their American consultant.

8. **Joel Richard Alvarey** Upon graduation I was assigned to an ADA unit in Walkernheim, Germany. After 4 years of being told when, what and how to do everything, I discovered I could not manage by myself, so took the nuptial vows in June, 1970. Jean and I only stayed in Germany until August 1971, barely enough time for the novelty of the beer fest to wear off, when I was reassigned with AC/S Comptroller, Saigon Support Command, Long Binh, RVN, until July, 1971. I returned to attend Fordham Law School and spend my summers at Fort Hamilton and USMA. Jean got her M.A. in Remedial Reading at the College of New Rochelle. Subsequent to graduation from law school I worked as a defense counsel (destroying the Army's discipline) and as a trial counsel (furthering the Army's discipline) at Fort Carson, and attended the JAG Graduation Course, Charlottesville, Virginia. We have a daughter Amy and a son David, who are 4 and 1, respectively.

9. **Jon H. Anderson** After the traditional infantry initiation at Fort Benning, I was assigned to MacDill AFB in Tampa, Fla., just in time to meet Betsy. Somehow a romance was possible despite my frequent TDY's and Betsy's Women's Wear department. Married in May, 1971. In Nov. the same year, I resigned to accept an engineering position with G.T.E. Not satisfied, I entered Stetson U. College of Law while Betsy became a paralegal for large St. Petersburg firm. In '75, Sloan was born, and the family left for my first legal position in Lake Placid Fla. A short year later, the family moved to Lakeland and the present law firm of Devane, Munson, Anderson, and Allen. Devon arrived in '78. Two delightful little girls complete the picture!

10. **Charles Anstrom** My first assignment was at Fort Riley. I stayed there 6 months and then went to Vietnam. While in Vietnam, I was a Cavalry platoon leader for the entire year. I returned to the U.S. to Fort Knox with the 6/32 Armor, and moved with the unit to Fort Carson (what luck!) Stayed in 6/32 for 3 years as Co. CDR, and Battalion S3. I completed an MBA at the University of Colorado while living in Colorado Springs, and met Terry during my last summer. I was then assigned to Fort Knox for AOAC. Since Terry and I couldn't afford the phone and plane fare bills, we felt economically compelled to be married. Actually, microeconomices had nothing to do with it. Terry and I were married in 1976 and were assigned to the Univ. of Mississippi. We've been there for 3 years and more than ready to leave in the Summer of '79.

11. **Richard C. Anshus** During the past ten years, I attended a number of Army schools (Airborne, Ranger, Jumpmaster, Pathfinder, IOBC, and IOAC) as well as the Naval Postgraduate School in Monterey, CA, where I received a Master of Science degree in Computer Systems Management in December of 1978. My assignments have taken me to the 82nd Airborne Division, the Americal Division in Vietnam where I served as a Company Commander and staff officer, and the 1/509th Airborne Battalion Combat Team in Vicenza, Italy, where I again served as a company commander and staff officer. My tour in Vietnam was rather long as I spent 25 months being a Prisoner-of-War in Hanoi. My wife, Sylvia, is an English teacher and guidance counselor, and we have one child, Christina Marie, born in September of 1978.

12. **Laurence L. Archer** After graduation, Basic, Ranger and Airborne courses I was assigned to Ft. Riley, KS. While stationed at Ft. Riley, I met Linda Haag from Hutchinson, KS and we were married on December 21, 1971. I left for a twelve month tour in Vietnam in January 1972. After Vietnam, I returned to Ft. Benning, GA, for the Infantry Officers Advanced Course (IOAC) 6-73. In April of 1974 I elected to resign from military duty to pursue a career in Veterinary Medicine. After two years of prerequisite study at Kansas State University I was accepted into the College of Veterinary Medicine at KSU. I have two more semesters to complete before I will receive my DVM in May 1980. My wife and I live in Manhattan, Kansas and have two children, Brian and Holly.

13. **Richard C. Ashley, Jr.** Following graduation, Julie and I were married on 7 June. After a brief honeymoon, Julie returned to nursing school while I continued to vacation in CA before FAOBC, Abn and winter Ranger. My first assignment was with 1-75 FA in Bamberg, Germany. Julie joined me in Sep. '70. We left Germany in June '71 and spent a few weeks at Ft. Sill enroute to RVN. Julie worked in CA While I hopped from units as things wound down in VN. While there, I served with 2-32FA and 1-21FA (1st Cav.) We then journeyed to Ft. Sill for FAOAC (Nov 72-Sep 73). Our first son, Scott was born at Sill on 18 May 73. We then made our way to Ft. Lewis and the 9th Inf. Div., where we had a most enjoyable tour. While there, I served with 1-11FA and Divarty. Kevin was born on 21 Oct 75, seven months before we left the NW for GA Tech in Atlanta, where I pursued an MSME. Upon returning to military life in June 78 we came back to WP and the Department of Mechanics where we'll be til 80 or 81.

14. **Douglas S. Aykroyd** Upon completion of AOB, Airborne, and Ranger Schools, I was assigned to Co. F, 40th Armor, in the Berlin Brigade where I served as a platoon leader and XO. Upon promotion to Captain I was transferred to the G-1 Section of the Brigade Staff. 1972 was spent earning my pilot wings. 1973 began with a short tour (3 months) in Vietnam. Assigned to Ft. Knox I served as commander of Co. A, 2d Bn, Lightning Brigade and S-1 and S-4 of 2d Squadron, for Cavalry. I married Elizabeth Adams Rhoades on 12 July 1975 and shortly thereafter attended the advanced course. In March 1976, I was assigned as S-4 of 5th Bn, 33rd Armor—a battalion with one warehouse full of assorted equipment and no supply personnel. In June of 1977 I moved to Germany and took over duties as S-4 (again) of 2d Battalion, 32nd Armor. 1978 was a rare year. Peter was born in March and I held a variety of challenging jobs. S-4, S-3 (for battalion ARTEPS), Adjutant, and, finally, Commander of Company A.

15. **Andrew J. Bacevich, Jr.** In June 1970, I married Nancy Blough, concluding a pursuit of many years duration. A month later I left for Vietnam. Upon my return, we moved to Ft Lewis, joined the 3d ACR, and within a year we followed the regiment to its new home at Ft Bliss. The highlights of our stay in El Paso were an 18-month tour command K Troop, 3d Squadron and the birth of our daughter, Jenny. Next followed a year of recreation at the Armor Career Course. In 1975 we headed east to Princeton University where I received an M.A. in American History. There, too, Amy arrived. Finally, in 1977, we joined the History Department at USMA. Nancy and the girls have plunged into a variety of activities here. I have limited myself to teaching, coaching rugby, and, in odd moments, working on my doctoral dissertation.

16. **Robert H. Baldwin** I travelled to Ft. Benning for Airborne and Ranger, Ft. Knox for AOBC and Ft. Meade for four months of riot control duty before leaving for Vietnam. Upon receiving stateside orders to Ft. Bragg while in Vietnam, I went to S-1 and my good friend Tom Fagan who got his orders changed—to Alaska. Fagan's wisdom was revealed in the end as I met Cathie Cunningham and marrried her. After three years in the "Army's best kept secret," Bob and Cathie departed for Ft. Knox and a year in AOAC which, aside from a memorable car pool, draws a blank four years later. Two years studying economics at MIT landed me my current assignment: instructor of economics at USMA.

17 Samuel H. Bailey III After graduation I spent three years in Europe in the FA, took a short tour in Vietnam, completed the FA Advanced Course at Sill and left the service. In graduate school I met my wife, Mary, now a mathematics graduate student. We lived in Nashville for three years while attending Vanderbilt. I am now doing my doctoral research in physics at the University of Washington.

18 Blaine Ball We married Aug 4, 1973 at Ft Bliss, TX. Armor Officer Career Course, 1974-75, was followed by two years in Columbus, OH. Patsie worked in the Admissions Office at Ohio State University while I obtained Master of Arts in Geography. We arrived at West Point in Jun 1977. Sarah was born at West Point, Jun 9, 1978.

19 Jim Ball Joan and I married shortly after graduation and began our trek through Airborne/Ranger and Basic at Belvoir prior to our first assignment at Ft. Meade, MD with the 75th Engr. Bn. (Const) and construction officer duties. Suzanne was born at Walter Reed shortly thereafter. A tour in Vietnam followed with the 1st Cav. where brigade and staff engineer duties encompassed a full year. Belvoir again renewed many old friendships and the celebration of the birth of our second daughter, Meredith. Keeping with the construction battalion tradition command duty followed in '73 with the 43rd Engineers at Ft. Benning. A very pleasant period followed at Auburn Univ. and graduate studies in CE. Courtney was born just prior to our arrival in the Canal Zone in early '78 and duty with the Engineer and Construction Bureau of the Panama Canal Company. Joan has periodically been able to teach as her love for children and teaching grows, while my interest in engineering has endured.

20 Roger P. Balog My initial duty assignment after graduation was with the 237th Engineer Battalion in Heilbronn, Germany. I shortened my tour by volunteering for Vietnam and received an assignment to the 326th Engineer Bn, 101st Airborne Div. where I was met by a dozen classmates already assigned to that battalion. After the Vietnam tour which included an extension as an advisor with MACV, Beth and I were married in September 1972. We then went to Darmstadt, Germany where I was with the 94th Engineer Bn and Beth took a job teaching under the Army's PREP program. In August 1974, I resigned from the Army and started my first year at Notre Dame Law School. During the three years at Notre Dame, Beth finished work on a Masters Degree, gave birth to Rob and Todd and I finished a Masters Degree and Juris Doctor Degrees. We are now permanently located in Spring, Texas and have recently added a fifth member to our family—Marc. Spring is just outside of Houston when I am an attorney with Gulf Oil Corporation.

21 David Scott Barber I left West Point after graduation with not a backwards glance, primed and ready to embark on life's journey and whatever it had to offer. One of my first adventures involved marriage in July to Revonna, whom I fondly call George. Two weeks later, we promptly moved to Benning to encounter Airborne and Ranger school, then to Belvior for EOBC. At my first assignment in Germany, I found that the "real" army was not the one portrayed to us at W.P. The highlight of our tour was the birth of my first son, Ryan Scott in April 1972.
We returned to the states for flight school in Fort Wolters and Fort Rucker, then alone to Korea (Damn). We next found ourselves back to Belvoir for EOAC and the birth of Amy Nicole in November 75. We dallied after EOAC until April 77 with my working in Training Developments.
On to Arizona and a master's program in Mechanical Engineering at ASU. Much to our amazement, we completed a wonderful semester project in the person of Jason Todd born 24 Jan 78. This brings us a near full circle as I'm due to leave in May 79 to an assignment at West Point.

24

22 Forrest William (Bill) Barnett, Jr. After receiving my MBA from Howard in 1971, I was assigned to Vietnam: MACVJ2 where I was on the Cambodia Desk. Then I moved to the Washington, D.C. area where I live today. Here, I've attended the Defense Intelligence School and worked in the Office of the Secretary of Defense on European security issues; I was a member of the US MBFR Delegation in Austria. After leaving the Army in 1976, I worked for McKinsey & Company, a management consulting firm. I've now joined the Politico - Military Affairs Bureau of the State Department, where I head up its new Systems Analysis Office.

23 Robert A. Bassett Shortly after graduation, Vicki and I were married, spent a week in a cabin in Maine, then " doubledated" with the newly-married **Sheans** in Bermuda. Following a cross-country vacation trip, an enjoyable 3 mos. were spent in El Paso at the Air Defense Artillery Basic Course. Another cross-country trip then on to Ansbach, Germany for a 3-yr tour with an Air Defense Artillery Battalion (HAWK missile system). While in Germany, I took positions as Platoon Ldr, battalion S-4, Battery Cmdr, and battalion adjutant. Robb was adopted newborn in Mar 72 after a suspenseful but joyful wait. In late 72, came the long put off short tour in Korea. Vicki and Robb stayed with her parents in New York while I served as a battery cmdr in Kunsan and as a Brigade Operations Staff Officer in Osan until Dec 73. Six months at Stewart Air Force Base in Newburgh preceded resignation and a busy but fun year in Boston attending M.I.T.'s Sloan School of Management for a MBA course. In Jul 75, I joined Union Carbide Corp.'s Linde Division as a business analyst. Early in 78, I had an extended business trip in the Far East including Hong Kong, Bangkok, Singapore, Australia, and New Zealand. In mid '78, I was selected to start up a new Marketing Planning department and Vicki found out she was pregnant. In Jan 79, Christopher James was born.

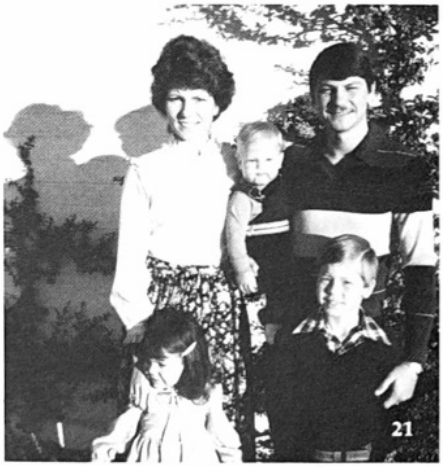
24 Peter J. Bazzel After graduation, leave, FAOBC, Airborne and Ranger Schools, Pat and I spent 14 months at Fort Carson. Our first daughter, Jennifer, was born while we were at Fort Carson. From Colorado I went to Vietnam and Pat and Jennifer lived in Delaware. Upon return from Vietnam, Pat, Jennifer, and I went to Ft. Sill and I attended FAOAC.. From Oklahoma we were assigned to Ft. Bragg for two years. My unit assignments were B Battery, 1st Battalion, 73rd FA as assistant S-3 and then S-3. Our second daughter, Rebecca, was born while we were at Fort Bragg. From North Carolina we went to West Lafayette, Indiana. I received a Masters Degree in Industrial Relations from the business school at Purdue University. From Indiana we came to West Point for my assignment with the Department of Behavioral Sciences and Leadership. My current duty is Course Director for the core course of Military Leadership.

25 Robert Behnckes June 69-Feb 70: Rng. Abn 10 BC/ Feb 70July 71: PH Ldv., XO, CO, 6 Bn 9 Inf Ak/Jul 71-June 72: CO 1 /501 VN/Jun 72-Aug 73: IOAC,/Aug 73-Aug 74: MBA, GSU/Aug 74-Aug 77: ROTC Penn State U/Aug 77-Present G-5 of 1st IDF. Married Becky Aug 16 74 in my best move ever. She was born in Jasper, Alabama, and was a teacher in Phoenix City, Ala when we met. She completed her masters at West Chester State (Education) in July 77, and we were blessed with a boy, Gabriel Griffen on 19 July 79.

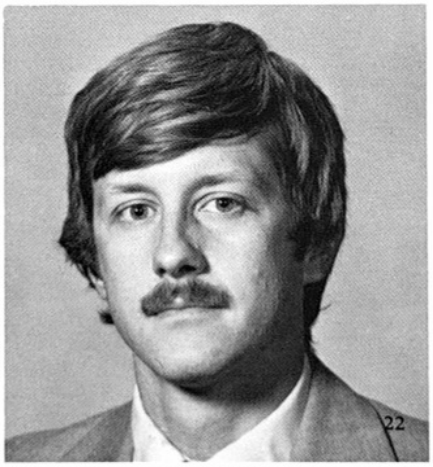
26 David Belden Discharged from service in June 1974. Attended the University of Wisconsin studying Nuclear Engineering from 1975-1978. Received BSNE in 1978. Employed at Radiation Measurements, Inc. in April 1978. Continuing study at the University of Wisconsin for Masters degree in Health Physics.

27 Vern Bettencourt One look at the family photograph tells what we spend most of our time doing—taking care of the kids! Amy is a very busy second grader with activities in Brownies, ballet, gymnastics, and Church. Ali started her academic endeavors in pre-school this year and manages to keep herself fully occupied at all times. Andi is two and doing her best to keep up with the other two. In between all of this, Randi has taught elementary and religious school and worked in a retail office.

Most of our activities over the past ten years have been shaped by my assignments. The first three years were spent in Nurnberg, Germany in an FA battery. Then on to Vietnam and the Advanced Course. Our Most pleasant assignment was two years in Atlanta obtaining an MSOR from Georgia Tech. That was followed by Combat Developments at Ft. Sill and then C&GSC. After Korea, we're looking forward to Ft. Carson and resumption of family camping which we greatly enjoyed in Europe and Georgia.



21



22

25

27

28. **Ken Bevis** Linda and I got married right after graduation in Fayetteville, Arkansas. That fall I attended artillery basic at Ft. Sill and also played on a flag football team with a group of 150 pound cast offs that won the post championship. In November I attended Airborne school at Ft. Benning and spent a **cold** January and February with Ranger class 8-70 in Georgia and Florida.
Our first assignment was with the 1st Battalion 37th Field Artillery in Ft. Richardson, Alaska. Our first daughter, Michelle, was born in the Polar Bear state. In October of 1971, after an orientation course at Ft. Sill, I reported to the 101st Airborne Division in Phu Bai, Vietnam, where I served as liaison officer to the 2nd Battalion 501st Infantry. In March of 1972 I returned to Ft. Campbell, KY, with the 101st and served with the 1st Battalion 321st Field Artillery and the Unit-of-Choice Recruiting Program. Carlee, our second cheerleader, was born at Campbell in October of 1973.
After resigning in May of 1974 I entered the University of Alabama for graduate work in accounting. I am currently a CPA with an accounting firm in Dothan, Alabama.

29. **Matt Beyeler** PLT LDR - 3/10 INF, Ft. Carson - 1970; CO CDR & S1, CCC, 5th Special Forces, Kontum, Vietnam, '70 to '72; CO CDR, S1, S4, Race Relations Officer, 1st AD, Germany, '72-'75. Toured Europe, '75-76. Returned to the USA in October 1976. To present, worked as Design Engineer.

30. **Gregory Binder** 1969-71 - Plt Leader/Aide-de-Camp/Battery Cmdr (ADA) Korea. June '71 - married at West Point. 1971-72 - Nike-Hercules Battery Commander in New Jersey. 1972-73 - ADA Advanced Course. 1973-75 - Grad School (Computer Science) U of Arizona. 1975-78 - Dept of ES&GS at USMA (Computer Courses). 1978 Reassigned Pentagon (U.S. Army Management Systems Support Agency).

31. **Dan Bird** After graduation and related schooling I served with the 79th Engineer Battalion in New Ulm, West Germany. Pam and I were married in June of 71 after her graduation from Marymount. In March 73 I was reassigned to the 2nd Engineer Group in Seoul, Korea. Pam accompanied me to Korea and taught at the American high school there. I resigned my commission in June 74 upon leaving Korea, and I spent the next three years at the University of Virginia Law School. Pam taught science at one of the local junior high schools. During the course of our very enjoyable stay in Charlottesville, our son, Danny, was born on Sep 30, 1976. After graduation I joined the law firm of Chapman and Cutler in Chicago in May 77, where when not fighting blizzards, I practice Securities Law. Our home is in Lake Bluff, Illinois about thirty miles north of Chicago. Our daughter, Carrie Lee was born on Aug 6, 1978.

32. **Lindy Blackburn** Like many of my classmates, following graduation I attended Airborne and Ranger School at Ft. Benning, then AOBC at Ft. Knox. My first assignment was with the 3rd Cavalry Regiment at Ft. Lewis, after which I attended Flight School, graduating in December, 1971. I then spent a year in Vietnam as a helicopter pilot, and returned in January 1973 to marry Barby Lasky, a legal secretary. We left then for 3 years in Friedberg, Germany with the 3rd Battalion, 32nd Armor, where I served as a company commander and a battalion adjutant. The highlight of our European tour was the birth of our daughter, Mandy Robin, in February 1976. We returned to the States in April of that year to attend IOAC at Benning. Then, for the 2nd time in 9 months, we again crossed the Atlantic, this time to live in England while I attended the British Army Royal Armour School in Bovington. In December, 1977 we returned to the States to begin work on a Master's in Operations Research at Virginia Tech in Blacksburg. We are scheduled to leave Virginia in December, as yet for points unknown, and are expecting our 2nd child in November.

33. **Thomas James Blake** On 19 July 1969 I married Maryalice Grotkowski at Rouses Point, New York. During our assignment in Frankfurt, Germany our two daughters, Kathy (21 May 71) and Lesley (5 Oct 72), were born.
In 1973 I completed a masters degree in Education with a major in counselling from Ball State University in Indiana, and in 1975 I completed a masters degree in Business with a major in management from the University of Northern Colorado. My military assignments include 3 years in Frankfurt, Germany, 1 year in Osan, Korea, and 6 years (at various times) at Fort Benjamin Harrison, IN, which encompasses periods as a student and my current assignment to the U.S. Army Administration Center. My military education includes the AG advance course, C&GSC, and numerous specialty oriented courses.
In 1977 I was honored by the Jaycees of Indiana, when they named me as one of the ten Most Outstanding Young Americans in the State of Indiana.

34. **Barry C. Blay** June 69-Oct 70: AF-OSI Dist 19, Travis AFB, California.
Nov 70Sept 72: AF-OSI District 50, Tan Son Nhut AB, Saigon, Vietnam
Oct 72-June 75: AF-OSI HQ (National Liaison with FBI & CIA); Wash. D.C.
1976-Current: (Law Student and Transamerica Employee) Law Student, McGeorge School of Law, U.O.P. Sacramento, CA Prior to that time I spent 6 years with U.S. Air Force.

35. **Stew Bornhoft** Has it really been ten years? . . . Let's see, Airborne, Ranger, Engr Basic . . . Tom and Katy Hall's wedding . . . Beth Mellon sure was a lovely Maid of Honor . . . Get your feet wet with troops at Bragg before RVN . . . Plat. Ldr, XO, then CPT . . . extend and you'll command a CBT Engr Co., OK . . . Super! . . . back to Bragg . . . the Maid becomes Beth Bornhoft . . . say Adjutant, want a Construction Co? . . . Sure . . . Infantry Advanced at Fort Follow-Me, just for variety . . . two years in Atlanta as a Ramblin' Wreck . . . It's a boy! . . . Name him Chris . . . 10996 again . . . more comfortable the second time around . . . Twinkle, twinkle, little star, E=IR . . . winters at WP still cold . . . It's a girl! . . . Caroline, call her Carrie . . . be the Supe's Aide, really? . . . Why a decade ago, I never figured . . . It really has been ten years!

36. **Frame J. Bowers, III** Initially assigned to Germany, then to flight school. There met my wife-to-be, Judy Gayle Wiggins. After a tour in Vietnam, returned to Ft. Knox for the Career Course and the birth of Jennifer Elise. From Kentucky moved to Princeton, New Jersey for graduate school. The next move was to Ft. Hood for duty with the 1st Cavalry Division, and the birth of David Frame. Now assigned to the U.S. Army Aviation Engineering Test Activity.

37. **G. Robert Brambila** After leaving USMA I was assigned to Ft. Carson CO for interim training before going on to the 23rd Division in Vietnam. Upon my return to the U.S. I returned to Ft. Carson where I first served with the 1/10 Inf as Bn Asst 1. This was followed by a 2 yr assignment as Asst. Div. Finance Officer. My final assignment before leaving the Army in August of 1975 was Asst Bde S-1 for the 1st Bde, 4th Division. In October of 1975 I joined AG Edwards and Sons as an Acct. Exec. In January '77 I transfered to Merrill Lynch in Macon, GA. In Macon I met and married Diane Haygood in May 1978.

38. **Robert A. Brigham** After enjoying nine days of bachelorhood, Paula and I tied the knot on 13 June 1969 (Friday the 13th!) After our two month honeymoon in Cape Cod, Upper Michigan and Minnesota, we traveled to Ft. Benning for all that good Infantry Training. From there it was to Berlin, Germany for a great 22 months assignment. We enjoyed numerous sidetrips through Europe and the birth of two sons (Robbie-May 70 and Adam-Sept 71). Of course those inevitable orders to Vietnam finally came and I joined the 1st Cavalry Division (Garry Owen)! in January 1972. My applications to medical school went in just prior to leaving and my R&R was spent interviewing at various schools. My acceptance came through to Wayne State University in Detroit, and Paula and I resumed our roles as students, she in Interior Design. Graduation came in June 1977 and we pulled up stakes for our move to Walter Reed. We found a beautiful home in Vienna, Virginia where the boys are both playing in the soccer and baseball leagues. The change of scenery must have renewed our youthful vigor for we were blessed with a new arrival last September (Kristina Marie).

39. **Frank W. Brittain** Gwen and I were married June 7, 1969. After leave we went to Ft. Benning for Airborne, IOBC, and Ranger. We were in Augsburg, Germany from 3-70 to 8-71. On June 21, 1971 Lara Michelle was born. From 9-71 to 5-72 I was in Vietnam. Then we were at Ft Lewis from 6-72 to 8-74 when we were sent to Ft Benning for IOAC and reassigned to USAIB for 3 years. On April 28, 1976 Jennifer Leigh was born. Last Sept we came to Corvallis, OR to be with the ROTC Department at OSU. We've been very happy together and are proud of our two daughters.

38

39

40. **Bill Brittenham** Angie and I were married ten days after graduation. After Signal Officer Basic Course, I completed Airborne and Ranger Schools and the Communications-Electronics Staff Officer Course. We spent fourteen months in Wurzburg, Germany where Shelly Renee was born. I was assigned to the 123rd Signal Battalion, 3rd Infantry Division. We next moved to Ft. Wolters, Texas where I took primary helicopter flight training and then to Ft. Rucker, Alabama to finish the aviation course. While waiting for an assignment to Vietnam, I was assigned to the RECON Helicopter Company at Ft. Sill, Oklahoma. Six months later, I received orders for Vietnam and served with the 12th Combat Aviation Group till the end of the war. Our next stop was Ft. Gordon, Georgia where our youngest daughter, Jennifer was born. I was an instructor and faculty advisor for the Signal Officer Basic Course and later commanded first an AIT company and then a company in the 67th Signal Battalion. After attending graduate school at the University of Oklahoma, we returned to West Point in 1976 where I served as the Tactical Officer of Company B-1 for two years and then Assistant S-1, USCC, my current assignment.

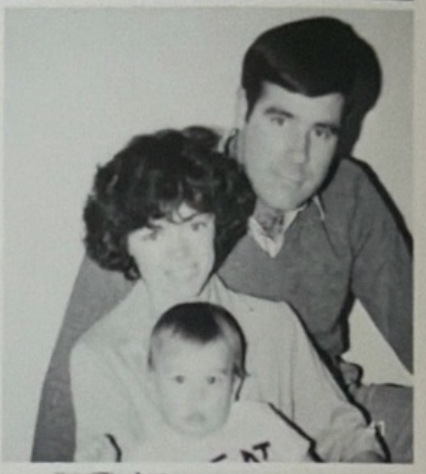
41. **Charles F. (Casey) Brower** In Oct 1969 following the Armor Basic Course, Eileen Clinton and I were married in Sagamore, Mass. and one month later joined the 2-37 Armor in Nuremberg, Germany. After 16 months as a Platoon Leader and Battalion Adjutant, I received orders to Vietnam arriving in Jun 1971 and assuming command of a troop in the 1-1 Cavalry outside of Danang. Ten months later, soon after conducting the last mounted cavalry operation in Vietnam, I returned to Fort Campbell and the 101st Airborne Division and a short, 15 month stay as the DISCOM Assistant S3. Eileen and I were happy in the summer of 1973 to move to Quantico, Virginia for the USMC Amphibious Warfare School. School with the Marines was followed by school with the civilians —two years at the University of Pennsylvania in preparation for a return to USMA's Department of History in 1976. Our past three years at West Point have been wonderful. Most importantly, Eileen and I were blessed with our first child, John Clinton, born 3 Nov 1977 in the Old Cadet Hospital.

42. **K. C. Brown** Ten years has seen an accumulation of baggage as well as a certain refinement, but I remain otherwise undaunted by the ravages of time and experience. The predictions of Cantlay, McCaslin, Whatton, and other sages to the contrary, I am still unencumbered and an unconfirmed bachelor, a situation which has allowed me to sate my wanderlust through extensive travels in Europe, the Near East and South Asia. My assignments have typified the Infantry pattern: North Carolina, Vietnam, three years in Georgia, and an extensive period in Germany, where I spent three years in Berlin followed by two years of graduate study at Maine University. In the summer of 1979 I returned to West Point, detailed as an instructor of German, and I look forward to our second decade of service with the same anticipation and enthusiasm with which our first began.

43. **Gary B. Bullock** The Bullock clan began on the 11th of June, one whole week after graduation, when Ann & I were married in Tucumcari, N.M. We didn't see much of each other that first year since Ann was finishing her final year of Nursing School at the University of New Mexico, and I was enjoying various Army schools, alternating crawling through the mud with crossword puzzles and total boredom.
Our first assignment was the 9th Engineer Bn (C) in Aschattenburg, Germany, where I was a Co. Cmdr and Bn S-3, and Ann tried to corner the market on candles and etchings. While in Germany in between field trips, our first son, Jeffrey, was born in 1971. After three years in Germany, we went on a "hardship" tour to Korea, where I was assigned to the Far East Engr District.
Finally after four years overseas, (I'd never even seen Monday Night Football!) we returned for the Advanced Course at Ft. Belvoir in 1974. From there we went to Boulder, Colorado where I attended Grad School at the University of Colorado.
In 1976, we returned to West Point, where I taught in the Dept. of Mech for three years. While at West Point, our youngest son, Ryan, was born in 1976. We are now on our way to Ft. Huachuca, AZ. (In the interest of one-upsmanship, I should point out that the house does have a swimming pool.)

44. **Gerald A. Burgess** The standard five year commitment after graduation included assignments at: Ft Benning, GA; Illesheim, Germany; Qui Nhon, Vietnam; Ft Hood, Texas; and Norfolk, VA. Military affairs concluded, I accepted a graduate teaching assistantship in political science at Old Dominion University in Norfolk. This pursuit led to award of a Master of Urban Studies degree with emphasis in public management. Job succession since then has proceeded from: Planning Coordinator of the United Drug Abuse Council, a regional planning agency; to Program Analyst with the Research Division, City of Norfolk; to, in January of 1978, Senior Program Analyst in the Office of the City Manager, City of Norfolk. Married to Karen R. Wilds on May 26, 1979, we now reside in Norfolk. Karen is a native of Virginia and is employed as Juvenile Projects Director at the Institute for Criminal Justice, a regional planning and technical assistance agency.

40



48

50

45. **William J. Burke** A familiar story: after graduation, Airborne, Ranger, Engineer Basic (1969), an engineer platoon in Germany (1970), Jungle School, and three engineer companies in Vietnam (1971). After Vietnam, "snow-bird" duty in the Pentagon before the Engineer Advanced Course at Ft. Belvoir (1972). Graduate school in Civil Engineering at the University of California, Berkeley came next (1973). Then, back to Washington, D.C. as an analyst with the Engineer Studies Group (1975) and a night school degree in business. From there back to Germany as the engineer for the 59th Ordnance Brigade (1977). Still unmarried and staying active with jogging and skiing.

46. **Gary L. Cantrell** Attended Airborne, Ranger, and IOBC at Fort Benning. Augsburg-Germany, Vietnam with 1st CAV DIV. Branch transferred to AGC and went to Advanced Course. Fort Sam Houston with Club Mgt. Agency. Resigned in Aug 74. Moved to Fort Worth and attended Texas Christian University. Received MBA from TCU in 75. Employed with McDonnell Douglas Corp as a Marketing Rep. Married Karen in July 77. Karen received BS in Special Education at TCU in 76. She teaches High School Special Education. We have a house in Fort Worth and the best bird dog in Central Texas.

47. **Jim Carpenter** Married Bonnie right after graduation. After a year of schools (Airborne, etc) we went to Germany to the 1st Signal Bn in Kaiserslautern. Our daughter Beckie was born there. After two years I went to Vietnam as a District Advisor. From RVN we went to Ft. Gordon for the Advanced Course and then spent two years at the Naval Postgraduate School in Monterey. Utilization tour has been with the Math Dept. at USMA. Our son Ben was born shortly after we arrived. We are scheduled to leave in August '79 for the Naval Command & Staff College in Newport R.I.

48. **Michael V. Carr** I was assigned for four years to the Berlin Brigade—2 yrs in the Infantry—then OJT's with the Corps of Engineers, beginning with branch transfer, promotion to CPT, assumption of Cmd 42d Engr Co (all on the same day). Then went to Korea- commanded B Co. 2d Engr Bn for all of '74. I married Susan Austin in '71—Jason Scott Carr arrived in Oct '73. I returned to career course in '75, on to grad school in '76 and then utilization tours with the Pittsburgh and Jacksonville Districts. I'm presently in the middle of the Everglades attempting to build a large civil works structure from the top down in 20 feet of water. Despite a '76 divorce, I have kept a sense of humor and as close as possible to young son. I'm enjoying life and a reasonable golf handicap and will try the civilian side of life soon if there's a decent market for bastard engineers.

49. **John Champagne** After graduation I attended graduate school in Electrical Engineering at the Univ. of Illinois. Margaret and I were married at West Point in 1970 and later went to Hanscom AFB in Boston then to Torrejon AB in Madrid, Spain. Our last residence was at Kelly AFB in San Antonio, Texas. There I got a MBA and resigned in October 1978 to take a position with Communications Satellite Corp. in Washington, D.C. We now live in Gaithersburg, MD.

50. **John K. Christian** Been thru all the usual schools (AOB, Ranger, Jump: 69; AOAC: 77) and the not so usual (RW Flite: 72). Had the usual Armor ground and avn assignments (Hood: 70 and 73-76, RVN: 70-71 and 73, Lewis: 71-71) and the not so usual: Community (equates to CONUS Post) Operations Officer for Bamberg, FRG, since May 77. Due to return to US in 80. Met and married Carol Ann Carroll at Knox in 77. Hope to get an MBA on my own, complete 3 more long tours, and then see how a 3-piece suit fits.

51. **Scott Church** Employed since 2/78 as Executive, Assistant to the President & C.E.O., Theo H. Davies & Co., LTD., Honolulu. Asst. Professor, Dept of Social Sciences, West Point 1/75-2/78. OAC Ft. Bliss, Texas 2-12/74. Co., D/1/2. ROK, 38th BDE, 2/73-3/74. Opns OFF, USAADS, H.A.M. Dept, Ft. Bliss, Texas 8/71-2/73. Harvard Business School, 9/69-6/71. Married Kim Cynthia 6/7/69, employed with Eastern Air lines thru 8/71, now is real estate salesperson with Stapleton & Associates, Honolulu. Son Blake Forrester born 12/5/72, Ft. Bliss, Texas. Outside activities include Asst Professor, Finance Chaminade University MBA program, Honolulu; Aide-de-Camp, IX Corps (Aug) USAR, Ft. DeRussey Church grandparents residing in Vienna, Virginia; Towell grandparents in Foster Village, Honolulu, Hawaii.

52. **John Clapper** The past ten years have been very rewarding and full of the Lord's blessings, in spite of all the turmoil in the world around us. After two years in the Field Artillery, I began medical school at the University of Washington in Seattle. While in medical school, I met my wife, Cynthia Gwinn of Seattle. Before I graduated we had a little red-haired boy named Jonathan.
We traveled to Honolulu, Hawaii, where we spent three years, while I did my pediatric residency at Tripler Army Medical Center. During my internship, our daughter Jennifer was born. During our stay in Hawaii, we enjoyed the sun, the Christian Fellowship of International Baptist Church, the ocean and running. I managed to complete the Honolulu Marathon on two separate occasions.
Just when we were getting used to the warm weather, I finished my residency and we were sent to Fort Knox, Kentucky, where I became the chief of Pediatrics at Iveland Army Hospital. I have since become keenly aware of the Army's doctor shortage, but enjoy the busy practice here. We have purchased our first home, which for us is a special opportunity. We look forward to the reunion.

53. **Philip A. Clark** After graduation, I went through the usual infantry medley of training, served a few months as S2, 1-505 Infantry at Ft. Bragg, and then spent a year in Vietnam with the 101st Abn Div (Ambl). I returned to the States in '71 and enjoyed an assignment with the Army Imagery Interpretation Center in Washington, D.C. Then it was off to the MI career course and to Bonn, Germany on a two-year Olmsted scholarship. The scholarship was not only an extension of formal education but also an exposure to another education system and another (although very closely related) culture. It provided for extensive travel within Europe and introduced Phil to Claudia; Claudia and I were married in Siegburg, West Germany, in June of 1976, right after Claudia had finished her studies in politics and romance languages at the University of Marburg. After the Olmsted scholarship, I had intelligence assignments in the 3d Infantry Division, where I am currently assigned.

54. **George P. Coan, Jr.** We have a wonderful family with Pam expecting our fourth child in May 1979. We are enjoying our current tour in Hawaii, serving with the 25th Infantry Division as a Battery Commander again. We have been to Germany (70-73), Korea (73-74), Ft. Sill (74-75), and Ft. Leavenworth (75-78). Our tour in Kansas was thrilling as we came to know and love the Lord there. Our children are real joys in our lives.

55. **Michael F. Colacicco** 1969: Jump school, basic course at Ft. Belvoir. Selected by BG George M. Bush to work at US Army Mobility Equipment Command in St. Louis. Met Gayle. 1970: Learned about the Engineer Logistics business as the assistant SGS/Command briefing officer and aide at MECOM. 1971: Platoon leader-A/8th Engineer Bn, 1st Cav Div in Vietnam. Division stood down—I stayed with the 3rd Brigade. Took over the engineer company (501st Engineer Company (Combat)) as a new captain. Had fun as an airmobile engineer. 1972: Married Gayle. Advanced course—Belvoir. 5 weeks on disaster relief after Hurricane Agnes. Worked at Deputy for Professional Development, MILPERCEN. 1973: University of Michigan—studied Military History and Industrial Engineering enroute to WP as an Art "P". Joseph was born. 1974: Studied hard. Michelle was born. 1975: Left U of M with MA (History) and MSE (Industrial). Reported to WP as junior member of "Art" division. Began the solemn task of moulding cadet minds. 1976: Taught Night Navigation at Buckner. Had more trouble in daylight than Gulakowski and I had in the dark. 1977: Taught ROTC Workshop in Military History. William Anthony was born. 1978: Graduated with the Class of 1978. Now assigned as Deputy Chief, EP&SD, DEH in Berlin.

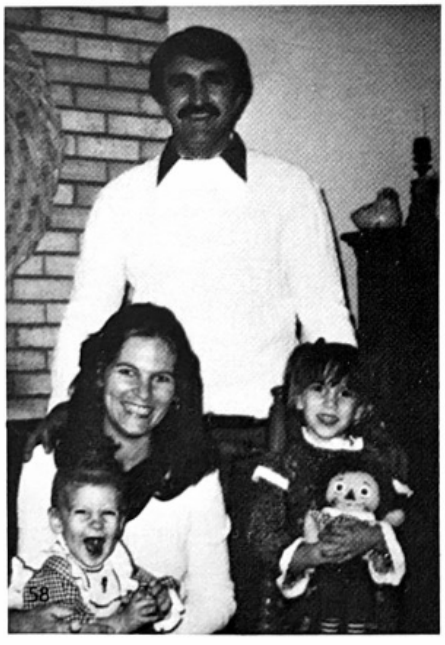
54

56. **Carl Commons** These ten years have given us three boys—Carl, Jr in Kansas in 1970, Donald in North Carolina in 1974, and Michael in Iran in 1978. EDS has had us move more than the army—coast to coast three times and around the world once. We will settle in the Dallas area at the corporate headquarters for a while and welcome visitors any time.

57. **Rene Copeland** Upon graduation took a commission in Armor Branch. Attended the initial schools and served a 2 year tour in 3rd Armor Division in Germany. Returned to attend Rotary Wing Flight School and was assigned to 1st Avn Bde in Vietnam. Returned to Ft. Bragg and served with 82nd Airborne Division. Discharged in 1974 and moved to Chicago to work for IBM as a Marketing Representatives dealing in large scale computers. Attended the University of Chicago receiving an MBA in Finance & Statistics in Sept., 1978. Currently employed by Itel Corporation as Marketing Representative dealing in large scale computers and lease financial. Member of Illinois National Guard serving as a Captain in charge of a helicopter detachment at Midway Airport. My wife, Jacqueline, is a graduate of Muhlenberg College & University of Rochester (M.A.). She is currently employed on Staff/Governor of State of Illinois. Formed Reja Design Consultants, a design service specializing in the sale of primitive art (side business). Also make jewelry as a hobby.

57

58. **Vince Corica** After FA Basic, Ranger, and Airborne, I spent a year with 82d Abn Div before going to RVN. In RVN I served with 1st Cav as Btry Cdr and Inf Bn Fire Support Officer. Onto Ft Sill for Adv. Course, then to Panama Canal Zone for command of a separate btry. After 4 years of bachelorhood, I met the "girl of my dreams," DeLynn (one of Mississippi's finest!), Branch transferred to AGC, and served as Chief of various AG Branches in Panama and Ft Campbell. I resigned 1 Mar 78 to accept a position with AT&T. This **must** be heaven! We are moving fairly frequently so please use home of record for contact.



58

59. **Joseph W. Cornelison** After FAOBC, Airborne & Ranger courses I went to Vietnam. I spent 16 months there and then came back to Fort Campbell, KY where I spent 3 years and met my wife and daughter who are from Hopkinsville KY. In 1974 I entered Georgetown University Law Center under the Army's Funded Legal Education Program. I graduated in 1977 and became a member of the D.C. bar. From 1977-1978 I was allowed to serve as a law clerk to the Honorable Oliver Gasch, Judge of the United States District Court for the District of Columbia. I began my JAG career with its BASIC course in August 1978 and arrived at Ansbeach West Germany for duty with the 1st Armored Division in November 1978.

60. **Daniel J. Cox, Jr.** The time since graduation can best be measured in terms of BL and AL—before Linda and After Linda. After graduation in the year 5 BL I was able to "enjoy" Ft. Knox, jump from perfectly good airplanes, and eat snakes in Georgia and Florida. The year 4 BL (1970) found me in Augsburg: Tanks, Frauleins, Skiing, and Beer. In 3 BL (1971) I was winning the war with the Cavalry (Chu Lai) and relaxing with the Infantry (Phu Bai). My "reward" from DA was Ft. Hood in the year 2 BL (1972). Later that year they made me an offer I could not refuse: flight school. From 1 BL (1973) through 1 AL (1975) the Cavalry and I protected Colorado from the Russians: Helicopters, Tanks, Linda, Skiing, and Beer. In 1974 a "rich" young widow and her son (Linda and Warren) had saved me (her words) from a lonely existence (again her words). The former Army Brat and I were married in the year 1 AL (1975) at the Air Force Academy (better than Navy!). In 2 AL I once again "enjoyed" Ft. Knox. The years 2 AL to 4 AL ('76'78) were spent at Harvard: Books, Skiing, and Beer. Since June of 4 AL ('78) I have been with the "Sosh" Department at Woo Poo: Cadets, Classmates, Books, Skiing, and Beer—not to mention Dandy the Yorkshire Terrier, Little League, Cub Scouts, Youth Hockey, Soccer, etc.

61. **James Cox** My biographical sketch for the last 10 years can best be expressed in three words . . . "wife and kids". Carol suffered through six-plus years with me in the Army while I tried to decide the direction of my life. When I made that decision and got out, she went to work while I became a student. During that role reversal I learned much more about our kids and grew closer to them. You "lifers" . . . I can appreciate what you are doing, but don't let your family life suffer. Each day is a precious gift in any human life and needs to be shared and treasured.

62. **Philip Coyle** Tours include Germany, Korea, Georgia Tech (MS-OR) and USMA (Math instructor). Met and married my wife, Marianne, while in Germany and now have three children- Vince (5 years), Suzanne (3 years) and Steve (2 years). Marianne is a graduate of Purdue and taught elementary education for four years.

63. **Douglas W. Craft** The last ten years have provided a full measure of health, family, friends, and successful assignments. Pam has found projects to do from Germany to Fort Leavenworth with intermediate stops at Fort Carson, Fort Knox, and West Point.
She was equally at home managing a retail store for post personnel to sell their handicrafts or entertaining a house full of Cadets. In between she gave birth to three wonderful children—Heather, Justin, and Heidi.

64. **Terence G. Craig** I married Susan Lyons the day after graduation. After the usual trips to Benning and Bragg, I was off to RVN with the Americal while Susan returned to Trinity College in D.C. to finish school. Next to Bliss where my daughter, Deborah, was born in 1972. I taught at the ADA School and commanded a unit. Then to Benning and the Advanced Course after which I resigned in 1975. I went to Berkeley, CA to start law school at U.C. while Susan got her Masters Degree in Library Science at Florida State. We now live in San Leandro, CA. Susan is a librarian at nearby St. Mary's College. I received a Master of Public Policy Degree from U.C. in 1978 and will receive my J.D. Degree in May 1979. After working as a budget analyst for U.C. for a year, I am now relaxing a bit and looking for my first job as a lawyer.

65. **William C. Crawford** Shortly after graduation, on July 12, I married Sandy Johnson and we spent our honeymoon in Key West, Florida. Then, like so many of our class, I went to Ft. Benning for Airborne, Ranger and Basic. Short assignments at Ft. Richardson, Alaska and Ft. Meade, Maryland were followed by a year in Vietnam and a three year assignment to Ft. Bragg, NC. In 1975, I resigned my commission and returned to school at Auburn University, where I obtained a degree in Chemical Engineering. Upon graduation, I accepted a position with Pfizer, Inc. as the production supervisor in charge of the Environmental Control facilities and am currently living in Wilmington, NC.
Yes, we are still involved with horses. Sandy, among other activities, gives clinics and judges dressage and three day events across the East Coast. I have taken up distance running and have recently caught the marathon fever. We are currently in the process of having a contemporary home designed and built.

66. **Donald R. Crosby** Aug 69-Oct 69 - Infantry Officers Basic Course at Ft. Benning. Nov 69-Mar 70 - Platoon Leader B Co. 2nd Bn 10th Inf 5th Div, Ft. Carson. 27 Dec 69 married the former Martha Faurot of Cornwall-on-Hudson, NY. Apr-May 70 - Attended Ranger School. Jul-Dec 70 - Attended Jungle Warfare School enroute to the Republic of Vietnam. Served as a Platoon Leader with C Co. 3/506 Inf 101st Airborne Division until injured in combat. Jan 71-Aug 72 - evacuated to Walter Reed. Worked part time on Dept. Army Staff and as Assistant Physical Evaluation Board Liaison Officer on hospital staff. Aug 72-Aug 75 - Enjoyed a tour of duty at West Point as Assistant Director of Athletics for Admissions. Had the privilege to work with National Champion Cadet Rifle Team. Also worked on our 5-yr reunion. 21 Aug 74 - Daughter, Kirsten Lee, born at West Point. Aug 75 - Retired on disability from Army. Sep 75-May 77 - Earned a Master's degree in Business Administration from the U. of Virginia. Jul 77- Present - Presently working for Cummins Engine Co. of Columbus, IN. Have held positions as Financial Analyst and Financial Control Manager. Currently working on special Manufacturing Resource Planning project. Dec 79 - Mart is scheduled to receive her Master's degree in Education from Indiana University.

67. **Dale Cross** After five years in the service including assignments at Ft. Knox, Korea, Ft. Devens, and Ft. Bragg, resigned to accept position with Rochester Telephone Corporation in Rochester, NY. Currently Product Manager of Network Services. Completed MBA degree in 1978 from Rochester Institute of Technology (Phi Kappa Phi). Active in Rochester West Point Society. Married December 26, 1970. Kelly kept active in teaching at Fayetteville, North Carolina (in a car pool with Barbara Troxell—Jeff '70).Currently trying to keep up with our two girls who are active in swimming and ballet.

68. **Robert J. DeClercq** After spending five and a half years in the Army (with tours in Germany and Vietnam), JoAnn and I, with son, Peter, settled in the Boston area. I currently work for New England Life as Manager of a Group Pension Administrative section. Eight year old Peter is a secondgrader and active in the local school soccer program, Jo Ann is a member of a local humane society and devotes time to lecturing children's group on pet and wildlife responsibilities.

62

63

65

69. **W. John Deller** Married in June 1969. Arrived in Germany in 1970. Daughter born in Germany. After Germany went to Korea and took family along. Graduate School in Counseling at U. Of Washington. Son Mark born during this time. Two years at Ft. Sill 1975-1977 at Artillery School. 1977 to present Instructor is Behavorial Sciences & Ldrship, USMA. In the Christian community at West Point.

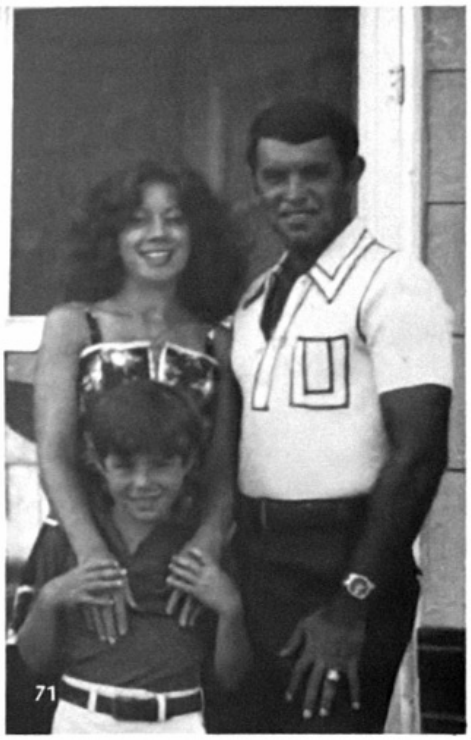
70. **George Demetriou** I was commissioned in the Field Artillery and assigned to the 82d Abn Div at Ft. Bragg, NC. On 18 Jul 71, I married Joan Thomaidis of Fort Montgomery, NY, a graduate of the State University of Oneonta. Two months after the wedding, I went to Vietnam and served with the 1/21st FA in the 1st Cav, returing in June 72 to the FA Advanced Course. While at Ft. Sill, Joan taught 4 yr olds at the Ft Sill Youth School. From St. Sill we were assigned to Ft. Campbell, KY where I commanded Btry A 3/319th FA in the 101st Air Aslt Div and Joan completed her MA in Education at Austin Peay State University. In May 75, we moved to West Point to join the Dept of Military Instruction. I served first as an instructor and then as Course Director of the Combined Arms Operations course. Theodore Michael was born in Jun 75 and Julie Marie in Oct 76. While at West Point, I completed my MBA at LIU. We joined the 8th Infantry Division Artillery in Baumholder, Germany in Apr 79.

71. **Fred Dibella** We've had a big time! Troop assignments in Tank battalions & Air Cav squadrons, indoor jobs at Armor branch & Yoosmay, & schooling at Army flight, Marine Corps "Advanced Course", the University of Virginia, and Leavenworth. All in all, over 13 house-to-house moves (for those who are counting).—Tough to keep a job these days, but we're gonna keep trying 'till we get it right . . . In between all that Army stuff: We got Brendon, our 60lb main man who could be the world's nicest kid (pleasant counterbalance to his father's disposition). Karen's juggled her time among volunteer activities, artistic endeavors, and, of course, keeping a home together between all those moves. I've tried valiantly to keep my golf game together and catch a few trout on the side—wish we could have made the reunion, but it looks like we're headed for Germany (again) this summer; please look us up if you're in town!

72. **Michael Diffley** Dear classmates:
I sincerely hope you found the mission of producing this write-up less worrisome than I did. After months of delay, I dooed the ultimate no-no, an all-nighter. Today with my tail tucked well between my legs I submit this to an English "P" (and classmate at that!) and beg forgiveness for my tardiness. Has it really been ten years?
I have learned that when you're in a bind, send your best troops forward. Ergo, I present to you Courtney and Tim to whom I owe everything that I don't already owe to my first detail squad leader. Court has worked for the past five years in Boston and New York with retarded children (what better employment of the vast patience she's developed living with me for ten years!). Tim's in the third grade, and not in the least a chip off the old engineer block: more of a poet, and a bit of a lady charmer (not much of the "old man" ther either!)
We are due to rotate from our assignment in the Department of Engineering, USMA, this summer. Where to?—Only God and our assignment officer know, and only one of them is sure.

67

69



71

66

70

73. **Gary E. Dolan** '69-70: 82 Inf. Div; 70-71: Co. C (Abn) 75 Div. (RGR) Vietnam; 71-74: Protocol Off.; Abn Inst; IOAC; 74-75: Asst. Counselor to Borough Pres. Manhattan; 75- 76: Contract Off, Criminal Justice Coord. Council, D.O.J., Wash. D.C. in NY City; 76-78: MGR, Citibank; 77: JD NY Law School Admitted in NY; 78- present: Head of Nation-wide commercial and legal services, primarily computerized litigation support, for ASPEN. We own home in Farmingdale, L.I. with plenty room for welcome company. Theresa is all star 1st grader: Joey is all boy at nursery school; Johnny, born Sept 78 is all smiles.

74. **Harry J. Dolton, Jr.** After graduation I attended FA Basic Course, Airborne and Ranger Schools. I was stationed in Vietnam from April 1970-April 1971 with the 173rd Airborne Brigade. From June 1971 to July 1974 I was stationed in Hanau, Germany with a V Corps Artillery Battalion. I then attended FA Advanced Course in 1974-75, and went to Graduate School from 1975 to 1977 at the University of North Carolina. Since July 1977 I have been assigned at USMA as an instructor in European History.

75. **Jeffrey Donaldson** After 10 months as a platoon leader and Company Commander at Ft. Carson (Jan-Aug 70) I repeated the process with the First Cavalry in Vietnam, this time for a year and a half (Oct 70- Apr 72). A year of Advanced Course (72-73), then off to Georgetown University (73-75) for a Master's in International Relations. While there I managed to convince Jan Wilson (who was doing a **much** more important job than me, and making much more money) that she should marry a soon- to-be ROTC instructor at Loyola University of Chicago (75-78). We did three years there, got transfered to Ft. Bragg and we expect our first baby in May 1979.

76. **Hugh Donohue** I had my first tour in Germany after basic, airborne and ranger schools. In 1971 I started medical school at Duke. Pat and I met during my first year there, and we were married a year later—we had met on a blind date set up by Mark Waple's wife Buff! I finished school in late 1974, interned at Letterman in 1975, and I am currently training in General Surgery at Madigan Hospital at Ft. Lewis until January 1980. Our next assignment is a mystery but should be more pleasant than a training slot. We have two girls now, Kelly and Kim. I have plans to get them out climbing in ten years or so, even though Pat is gritting her teeth at the prospect!

77. **Ned Doyle** The Doyles joined the West Point Community in June 1978 after spending two great years at Purdue University. Upon graduation Patty and I headed south for Airborne, Ranger, and IOBC schooling. We finished the "Benning Swing" and headed for Germany and the 3rd Armored Div. in March 1970, returning stateside in October 1971. We welcomed Ted aboard in January 1972, just prior to my departure for Vietnam in early March. IOAC at Ft. Benning was our next stop in March 1973. We then headed West to Ft. Carson and spent two wonderful years there prior to departing for graduate school in May 1976. The highlight of our stay at Carson was Brendan's arrival in June 1974. Completing schooling in May 1978, I joined the Department of Behavioral Sciences and Leadership. I am currently teaching Plebe Psychology and love my work. There are some old "P's" who still can't believe I'm back.

78. **Emile (Ray) Dupere** After Airborne and Infantry schools I was stationed with the Berlin Brigade in Germany until August 1971. During that time I flew back to West Point to marry Avril Elizabeth Smith of Rutherford, NJ, who I met our last year at school. From there I went to RVN, and then to Fort Bragg with the 7th Spc For Grp. I resigned in July 1973 and moved to Vermont.
In May 1972 my whole life turned around. While on a maneuvers in N.C. I trusted Jesus Christ as my personal saviour and committed my life to Him. In Vermont the Lord led my wife and I to a little Bible church where we began to grow in our faith in Christ. In June 1975 I committed myself to a life of ministry, and entered Dallas Seminary

79. **Bill DuVall** In the last ten years I've served in Engineer assignments in Thailand, Alaska, Saudi Arabia and Washington. I met my wife, Lynda, in Washington while attending the Advanced Course and we were married while I was in grad school. I earned an M.S.C.E. at MIT and am now teaching in the Mechanics Dept, USMA. Our daughter Danielle was born March 1977 at West Point. Lynda works for Facilities Engr., USMA and worked before that for the AOG.

80. **Gary Elber** Upon graduation I went to Akron, Ohio with my wife. She taught French and I was a Tire Engineer with General Tire. I was sent to Santiago, Chile in Nov 1970 and stayed till Oct 1975, having lived through the Coup D'etat of 1973 (Allende). After 9 months back in Akron my company sent us to Casablanca, Morocco where we lived for 2 years. We have a fine boy who will be 6 in March of 79 and a cute girl of 3 in May 79. Both were born in the USA and therefore can become President.

81. **Allan Lee Erb** I met my wife Barbara while attending Flight School at Ft. Rucker, Alabama in 1971-1972. I then attended Cobra Transition at Ft. Stewart in Savannah, Georgia, then went to Vietnam where I served as a Cobra pilot
After Vietnam I was stationed at Ft. Sill, Oklahoma where I served as a battery commander and as Deputy Chief of Army's Community Service, I am now attending the J. Rueban Clark Law School at Brigham Young University in Provo, Utah. Along with my Law Degree, I am currently getting my Masters in Public Administration.
Barbara and I have adopted a little girl Rachel Ann. She became legally ours on the twenty-fourth of November 1978.
We are so happy to be parents, and Barb is enjoying being a homemaker and mother.

82. **Norviel R. Eyrich** Married Kristine Joanne Thonn, 21 June 1969, Newburgh, NY, FAOBC Aug-Nov 1969. Ranger course Nov 69-Jan 70. Asst S-3, 7th Bn 16th FA, Baumholder Germany Mar-Nov 1970. XO, C BTRY, 7th Bn 16th FA Nov 70-July 1971. BC, C BTRY, 7th Bn, 16th FA, July 1971-Sept 1972. Karin Michele 15 Oct 1971. Senior RF/PF Advisor, MACV Team 36, Pleiku, RVN, Nov 1972-Feb 1973. FAOAC Mar 1973-Dec 1973, GA Inst. of Tech Jan 1974-Dec 1975, MSOR from GA Tech. Travis Norviel 1 Spril 1975. OR/SA Project Officer, DCD, USAES Jan 1976-Dec 1978. Pershing Officer Course Jan-Feb 1978. 3d Bn 84th FA (Pershing) Neckersulm, Germany March 1979 to present.

83. **Gary M. Fahl** I spent 5 years with Uncle Sam, including Vietnam and Ft. Riley, KS. The family moved to Green Bay, WI with our son, Andy, who was born in Kansas, in September 1974. Our second, Cassie was born in Minnesota. I worked for Schneider's, a trucking concern. In January of 1977, the family moved to Philadelphia, where I attended the Wharton School of Finance. Our third, Elizabeth, was born in St. Paul MN where I am currently employed with General Mills.

84. **Stephen M. Fall** Airborne, Ranger, Armor Basic (Jun 69-Jan 70) 6th ACR, Ft Meade (Feb 70-Jul 70) RVN (25th Div & 173d Abn Bde) (Aug 70-71) HQ, XVII Abn Corps, Ft Bragg, NC (Aug 71-72) Bowman Gray School of Medicine, Wake Forest Univ, Winston-Salem, NC (Sep 72-Jun 77) Walter Reed AMC (Jul 77present). Married Aug 71, Ft Meyer, VA, children born Jul 6, 73 and Jun 29, 76.

85. **Larry Feigenbaum** After resigning in June of 1974 I served as an account executive with Merrill Lynch, San Francisco, until 1977. I departed Merrill for Honeywell, where I served as an energy consultant, selling computerized systems for office buildings, schools, hospitals, and colleges. In the fall of 1978, I went to work for Crocker Bank, San Francisco, as a marketing representative for their cash management services to Fortune 500 Companies in the East. Still single, I'm vice-president of a local ski club and past member of the Board of Governors of the West Point Society of San Francisco. My main past times are skiing in the winter and road racing (running) about three times per month. I recently competed in the New York City Marathon, qualifying for entry in the 1979 Boston Marathon.

86. **Lloyd E. Fellenz, Jr.** Nancy and I were married ten days after West Point graduation at Ft. Belvoir, Virginia. After EOBC and Airborne, we found ourselves in Hanau, Germany assigned to a divisional engineer battalion. We thoroughly enjoyed Europe when we had a chance to see it. Much time was spent in the field, though. We came back to the States and the home of the Engineers, Fort Belvoir, in 1972 where I served as an EOBC Class Supervisor and staff officer for the School Brigade.
We became civilians in 1974 and headed for Tampa, Florida, for graduate school (MBA). I embarked on a career in advertising in 1976 as an account executive for a St. Petersburg agency. Recently, I switched to a young agency where potential for success is great.
Our first child, Jennifer Leigh, was born on October 19, 1978, and has brought new meaning to our lives. She really is our pride and joy.

87. **Frank R. Finch** Since June of 1969 my assignments have taken me to Benning (ABN, RGR), Belvoir (EOBC, EOAC), Fort Devens (PLT LDR, AIDE, DFAE), Vietnam (CO, Engr staff), Presidio of SF (CO), UC Berkeley (grad school), and West Point. While in California in 1977 Laura Hauschild and I were married. Classmates Burke, Commons, Feigenbaum, McBeth, Noreen, and Jay Wheeler made it to the wedding to help officiate. Now we are both enjoying our West Point assignment with many good friends around us. I teach the plebe computer course and the surveying elective for ES&GS, and Laura is working for the Hilton Hotel in Tarryton as Conference Coordinator. Good luck-see you at the 20th!

88. **Mike Fisher** There are three in the Fisher family in 1979; Edna is a Connecticut Yankee who has worked for the Aetna Life and Casualty Insurance Company in Hartford and Boston; Rebecca is Edna's daughter—an 8 year old (going on 16) who is in the third grade. We are only recently married, just less than two years at the time of this reunion. The last ten years have seen me through one tour in Vietnam, three tours in the 82nd Airborne Division, and several schooling assignments, highlighted by my current program at Harvard. Our future plans include one year of C&GSC schooling followed by a three year teaching assignment back at West Point in the Department of Social Sciences.

89. **Douglas A. Freeley** Company Commander Travis Airforce Base, Air Artillery until 1970. Attended New York Medical College 1970-74. Daughter Kelly born 1972. Internship at Walter Reed 1974-75. Flight Surgeon at Ft. Dix 1975-76. Opthamology residency 1976-79.

88

90

94

89

92

90. **John E. FitzGerald, III** I enjoyed military duty —but not enough to stay in-!—primarily in Colorado Springs, where I was fortunate to serve as a legal officer at Ft. Carson. I participated in a joint J.D.-Ph.D. program at the Univ. of PA Law School and the Wharton School and started practicing law with a Philadelphia firm (Saul, Ewing, Remick & Saul), where I also taught law courses at Penn. and Temple. I moved to Wall Street firm (Shearman & Sterling) and because I enjoyed the work, but not NYC, recently relocated to Purchase, N.Y., where I spend most of my time on corporate and finance matters - domestic and international—relating to PepsiCo's diversified businesses. I have a summer place in Worthington, Mass. where I continually plan on, but never succeed in, spending lots of free time. I am pleased with West Point's general education, and always look forward to running into Academy graduates, socially or professionally.

89

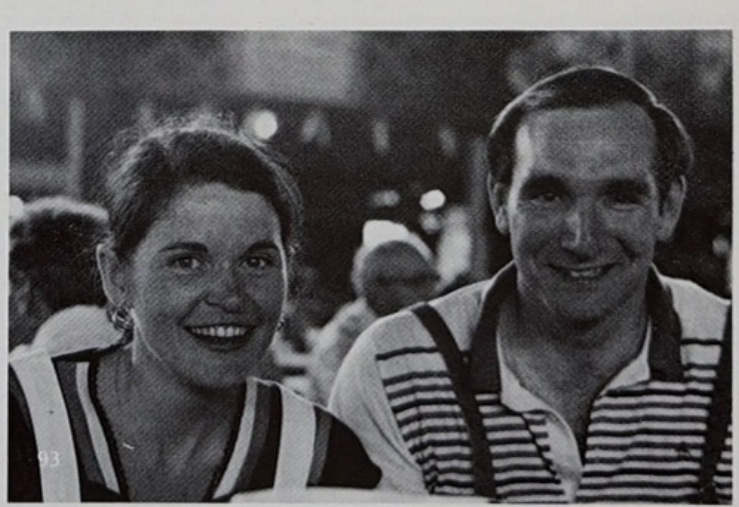
91. **Jim Foss** Following graduation and commissioning as a 2LT in Air Defense Artillery, I spent the next 4 years "PCSing," or so it seems. During this time frame I was stationed at Ft. Bliss, Ft. Benning, Germany, Ft. Wolters, Ft. Rucker, Vietnam, Ft. Bliss, Ft. Lewis (to which I arrived in 1973). I was stationed for 2 ½ years at Ft. Lewis where I met my wife, Linda, a former Army nurse, who I married in 1974. Assignments at Ft. Bliss for the Adv Course and Chicago for grad school preceded my current assignment in the Math Dept. Our daughter Jenny was born in Chicago.

92. **Gregory D. Foster** Susan and I have been in the Washington, D.C. area since I left service in Oct 75. For seven of the past ten years, Susan has been occupied full-time with Household Management, no small task in light of two boys, a cat, and a collection of household plants that rivals the National Botanical Gardens. Prior to my resignation, I negotiated the normal run of service schools, including the Marine Amphibious Warfare Course and the Armor Advanced Course, commanded two infantry companies, was an Asst G-3, worked in Inf Br, and served with the Americal Div in Vietnam. I was named to Outstanding Young Men of America in 75. I now hold master's degrees in systems management and public administration and am completing work on my doctorate in public administration from George Washington University, my dissertation dealing with foreign perceptions, the intelligence function, and bureaucracy in international conflict management. I have been in R&D management since '75 and now am Director of the Center of Security and Policy Studies of Science Applications, Inc. My involvement in politico-military studies and analyses most recently has focused on such topics as terrorism, and political/economic intelligence collection and production. I am a Reserve MOBDES in the Politico-Military Division of Army ODCSOPS; a member of the Reserve Foreign Area Officer Program, specializing in Soviet/East European affairs; a Fellow of the Inter-University Seminar on Armed Forces and Society; and, a member of the International Institute for Strategic Studies.

93. **Terence M. Freeman** After the FA Basic Course and Airborne/Ranger schools, I went to Germany and served for three years in the 2/41 FA, 3ID. I had my command time there. Then I went to Korea to become Asst Cmd S3 for the 4th U.S. Army Missile Command for 13 months. I returned to Ft. Sill for the FA Advance Course, and it was during this period that I learned that I was selected to come back to the Dept/English. It was also the time I met Kathy Lewis, and we were married on 4 October 1975. We travelled to Philadelphia where I obtained my M.A. in English at the U. of Pennsylvania. Then it was on to USMA where we are completing our second year. Kathy creates stained glass art, edits a local newsletter, and belongs to a number of clubs and organizations. I teach philosophy, coach women's team handball, work with the glee club, and prepare for my Ph.D. field exams in June.

94. **William F. Friese, Jr.** Following knee surgery at Fort Benning, M.A. and I headed for Bamberg, Germany (1970-73) where I was a Btry XO, BC & Bn S-1 for 2/78 FA. Wendy Kathleen was born in Nurmberg in '72. 1973 found me at Camp Humphreys in Korea where I was a Group S-1. M.A., Wendy, & poodle Pepper joined me & lived in Rental Guarantee Housing for 6 mos. with neighbors Ann & Bob Rowe, Pam & George Coan. 74-75 was spent at the Career Course at Ft Sill. Then onto Georgia Tech where I received a MA in ORSA. Amy Kirstine joined the family there. Atlanta was a terrific city and we hated to leave but were pleased it meant we were coming back to West Point. Since at West Point, other than teaching math, I have enjoyed my work with varsity and J.V. soccer. M.A. is active with the Red Cross as a board member and keeps busy with 2 daughters and entertaining cadets. Wendy is in the 1st grade and had her 1st taste of victory this fall when her soccer team won the championship (like father, like daughter). Both girls love the contact with cadets, as do Mom and Dad. All 4 look forward to another year & a half at W.P.

86



93

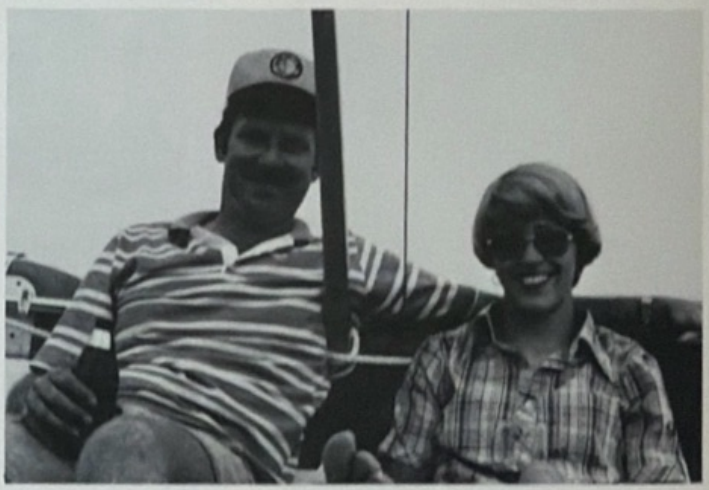
95. **Richard M. Frykman** After graduation and TDY tours at Ft. Sill for the FA Basic Course and Ft. Benning for Airborne and Ranger schools, my first assignment was in Wiesbaden, Germany with the 5/81 FA Abn.). I was forward observer, then Battery Commander of C Battery, and served as S-2 and Assistant S-3. Before leaving Germany, I was S-3 of 1/28 FA, an Honest John battalion. While in Germany I met Diane who was teaching in the American schools in Wiesbaden. In 1973 I was assigned to the 4th Missile Command at Camp Page, Korea, and finished the year as commander of HHB, 1/42FA, another Honest John unit. I returned to the States by way of the Phillipines where Diane and I were married on May 13, 1974. She had been teaching that year at Clark AFB. Our first home was Lawton, OK while I attended the FA Advanced Course. In 1975 we moved to Atlanta, GA for a two year tour at Georgia Tech where I received an MS degree in Operations Research in preparation for our assignment to West Point. Since the summer of 1977 I have been a "Math P."

96. **Bill Gagnaire** I was assigned to the 1st Bn, 13th Armor, Fort Hood, TX after completion of AOBC, Airborne and Ranger training. Completed assignments as platoon leader, company XO and Battalion S-1 before being assigned to the 2/11 ACR, Vietnam in March, 1971. Assigned as the Assistant S-3/S-3 Air for the Squadron during tour. Returned to the 1st Cavalry Division, Ft. Hood, TX in June, 1972 and assigned to the G-3 Section as Assistant Training Officer. In July, 1973 I was assigned to the 1st Bn, 13th Armor initially as Ass't S-3 and then S-4. I married my wife,Leilani, of Dallas, TX on Sept. 1, 1973 She is a Business Ed. Grad from Stephen F. Austin Nacogdoches, TX. I resigned my commission in 6/74 to attend American Flyers, a civilian flight school in Ardmore, OK. In 6/75 we moved to Dallas and I began 2 ½ yrs of flight instruction. In 2/78 I accepted a DC3 co-pilot position with Airgo Airlines, a freight carrier throughout US Upgraded to Capt. in 12/78.

97. **Craig R. Garrett** Kendy and I were married on 14 June 1969 and went to FAOBC at Ft. Sill, OK. Following a tour of duty in Berlin Germany, I attended medical school at the University of Iowa from 1971 to 1975. Kendy obtained a Master's degree in social work. Internship and residency in Internal Medicine were completed at Fitzsimmons Hospital in Denver. I was assigned at Ft. Carson in July 1978. Kendy works as a school social worker. Megan is in first grade and Evan is in Pampers.

98. **Thomas W. Garrett** I've been to the usual places, done the usual things, in the usual sequence; but have been having an unusually good time! Flew Cobras in Vietnam, Commanded a HHT and an Air Cav Troop at Fort Lewis, grad school at Duke in Counseling Psychology. Betsy has produced two fantastic little girls and is working on a third. Going to Armed Forces Staff College and coming to West Point in B.S.&L., summer '79. We're into camping and sailing and fooling around in general.

99. **S. Cary Gaylord** Married Ann Adele Kirkconnell on June 21, 1969. Completed Airborne and Ranger training in January 1970. Assigned to 3d Inf. Div. in Germany and served as Mech. Platoon leader and Aide-de-Camp. Started law school September 1971 at University of Florida and graduated June 1974. Ann received masters degree in reading from U. of Florida. Assigned to Ft. Carson, Camp Page, Korea and Homestead AFB, Florida during 3 year tour in Florida. Resigned active duty in October 1977 and presently member of firm of Brigham, Reynolds, Byrne, and Moore P.A. specializing in trial practice real property, eminent domain, and commercial litigation. Blake Hampton born June, 1977.



100. **Joe Gelineau** 2/39 FA. 3 Inf. Div. Schweinfurt, Germany 69-71. Army Aviation School, Fort Rucker 71-72. 2/17 Air Cav. 101st Airmobile, Ft. Campbell 72-74. Westinghouse Electric Corp, Steam Turbine Division Philadelphia, PA, Int'l Sales Mgr 74-present. Married Monika Meng of Trier, W. Germany in 1970. Two children. Presently working towards M.S. in Engineering Mgmt.; Dela. Army NAT. Gd - 150th Aviation BN (weekend fly boy) 1976-present.

101. **James Giacomini** The past ten years have given us many memories, travel, three beautiful children and a new civilian career. We've settled in suburbia, making a living wearing a three piece uniform instead of Army green.
Our last military assignment was at West Point, were I instructed Physics. That was perhaps our most enjoyable two years in the Army. The years before included the usual schools, a tour in Germany, and a short tour in Thailand.
We have managed to keep in touch with several of our friends still in or out of service. This reunion hopefully will get us back to see them, and those we haven't heard from over the years.
Anyone want to buy a Ford?

101

102. **Robert Glacel** It all started in June of 1969. After a roaring two months leave I reported to . . . zzzz . . . that's where I got a great deal on the Vega. The next day . . . zzzz . . . and that brings us up to the present. Our future plans include . . . .

103. **Jodie K.Glore** Married Sandy Moracco 7 June 1967. First assignment 2/30th Infantry Schweinfurt Germany. Jodie Jr. born 25 Nov 1970. Next assignment 7/506th 101st Abn. Vietnam. Infantry Advanced course 1972. Graduate School University of Oregon 1973-5. Kylie Glore born 6 July 1973. Department of Behavioral Sciences and Leadership 1975-79. Next . . .?

104. **John A. Gloriod** Following a tour with the 173rd ABN in Vietnam,I was assigned to the Florida Ranger Camp. While there, Becky and I were married in Atlanta, Georgia. We went to Chile on an exchange program for 8 months where I was a student in their Mountain Warfare School. The career course was next where Karine was born and then we were off to the 82nd ABN in late '73. Becky started her teaching career there, we bought a beach house on the outer banks, and Vivi was born just as we completed a 3-year tour. I came to Italy in '76 where I now command the only airborne battery in Europe. We have traveled extensively and enjoy living in Europe. I expect orders shortly after the reunion.

105. **Gonser, Kent R.** After the normal airborne, ranger, EOBC, and 3 month stateside getacquainted assignment, I headed to Vietnam and served with the 25th Infantry Division as a combat engineer. Upon returning to the U.S., I took command of the 1st cavalry Division bridge company (TRICAP). The company had five different types of bridging to keep up with all the different units under the TRICAP concept. This proved to be a real management and training challenge (nightmare). From there I was off to grad. school at the University of Illinois and then to the engineer district at Los Angeles. My most interesting job there was project manager for the Corp's Space Shuttle Project. The project entailed the design and construction of all roads, to allow transport of the space shuttle from it's construction site to the USAF flight test center.
From there it was back to combat engineering with the 317th Engineer Battalion in Germany. Between field exercises I returned home to marry a young lady I'd dated at school. She now works teaching the deaf children at the Frankfurt Junior High.

102

106. **Samuel R. Granett** After Airborne, Ranger and IOBC training at Ft. Benning, I was assigned to the Berlin Brigade. It was in Berlin, I met my wife to be Sharon. Vietnam followed— here I served with the 196th Inf. Bde. in DaNang and the 34 MACV Advisory Group in Plieku. After Vietnam, I completed IOAC and then it was off to Ft. Leonard Wood, Missouri. It was prior to my assignment in Ft. Wood that Sharon and I were married.
In December, 1974, Sharon and I left the service and moved to Pittsburgh, Pennsylvania. While Sharon attended the University of Pittsburgh, I went to work for Fidelity Union Life Insurance Company. I spent my initial two years in the field force as a Regional Director. In 1976, I assumed the position of head of our National Service Operators Division at our Corporate offices in Dallas. In September, 1977, my company sent me to the Harvard University School of Business Administration. Upon completion of their Executive MBA Program, I returned to Dallas where I assumed additional responsibilities, namely, additional departments in our Special Plans Division.
Sharon (Sport) will be receiving her Biology degree in May, 1979 and will be applying to Baylor Dental School this fall. We are both runners, especially Sharon who will be running her second marathon in January, 1979 in Houston.

107. **Johnnie W. Grant, Jr.** After graduation and the usual weddings it was off to Ft. Bliss and later to Germany. After Europe, flight school was the next challenge and back to Ft. Bliss where I met my wife, Margie. As you might suspect I met her at the bowling alley. We were married in September and that summer we had our son. One month later I was on my way to Korea. Graduate school at Arizona State followed after the career course. While at ASU our daughter was born. We are now at West Point and enjoying it very much.

108. **Paul D. Grant** I am currently assigned to the US Army Management Systems Support Agency in the scenic basement of the Pentagon as a Data Processing Officer. Still a signal-type, I live in a home in Woodbridge, VA, and am one of the few holdouts who has never married (thusfar). Prior assignments: Programs Officer,U-SACC- TRADOC, Ft Monroe, VA; Sig Off Adv Course, Ft Gordon, GA; Bde Sig Off, 1st Bde, 2nd Inf Div, ROK; Cdr, C Co, 122 Sig Bn, 2nd Inf Div, ROK; Cdr, Sig Ops Co-Med, 72nd Sig Bn, STRATCOM-EUR, FRG; Cdr, Sig Ops Co-Lge, 72nd Sig Bn, STRATCOM- EUR, FRG; Cdr, Trans. Ops, Co, 72nd Sig Bn, STRATCOM-EUR, FRG; Aide-de-Camp, CG, STRATCOM-EUR, FRG; Platoon Ldr, C Co., 144th Sig Bn, 4th A.D., FRG. Advanced Civil Schooling (evening): Master of Technology, Ga Sou Col, 75. MSA, Info Sys Technology, Geo Wash U, 78.

109. **William J. Gregor** After Airborne, Ranger, and Armor Basic Course, I served as a Platoon Leader at Fort Lewis prior to movement to Vietnam and duty as an Infantry and Cavalry Platoon Leaders. Upon returning I worked as an Asst GI with the 1st ID before spending two years at Yale Univ. and earning an MPHIL in Political Science. 1974 brought Armor Adv Crse then two years at Ft Riley as a Battalion ADJ and HHCCDR. Married at Ft Riley in March 1977 then moved to Dept of Social Science USMA.

110. **H. F. (Peter) Grimm III** Wounded in Vietnam with the 173rd Abn, I returned stateside to meet and marry Camilla in 1970. Four years with XVIII Abn Corps Arty at Ft. Bragg; including a stint at Btry Cmdr, A Btry, 1/73rd Arty followed; while Camilla finished UNC at Chapel Hill and went to work for Wachovia Bank. The decision to leave the Army was consummated shortly after Kelcey's birth in the summer of 1974 and the three of us spent the next year sailing aboard our Ketch from N. Carolina to the Bahamas. Back to the straight life with Lincoln Mercury Division of Ford Motor Co. in Jacksonville, FL, I have traveled extensively from Mobile, Alabama to Charleston, S.C.; and Camilla was kept busy by Lisa's coming. A promotion to the San Francisco Metro Zone brought us to Walnut Creek in 1978.

106

113

114

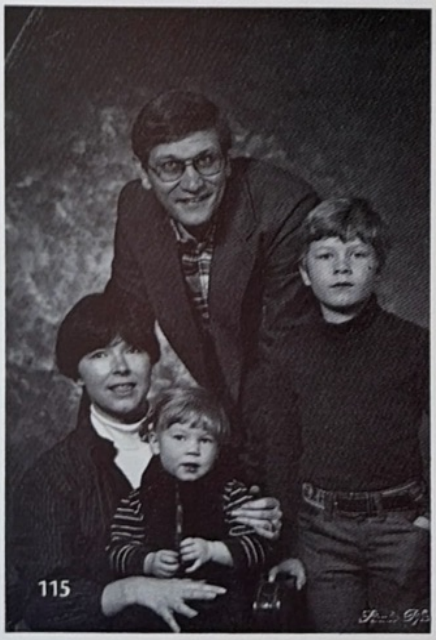
108

111. **Jack Guernsey** I decided that a military career was more enjoyable and better pursued as an avocation, and, so, after tours in Germany, Vietnam and at Ft. Carson, Colorado, I resigned my commission and entered law school. I graduated from Harvard Law School in June, 1977 and became associated with a Philadelphia law firm, where I practice in its litigation department. I have pursued his avocational interests during this time as a member of a Massachusetts, and now a Delaware National Guard unit. I am also a member of the Board of Directors of the West Point Society of Philadelphia. I married Sylvia in July 1974, five days after I resigned my commission. Today we live in a Philadelphia suburb with two children — Brian, born in October, 1977 and Megan, born in January 1979.

112

112. **Tony Guerrerio** Six years in serving in Air Defense Artillery, Ft Tilden, NY; Army War College; Korea; Ft Bliss, TX. Resigned 1975 to attend Harvard Business School; graduated in 1977 M.B.A. with distinction. Currently employed as an Operations Manager with Wall St. firm of Salomon Brothers. Currently enjoying family life in New Jersey.

113. **Robert S. Guest** I was assigned for three years in Nurnberg, West Germany, with Field Artillery Units and was a Battery XO for 6 months, Asst. BN S-3 for 6 months, and Battery Commander for 18 months. I was stationed my last year of active duty in Chun Chon, South Korea, where I was a Company Commander for 1/2 year and on Brigade Staff for the remainder of the tour. I resigned in May 1974 and came to Washington, D.C. for a Masters program in International Relations at John Hopkins School of Advanced International Studies. I graduated in May 1976, and worked at the U.S. Treasury Department. I joined AT&T Long Lines in Washington, D.C. in Oct 1976 as a Marketing Staff Supervisor; was a National Sales/Service Account Manager for 9 months before leaving in Jul 1978 for a government marketing position with Satellite Business Systems in McLean, Virginia. I married Ann Brooks in Oct 1977 and moved to Reston, Virginia, where we have a townhouse with her two children (boys 4,6) by a prior marriage. Ann works for Long & Foster Real Estate in Reston.



115

110

114. **Denis Gulakowski** Following graduation I completed the usual schooling of airborne, Ranger and the infantry basic course. I was assigned to the 4th Div. at Ft. Carson for 20 months, during which time in August of 1970 JoAnne and I were married. A year in sunny Southeast Asia for me, and for JoAnne completion of graduate work in Education, was followed by three years at Ft. Jackson where I had various command and staff experiences and JoAnne was selected to teach remedial reading in a Federally funded program. While there we were joined by Denis Joseph in 1975. In 1976 we trekked to Ft. Benning for the Advanced Course and then on to the Engineer School where I held staff jobs and Jo resumed teaching. In early 1978 Karen Michelle arrived and a short time later so did my Masters Degree in Behavioral Science. Things are again settled and I am pursuing a doctorate in psychology at Catholic University.

115. **Arnold Haake** June 69-Feb 70: Airborne, Ranger, Armor Basic
Feb 70-May 71: Platoon Leader, 3d, 3d AD, Friedberg, Germany. Married Gesine Mangels in Friedberg.
June 71-May 72: Vietnam—An Khe—1/10 Cav. Pleiku—361 AWC.
Nov 71: Karsten born
June 72-June 74: OSD Test Project, Ft. Carson, Colorado/Ft. Irwin, CA. S-4, 1/8 Inf., Ft. Carson, CO.
June 74: Resigned and moved to Friedberg, W. Germany.
Aug 74-June 76: Received MBA from Univ. of Utah in evening and weekend classes; worked part-time for a German construction company.
Aug 76-Dec 77: Joined Frankfurt branch of the Chemical Bank of New York as Analyst.
Nov 76: Rebekka born.
Jan 78-Present: Assistant Manager; direct assistant to the branch and regional manager; business development officer for Eastern Europe; permanently based in Frankfurt.

116. **Jerome R. Hackett** Married Miss Peggy Ann Webber of Alexandria, Virginia on 13 June 1970—daughter, Bryna DeAnne, born 23 June 1976 in Newburgh, NY—retired from active military service on 10 Jun 1977—employed by Bell (Telephone) Laboratories since 15 Jun 1977.

117. **Thomas M. Hall, Jr.** After Basic Infantry Schooling at Fort Benning, I spent a short (four-month) tour at Fort Bragg. I married Katy Vaughan in December 1969 just before going to Bragg. After a year in Vietnam the Americal (1st, 52d INF), transferred and I returned to Fort Campbell with the 173d ABN BDE where we stayed for three years with the 2d BN, 503d INF. After a short stay at Fort Knox cross training with the tankers, I went back to Fort Bragg for three years with the 82d & XVIII ABN Corps HQ. On Jan 2, 1977, Stacy Elizabeth joined the family. We are at Stanford now studying ELEC ENGR before returning to USMA to teach . . . Juice???! Be there in time to greet the Class of . . . 1984?

118. **Joe Halloran** Our last ten years have been as normal as most of the class. Jean grew tired of housework and became U.S. Senator from North Carolina, daughter Ann began her graduate work in nuclear physics in 1976, son Joe signed a no-cut contract with the New York Cosmos last year, and I was secretly promoted to Brigadier General in June. We are all well and look forward to a break from our mundane routine sometime soon.

119. **John R. Hamilton** Following a short stateside tour at Ft. Riley, I departed in Aug 70 for Vietnam where most of my time was spent as a troop XO with the 173d Airborne Bde. I returned in Aug 71 to Ft. Knox to be the S3 of a Cavalry Squadron in the 1st AIT Bde and later commanded a troop for eighteen months. I delayed attendance at the Advanced Course for a year to serve as a Project Officer on a special study group formed at Ft. Knox to evaluate requirements for the XM1 tank. During the course of this assignment I began work on a MS degree in Systems Management from the University of Southern California which I later completed. In June of '74 my wife, Ona, an education counselor from Louisville, and I were married. Following AOAC, Apr 76, I remained at Ft. Knox as the XM1 tank project officer for the Directorate of Combat Developments. Our son, Christopher was born in Sep 77 and in Nov 78 we departed for Germany where I began my current assignment as a Battalion Adjutant in the 1st Armored Division.

120. **Harry "Steven" Hammond** The years since graduation have been bountiful ones and Marilyn and I have been blessed beyond all expectations . . . good assignments, a beautiful family, and many endearing friendships that continue to make life so special. With this in mind we offer to you the following thought for the years ahead.

When the time
of our particular sunset comes
our thing, our accomplishment
won't really matter a great deal.
But the clarity and care
with which we have loved others
will speak with vitality
of the great gift of life
we have been for each other.
Gregory Norbet, O.S.B.
Weston Priory

121

116

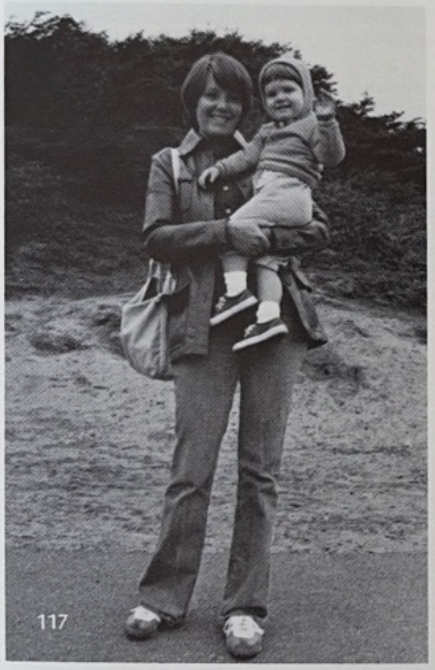
119

121. **Jay B. Haney** Feb. 1970 to Oct. 1971 assigned to 1-68 Armor, Baumholder, Germany. Held positions as Platoon Leader, XO, and Company Commander, Oct 1971 to Oct 1972 Advisor to the 9th ARVN Division. Stationed in IV Corps. Held positions as Deputy Regimental Advisor and Division Intelligence Advisor. October 1972 to August 1974 assigned to III Corps Staff, Ft. Hood, TX. Held positions with ACOFS G-5. August 1974 to Present with C & S National Bank, graduated GA State Univ. MBA (Finance). Wife, Regina is a registered nurse and is currently Charge Nurse at a Hemodialysis Clinic in Atlanta.

122. **Dutch Harmeling** Kathy and I were married on Feb 14, 1970. We went to Alaska, where I served as a Platoon Leader, Company Commander, and Bn. Adjutant in an Infantry Battalion. After 15 months in Alaska, I went to flight school. During flight school, we had the first of our two sons, D.J. (Dutch, Jr.). Upon graduation from flight school in Ap4 1972, I went to Vietnam where I was a pilot for almost 10 mos. We went to Hawaii for three beautiful years after I left Vietnam. In Hawaii, I served as the Army's Drug and Alcohol Officer for 18 mos., and Deputy Post Commander of Ft DeRussy for 18 mos. We had our second son, Paul, in Honolulu in 1975. I left the Army in March 1976 and went to work for Procter and Gamble as a sales rep. in Los Angeles. I left P&G in May 1977 and since then have been an executive recruiter with Dunhill. I am also a Captain in an Army Reserve flight unit at Los Alamitos. We love San Diego and my job is truly enjoyable and rewarding.

123. **John Harms** Our initial tour of duty was with the 32d AADCOM in Europe where I commanded a Hawk battery for 24 months and Linda taught in the dependent school system. Michele was born in August '71. In February '72 we returned to the Advanced Course at Ft. Bliss. After Ft. Bliss, Linda and Michele spent a year in the Sunshine State while I went to Korea, 38th BDE, Training Officer. Linda and I did take some leave and travelled to Bangkok, Hong Kong and Taipei during this short tour. I returned to Monterey, California and two years at the Naval Postgraduate School. I earned my masters in Operations Research. Linda enjoyed the opportunity to continue her artistic talents in pottery and macrame by teaching classes and selling her work in local shops. She also studied arabic for two years with an instructor from the Defense Language Institute. Michele was off- off to school enjoy math as a favorite subject. In addition to studying I found time for frequent trips to the golf courses in the area and began officiating high school football and basketball. We arrived at the Dept. of Mathematics in January 1977 and will be here through -June 1980. Bandi was born in July 1977 and is presently discovering the joys of moving around the house on her own. Linda, Michele and I have become avid skiers, taking lessons last and anxious to try the slopes again this year.

124. **John W. Harre** Becky and I did not want to join the crowd by getting married immediately after graduation, so we held out until July 20, 1969. We survived the first year by living on TDY as we took a grand tour of Army Schools.
Our family increased to three with Sean's arrival on March 18, 1971. After a tour in Nam we were assigned to Ft. Devens. We thoroughly enjoyed New England; and I played soldier by day and student by night in preparation for Dental School. Stephanie joined us on Nov. 15, 1977. The past year has found us in the bucolic bliss of Vint Hill Farm Sta.



117

123

120

122

125. **David D. Harvey** Graduation was closely followed by marriage and the usual five year tour of schools, Europe and Korea. Our family had grown from two to four plus a dog and cat by the time I entered the Graduate School of Business at the University of Washington in 1974. After obtaining a MBA degree in 1975 I accepted a position as the Assistant Controller to a bank in Juneau, Alaska. Our time in Alaska was devoted to outdoor activities, finishing and landscaping our house. In 1977 I returned to Seattle to manage the Cost Analysis Unit at Seattle First National Bank and work on CPA Certification. We are currently in Seattle and enjoying the "big" city atmosphere. Our future plans include remaining in the Pacific Northwest or Alaska.

126. **Len Hawley** June 1969—Married Elaine Johnson.
1969-72—Kitzingen, Germany, 1-64th Armor.
1973—Vietnam.
1973-74—Ft. Riley, KS, S-4, 2-63d Armor. Learned to sail.
1974-75—Ft. Knox, Adv. Course. Son Jason Born 1975.
1975-77—Univ of Michigan LEN—M.S. Industrial Engineering. Elain—M.S. Library Science. Jason learned to walk.
1977-Present—West Point, now an XO & Instructor in Engineering Dept. Elaine is Librarian at Ladycliff.

127. **Dennis R. Haydon** I am currently an Associate in the Merger and Acquisition Group with the Investment Banking firm of Morgan Stanley & Co. Incorporated in New York. Since graduation: 1973-75, Assistant Professor, Department of Social Sciences, USMA; 1972-1973, Supply Management Officer, MACV Saigon; Summers, 1973-1974, Special Assistant to Governor John E. Sheehan, Board of Governors of the Federal Reserve System; June 1971-June 1972, Consultant to the President, Coolidge Bank and Trust Company, Watertown, Massachusetts; 1969-1970, Platoon Leader and Executive Officer, Sixth Armored Cavalry Regiment, Fort Meade, Maryland. Received Master in Business Administration, June 1972, Harvard Graduate School of Business Administration. Kris is currently attending Columbia University's Master's Program in Special Education, in addition to taking care of our 6 month old son, Geoffrey Bradford. Kris received her B.A. in Special Education from Boston University in 1972 and conducted the Special Education Program in the Highland Falls Schools 1973-1975.

128. **David W. Hayes** The first nonschool assignment I had was in Vietnam with the 173rd Abn Bde. This was followed by tours at Ft. Campbell (101st Abn Div), Ft. Sill and Ft. Devens (the Army's best kept secret). I then went to Babson College, near Boston, and graduated in '76 with an MBA. I'm now with Texas Instruments in Attleboro, MA.
Chris and I met in March '77 at a party in Boston. She's a '74 graduate from Wheaton College and was, at the time we met, in the administration at Harvard University. She had intended to join the Peace Corps last year but instead we wound up getting married in July of '78.
In August '78 we toured the Soviet Union with my rugby club. In addition to playing in the first Soviet/American Rugby match, it was fascinating cultural experience—makes you **really** believe in free enterprise. We're presently living out in the sticks, 30 miles SW of Boston; we're surrounded by trees, dogs, and cats, and love it.

129. **Peter Heesch, Jr.** 1970- 2/508th In (ARN) Bn - Ft. Bragg
1970-1971 - 2d BN 6th In - Vietnam
1971-1973 - 1st Bn 2d In - Ft. Riley 29 Dec 1973 - married Marcy Byrne at Ft. Riley, Kansas
1973-1973 - IOAC - Ft. Benning
1974- 1976 - MA from Middlebury College (Mainz University, Germany)
1976-1979 - Instructor of German, USMA-/Coach - Officer Representative of West Point Swim Team

125

25

128

132

130. **Howard Hellerstedt** married Barb Erikson the month after graduation in St. Paul, Minnesota. After the initial round of Army schools we went to Europe where I was assigned as an Engineer Platoon Leader. In Dec 1970, Barb returned to Minnesota while I spent a year in Vietnam as a Platoon Leader and Company Commander. Our first son, Mark, was born at Ft Belvoir while I was in the Advanced Course. After a year of graduate study at the Univ. of Illinois, we returned to Germany in Jan 74 to begin what was to become a 4 1/2 year tour. During that tour I was a Project Coordinator with Engineer Command, an Engineer Staff Officer at USAREUR, a Company Commander and Battalion Operations Officer in Hanau. While I earned another advanced degree at night school, Barb raised two boys. Our second son, Ryan was born in Heidelberg in 1975. In Jun 78 we enjoyed three short weeks visiting in the States enroute from Germany to Australia where I am an Operations Officer on the Personnel Exchange Program with the Royal Australia Engineers. We reside near Sydney, an "international" family with our third son, Jeffrey, born there in Aug 78.

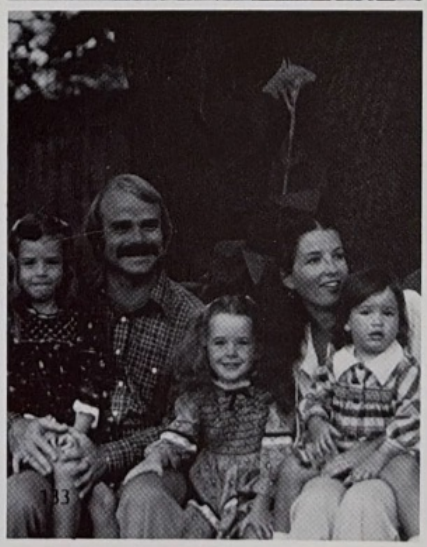
131. **Dennis E. Helsel** My wife and I were married on 30 May 1970. After two wonderful months, I was off to Vietnam. Upon my return, Sue and I moved to Fort Devens where we eventually had to survive another short tour, that of a company commander. Winter months, however, are not conducive for all work and no play. So unto us a child was born. We then left for DIS in Washington, D.C. where I spent a year then it was off to Penn State where I received my Masters in Mathematics, celebrated the birth of our second boy, and did a lot of bass fishing. Sue and I are now at the Academy, where in addition to teaching math, we are both totally committed to Army Athletics. Even Michael and Christopher are paying their way by serving as batboys for the Women's Softball Team. But now we await the news of my pending resignation, so we can begin a new career as coach and nurse. God bless you all!

132. **Thomas F. Hendrickson** Following Basic and Ranger School we spent 4 years in Germany. Assignments varied there from Assistant Resident Engineer, Bitburg AFB and Plt Leader, CO and S4 249th Engr Bn, Karlsrvne. Spent 2 years at UC Davis for an M.S. in Applied Science. Following graduate school I spent one year in Korea assigned to the District Engineer's Office, Souel. Presently instructing Physics at USMA. My son was born while we were in Germany and my daughter was born in California 9 days after I left for Korea. Family interests have turned to skiing while in W.P. and Demi keeps herself busy sewing, playing piano and many activities including volunteer work at the Hospital.

131

129

131



133

133. **Ronald J. Herbert** After Field Artillery Basic, I was assigned to Fort Hood, TX in an Artillery unit for two years. I married Peggy O'Connor (of Long Island, NY) in June 1970 at West Point. I served with CORDS, MACV Vietnam from Nov 71-Nov 72. From Nov 72-Dec 74, I was the Army Englistment Officer in Memphis, TN. Peg & I had our first two daughters, Erin and Nicole, in Memphis. After resigning my commission, we moved to New Orleans, LA after I took a position with M Merrill Lynch Pierce, Fenner & Smith. I've been an Account Executive with that firm since. Our third daughter, Suzanne, was born in New Orleans in Dec '76. Peggy does part-time artwork and looks forward to teaching again once the children are older. I currently teach a course at Tulane University on Investments. I also serve as President of the West Point Society of the Mid-Gulf.

134. **Stephen L. Herbert** Lorraine and I were married after graduation and after a year in various Signal Schools went to Germany. I was assigned to the 16th Signal Battalion, Butzbalh, Germany, and later Special Troops, Heidelberg. We had a great 3 1/2 years in Europe. In 1974 I was transferred to Korea were Lorraine worked as an English tutor and I was on the UNC/Eighth Army Signal Staff. We returned to Aberdeen, MD in 1975, prior to leaving the Army for the Harvard Business School from which I graduated in June 1977. I joined Corning Glass Works in Corning NY and am now a Plant Controller for a plant in Harrodsburg, KY. Sarah, our daughter, was born in January, 1978.

135. **John Hesson** Married on June 7, 1969 and assigned to Ft. Wainwright, AK. after various Army schools (Airborne, Ranger, etc). Daughter born in Alaska, in January '70. Assigned to Vietnam in Sep '72. Son born in Baltimore Dec. '72. Assigned to Operational Test & Evaluation Agency, Apr '73. Then Engr. Advanced Course, Grad School (Johns Hospital) and USMA.

136. **David W. Hill** After being married on June 14, 1969, Leslie and I spent five (5) wonderful weeks traveling across the Northern U.S. and Canada. A heavy raft platoon in the 24th (later 16th) Engr Bn in Nurnberg, Germany provided my first taste of the real Army with eleven (11) of the last ARCE's in the Army inventory. Following a short stint as XO of the bridge company, I commanded Co. B for 13 months. By this time, Leslie had fought her way into a full-time job teaching sixth grade in the Nurnberg American School. Having fallen in love with Europe and Germany, I arranged a transfer to the local District Engineers Office where I spent 2 1/2 more wonderful years trying to make the Army facilities in North Bavaria livable. I also found time to earn a Master's in Business Administration at night.
I resigned in August, 1974 to start law school at George Washington University. I completed law school in December 1976 by going summers, and worked as a technical advisor to Chief Judge Howard Markey of the U.S. Court of Customs and Patent Appeals from August, 1976 to July, 1977. I then joined Finnegan, Henderson, Farabow and Garrett of Washington, D.C. Our son, Trevor, born on the day of my patent law final exam in 1975, is three (3), and we are expecting our second child during the 10 year reunion in June
Leslie is completing another degree at University of Maryland in Interior Design and plans a new design career.

137. **James H. Hillebrand** Lynn's patience prevailed, and she and I were married at West Point in 1970. After only a few weeks together, I spent '70-'71 in RVN with the 101st Abn Div. The enjoyable surroundings of the Colorado Rockies were our first "home" at my next assignment with the 4th Inf. Division. Our first daughter, Heather, was born in 1972. In 1974, I left the Army and those beautiful ski slopes for the lure of business in Chicago's Loop. I have been marketing computer services for the McDonnell Douglas Automation Company (MCAUTO) since 1975. For the past 3 years, Lynn and I have enjoyed mid-winter Caribbean vacations at company expense for attaining my 100% sales Goals. Our first 10 years have been healthy, happy and prosperous — we look forward to our 20-year reunion!

138. **David A. Hines, Jr.** After tours flying KC-135's, OV-10's, T-37's, and T-38's (in that order), the Air Force decided I needed an education, so off to grad school. (Get out the bag of nickels.) While serving as a T-37 instructor pilot in Arizona, I met and married Tonya and we are currently trying to keep up with two junior sports fanatics.

139. **Dennis Hitzeman** Graduated Jun 4, married Jun 5, honeymooned in Miorca, Spain with Kuhn, Yaap, Sowa, and, o yeah, our wives. Ft. Benning schools, 2 years Alaska, 1 year Vietnam, commanded Infantry companies at both. Career Course in 1973, and off to a 6-year hardship tour in Miami, MBA and ROTC duty. Left active duty 1 Jan 79. Account executive with Burger King, building restaurants in California, Oregon, Washington, Idaho, Montana, and Alaska. Moving to San Jose, CA in June of '79. Reserve duty with Civil Affairs — looking for West Point Liaison Officer position on west coast. Been with the Yerks' for 12 of the past 15 years — will take any offers.

140. **Howard H. Hoege, Jr.** Sue and I spent 1969-70 at Ft. Bliss while I completed the officer's basic course and joined the 2/60 Arty which was preparing to move to Germany. Our 4 year tour in Germany found me serving with the 2/60 Arty at Ramstein Air Base and the Hq. 32d AADCOM in Kaiserslautern. I earned my M.B.A. at the U. of Utah European Division. Our children, Howard and Donna (now 8 and 5 1/2), were born during the European tour.
I left the service in 1974 and took a position with Exxon in New Jersey. In spring of 1978, I became the Employee Relations Section Head at the Exxon Research and Development Labs in Baton Rouge, Louisiana, so the family made its first corporate move to the South. Sue (a registered nurse) is currently a student at L.S.U.

141. **David G. Hofstetter** Ten years sound like an awfully long time, but, in fact, it is just a very brief period. I certainly do not know where the time has gone but, suffice it to say, it has been just fantastic. A 16-month assignment in Germany with bratwurst and beer and a little artillery was undoubtedly an outstanding initiation to the Army. Then those nine months of fun and frolic in flight school were interrupted only intermittently by brief moments of stark terror in the cockpit. In an effort to utilize my new skill, that garden spot of Kentucky, lowly Ft Campbell and the 101st Airborne Division, were next on the agenda but only for one relatively enjoyable year. This brief foray was followed by another nine months at picturesque Ft Sill where the true definition of partying was closely adhered to. I then received my call to keep our great US of A from falling into the grasp of the dreaded yellow horde for one long, long year in Korea. As a reward for my dedicated service, the "Green Machine" assigned me to the Aviation Division, HQ Forces Command, Atlanta, GA—not a bad deal at all. I have now spent almost four years in "Hot Lanta" and have been through the thick and thin with its professional sports teams. It looks like now, however, the Flames, Falcons, and Hawks will dutifully reward my decision to remain in Atlanta for an additional 18 months of graduate school. I am scheduled to receive an MBA as a full-time student enroute back to West Point. I am thoroughly looking forward to more of the same fun and frolic in the near future in Atlanta—you all come on down and see a game.

142. **Roger Hoopengardner** In July '69 I married Bonnie Page of Goodlettsville, Tenn. Our first assignment was Fort Carson, Colorado where I served as a FA Btry XO, CO and Ass't S-3. I went to Vietnam in November 1971 and returned November 1972. After attending the FA Advanced Course, I was assigned to Allentown, PA with the Recruiting Command. Our son, Andy, joined us in December 1974. December 1975 found us heading for Germany where we spent 3 years with the 2d ACR. Our daughter, Sara, arrived in August 1978. December 1978 has us enroute to Graduate School in OR/SA at Georgia Tech in Atlanta.

143. **Daniel W. Horne** Following graduation, I married Susan Greenwald in Atlanta,Georgia. We went to Ft. Sill for the artillery officer's basic course and then to Ft. Benning. My first assignment was Vietnam, where I served as a forward observer, artillery liaison officer, and firing battery XO. I was then sent to Ft. Carson where I served in an 8-in battalion as battalion fire direction officer and later HQ's battery CO. After going to night school to meet my prerequisitions for medical school I was accepted to Emory University Medical School in Atlanta. My son was born (1972) at Ft. Carson. We then had two girls in Atlanta, Liza (1973) and Maggie (1976). After graduation we moved to Denver (1977) where I completed my surgical internship at Fitzsimons Army Medical Center. At present we are still at Fitzsimons, where I am doing a 4 year residency in Urology.

144. **Ronald P. Hudak** I was branched MSC due to a physical profile. After an initial assignment in a medical battalion, I have become a health care administrator. I've had assignments in hospitals, CHAMPUS and the Office of The Surgeon General. While in Washington, I attended George Washington Univ. at night and completed a law degree in December 1978. In September 1979, I will be attending the Baylor Univ. master's degree program in health care administration. I am married to an Army nurse. We have no children.

145. **Ronald L. Hunt** After my initial assignment at Ft. Lewis, where I met my wife-to-be, I spent six months with the 11th ACR in Vietnam and 14 months with Brooke Army Medical Center in San Antonio. Sue and I were married shortly before my disability retirement. We attended Texas A & M where Sue completed her B.A. and I received my Masters in Computer Science. After graduation, we moved to Seattle where I worked as a Software Engineer for Boeing. Kimberly was born in Oct 74. After having a few medical problems, we moved about 80 miles north to Burlington, where we have built a house and hope to settle more or less permanently. Jason completed our family in February 1977. We are currently spending our time clearing brush, prying boulders out of what someday will be a yard, and taking care of a few assorted animals. We would welcome a visit from anyone who happens to be in the area.

146. **Dennis Hutchinson** I got married after graduation. We were assigned to Germany from 1969-72, then assigned to Korea from 1973 to Jan 1974. Upon returning to state I was assigned to Adv. Course in El Paso where we adopted our second daughter. I went to graduate school at N.P.G. in Monterey, Calif. We reported to West Point in Jan 1977. We adopted our son Adam in Oct 1977.

147. **John J. Inselman** Since graduation I have been to schools at Ft Benning, served in units at Ft Riley and in Vietnam, worked in the Ranger Dept. at Ft. Benning, completed flight school, served three years at Ft Lewis, attended IOAC, and am currently serving in Geramny. I married Maria in 1971. We have a son, Christopher, 7, and a daughter, Laura, 4.

148. **James P. Isenhower, Jr.** Peg and I were married in Chatham, NJ three days after graduation and spent summer leave baby-sitting an uncle's farm. After Fort Benning schooling, we had a very enjoyable tour in Europe with the 3d ID. Returned to the states for flight school in late '71. After "closing down" RVN in '73, we enjoyed two years at Fort Rucker on the school/center staff. AOAC at Fort Knox was followed by a super tour at Fort Lewis with the 9th ID. We really like the Great NW! AFSC was our next stop, and current location. I will go to Korea to command 213 AVN Co. in June '79. Kids are in third and first grades. Peg stays very busy with social activities (and a little housework!)

149. **Robert Ivany** I spent the three years after graduation in a number of Armor assignments at Ft. Lewis, Vietnam, and Ft. Knox. I met Marianne O'Donnell on a trip home to Cleveland, Ohio in 1972 while serving in Washington, D.C. We were married in July 1973 and departed for the Advanced Course at Ft. Knox. Leaving many friends we left for the University of Wisconsin in Madison where we enjoyed the beer, bratwurst and college atmosphere. Christopher brightened our lives in November 1975. I joined the History Department at West Point in 1976. We both enjoyed the life and activities at the Academy where Mark was born in 1978 bringing much happiness with him.

150. **Karl F. Ivey**

151. **Robert N. Jannarone** After fulfilling my military obligation, I accepted a position with Dupont's Photo Products Dept in Rochester, NY, where I'm now a Supervisor of Film Coating. I married the former Diane Davison, of Webster, NY and we have a baby daughter, Barbara Anne. My reserve assignment is an Admissions Representative for USMA.

152. **Richard S. Jarman** I took a commission in the AirForce and completed pilot training in 1970. Just prior to flight school I had met Jane, a former professional model and fashion buyer. We dated throughout and were married just prior to my first PCS assignment. I was in KC135's and our permanent assignment was in upper Michigan, although I rotated in and out of Southeast Asia, Alaska, and much of Europe. We elected to leave the AirForce after 5 years, and I accepted a position as a Designer with Butler Mfg, leading fabricator of steel for buildings, rail cars, solar energy, farm equipment, and irrigation. Completed a Masters Degree in Operations Research and requirements for registration as a professional Engineer. Since joining Butler I've held positions as career processing manager (career), quotation manager, and now pricing manager. Jane is very active in civic work, holding several key positions in a number of organizations. We have two great kids, enjoy our community involvement, and fit in what tennis we can.

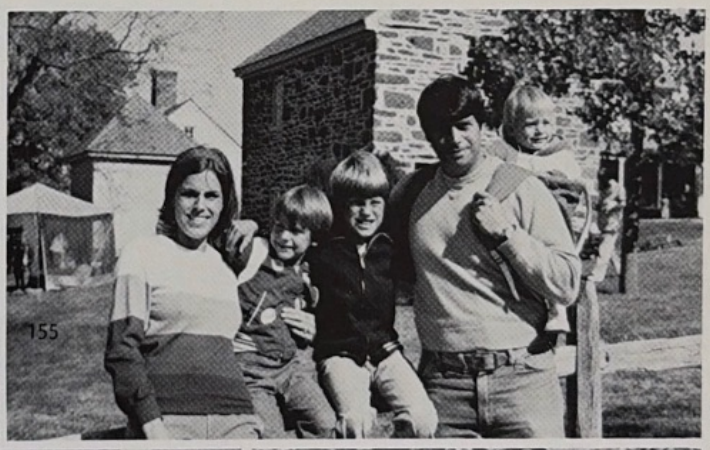
153. **Charlie Jarvis** Charlie and Cheryl Jarvis Daughter-Janine is 5 years old. Son-Jonathan is 2 years old.
I left the service in June 1974. The last five years I have worked for Thayer Advertising Company, Blackwood, New Jersey. Job Title: Director of Operations. Company specializes in advertising campaigns for banks and S/L's (Savings & Loans) throughout the U.S. and Canada.
Met my wife, Cheryl, who is Canadian, while stationed in Germany. I have been married since June, 1972.

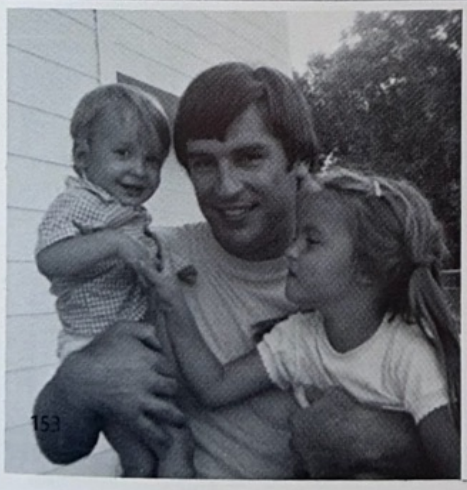
154. **Douglas J. Jeffrey** Army life was spent mostly overseas. A tour in Germany was a great opportunity for travel. A short tour in Korea proved to be an adventure which included a trip through the Far East and a MASH helicopter ride to the Seoul Hospital for the birth of Tamara. The Advanced Course in Oklahoma was where we opted for civilian life. In 1975 we made our move to Nanuet, NY and I joined Merrill Lynch. From the brokerage business I moved to Interactive Data Corporation and began marketing computer time sharing. Right about the same time Galina decided it was time to go back to work. Citibank hired her and commuting to Manhattan became a family affair. December 1978 finds us happy in Suburbia. Doug is managing a Branch for Interactive Data Corporation. Galina has become a Bank Official and is managing regional communications. Tamara just celebrated her 5th birthday and is thoroughly enjoying kindergarten. Ten years certainly did fly by!!

155. **Bob Jenkins** Following IOBC I stuck around just long enough to get married (Jan. 10 1970) before leaving for a tour of duty in Germany. From Jan. 1970 through June 1971 I was an Infantry Platoon Leader in Wildflecken, Germany. In June 1971 I officially joined the Military Police and was moved to Schweinfurt, Germany to serve as Provost Marshal until December 1972. While there Terry and I welcomed our first son, James John born Jan 31st 1972. January through December 1973 I was Provost Marshal at Camp Page, Chun Chon, Korea. Terry and Jimmy accompanied me, and had a great time having a new wardrobe made and learning Ty Kwon Do. In Jan. 1974 I joined the 532nd MP Battalion, Ft. Dix, NJ. Son #2, Shawn Robert, was born there March 17th, 1975. In July 1975 I separated from the Army and accepted a sales position with Purolator Courier Corp. in the NJ-Penn. area. We moved into our first house in Willingboro, NJ. One year later, I was moved to Virginia where I am the District Manager for Purolator in Alexandria. We live with sons, Jimmy, Shawn, and Adam (born Oct. 10, 1977) in a house in Chantilly, Virginia.

156. **Bill Johnsmeyer** During the past ten years I have had a typical list of assignments for an infantry 69'er. This includes Germany, Vietnam, and the U.S., respectively. Fortunately, this has allowed me to cross paths with many of you. Following my last troop assignment with the 101st Airborne Division, I attended graduate school at Purdue University. I am now on the faculty at West Point in the Department of Behavioral Sciences and Leadership. The best part of my ten years has been the last five since I married Susan. We have a 2 1/2 year old son who thinks he is vying for "Army's Best Fan."

157. **James H. Johnson** After the normal Armor basic and Ranger program, was assigned to B 4/12 Cav. at Ft. Carson, CO. Then on to E/1 Cav., Americal, RVN, for extended practical field exercises. After a branch transfer to Engineers in 71, went to 20th Engr Bn, Ft. Campbell, KY, as S-1 and Eqpt Off. Married to Becky Champion of Greenbrier, TN, in June 1972, then off to Okinawa for an 18 month honeymoon on what was then the Army's best kept secret. A final assignment at Ft. Lewis, WA, the Army's wettest secret, capped my military career, and I joined the engineering department of Michelin Tire Corp in San Francisco in 1975. After two years with the French, joined the Japenese in Torrance, CA, in the engineering department of Bridgestone Tire Company. I am currently responsible for the tech/legal defense of products' liability





158. **James M. Johnson** Since graduation I have followed a fairly standard career pattern for a junior field artillery officer. After FAOBC, Airborne, and Ranger School, Lois and I—joined by Kristin in 1971—spent three years in Baumholder, Germany, with the 1-2 FA. The highlight of this tour was being battery commander of B Battery (155 SP). From 1973 to 1974, I served in Korea with the 1-38 FA—nine months as Headquarters Battery Commander—while Lois and Kristin lived at Stewart Annex, New York. After a year at Ft. Sill for the Advanced Course, we then moved to Durham, NC, where I earned a Master of Arts degree and completed most of the requirements for a Ph.D. in history at Duke University. Adam was born there in 1975. Since 1977 we have been at West Point. I am teaching Military Art, and Lois is completing her baccalaureate degree at SUNY, New Paltz, in speech and hearing pathology.

159. **James H. Johnston** Following the standard junior Infantry officer career pattern (Georgia, Europe, Southeast Asia) we migrated to Fort Hood where I tested new tactical organizations and systems (including the M60A2 tank).
During the Advanced Course we went to the dogs—showing, field trialing and hunting Brittany Spaniels in the Quail belt of Georgia. After remaining as permanent party at the Infantry Center, the Johnston Clan returned to school: Barb to undergrad, Jim to grad and Nicole to grade. Barb received her AA in Laboratory Technology while I completed my MSE at Johns Hopkins. Nicole advanced through third grade, Brownies, gymnastics, summer camp in New Hampshire and all had a healthy taste of rural living with bird dogs and a horse. The canine caper paid off, as Barb finished a show champion, my field trialing was reaping ribbons, and we began breeding championship pups.
My engineering degree landed me a job working in my alternate specialty for the Chief of Engineers. Barb is a lab tech for Hazleton Laboratories, a national biological research firm in Northern Virginia. Nicole is showing an interest in music, wildlife, and jumping horses. We all are enjoying the best of both world's having moved to a suburban development in near-rural Manassas (Bull Run for you Yankees).

160. **P. Gregory Jones** Armor Basic, Airborne, Ranger in the Winter, then of all things, Platoon Leader A Co. 75 Rangers at Hood Flight School in Texas and Alabama, last class to go TDY all the way. Cobra school in Savannah and Scout School at Knox. RVN in '72—Cobras for the 1st Cav and F Troop 4th Cav. in I CORP. Platoon Leader Air Cav. Troop, 3d ACR at Bliss. Then out the Door in '74 for Law school in Sacramento, California. I am now an attorney in Ft. Lauderdale, FL. Loving it. All you Yankees come on down and see me.

161. **William L. Jones** There's nothing like summing up ten years of one's life in 200 words or less, unless you're a cadet with a writing requirement. We've been to Germany for three years, Korea for a year (for Bill, unaccompanied), the Advanced Course at Ft. Sill for a year, Grad school at MIT in Boston, and a teaching assignment in the Math Department at West Point. We're all well, happy, and certainly not wealthy. It's taken 10 years to find out that in the Army, there is not necessarily sobriety, but promotions are very slow. Let's hope the next ten are as interesting as these past ten.

162. **James S. Kenady** Left Army in July 1974 to work for McGaw, a hospital supply company. Actively interested in softball (slow pitch) which I play all year round in this great California sunshine! Son, Jason, is my biggest fan! Presently spending most of our time on our new home--wall-papering, painting. If you're ever out our way, please stop in and say, "Hello"!

158

159

161

166

163. **Daniel E. Kersey** Cindy and I were married the day after graduation and reported to Ft. Benning in August for the usual round of Airborne, Ranger and IOBC. In February of '70 we went to Ft. Bragg for the "short tour before the short tour." We spent four months at Ft. Bragg with the 2/325th Infantry and went back to West Point to support the summer training for three months; then off to Vietnam. Cindy went back to Florida to teach and I went to the 2/17th Cav, 101st Airborne Division where I was an aero-flight platoon leader for eight months and commanded the ground cav. troop for four months. From RVN I passed through CONUS, collected Cindy, and off to Germany. In the midst of a 21 months mech company command our son Billy arrived. Then came 15 months with the 1st Armored Division G-3 Training shop, back to Benning for IOAC and then back to Bragg. We've been here over three years and have been blessed with a daughter Kimberly. I have also been blessed with my third company command. Cindy and I should be in a new assignment by reunion time, but MILPERCEN is being especially secretive about where it will be.

164. **Paul Kessenich** We married August 30, 1969 in Milwaukee. After Airborne School I returned to Ft. Benning for AOBC, then went to Bamberg, West Germany for 18 months as Platoon Leader and Executive Officer. From there to DaNang for 8 months as SGS for DaNang Support Command, and I spent my final 2 service years as a Company Commander at Ft. Riley, Kansas with the 138th Engineer Group. My wife, Ann, provided us with a daughter, Maureen, in Bamberg and a son, Andrew, at Ft. Riley. After due deliberation, I joined McDonnell Douglas Automation Company in June 1974 as a Marketing Associate in Chicago. Following a 9-month training program, primarily at the St. Louis Hdqts, I became a Marketing Representative selling Data Processing services out of the Chicago office. In May 1976, we moved to St. Louis, where I was promoted to Senior Marketing Representative covering a single major account. In February 1978 I accepted a similar marketing position with Consumer Systems, A.D.P. Consulting Firm back in Chicago. I am currently working in Oak Brook and living in Hinsdale. Our third child, Katie was born in September 1975.

165. **Lewis M. Killian, Jr.** Following graduation and schooling, I was assigned to the 25th Inf Div RVN. After 6 mos, I was reassigned to the 173d ABN BDE and thereafter to MACV. After returning to CONUS, I went to Ft. Sill, OK where I served with the 75th FA Gp until the fall of 1973 when I entered law school at FSU under the JAGC Excess Leave program. In Nov 1972, I married Patricia Rhodes of Moore, OK. Following graduation from law school in June 1976, I was assigned to the JAG Office at Ft. Eustis, VA.

166. **Robert M. Kimmitt** My first five years in the service were rather typical, while the last five have been a bit unusual. Basic, Airborne, and Ranger were followed by seventeen months with C Battery, 3-319 FA, 173rd Airborne Brigade in Vietnam. We returned to Ft. Campbell, Kentucky, in August 1971, and I remained with the battery until July 1972. A year of studies and rugby at the advanced course at Ft. Sill was to have been followed by an Olmsted Scholarship in Heidelberg, but I decided instead to return to Ft. Campbell as assistant G-1 in the 101st Airborne Division.

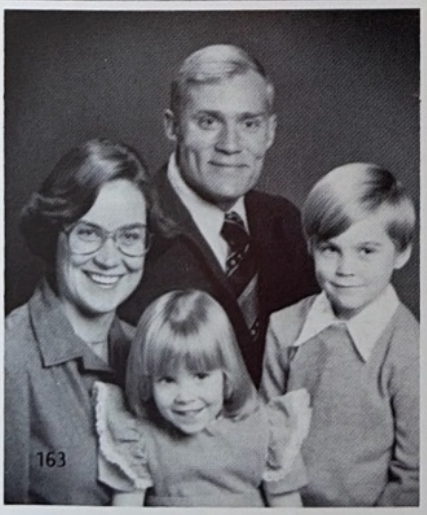
I left Ft. Campbell in August 1974 for law school at Georgetown University in Washington. I worked in the Office of the Chief of Legislative Liaison during the summer of 1975, and with the National Security Council during the summer of 1976. I remained with the NSC during my last year of law school, leaving in August 1977 for a clerkship with Judge Tamm of the U.S. Court of Appeals. In July 1978, I returned to the NSC as its Staff Counsel.

The highlight of my decade came on May 19, 1979, when Holly Sutherland and I were married at West Point.

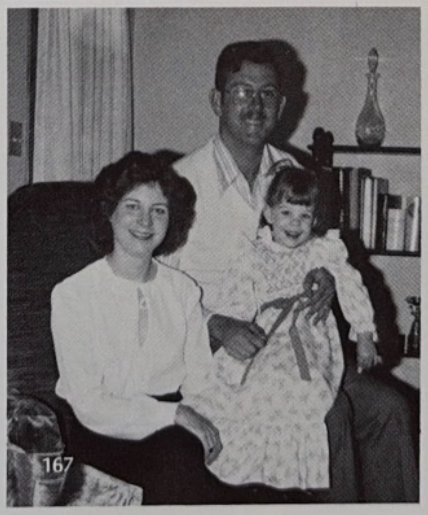
167. **Bernard F. King** Hello from Ft. Campbell. Ten years have found us traveling--all over the South. Following Airborne, Ranger and Jumpmaster I had a short tour at Bragg, a year in Vietnam with the Americal, and back to Bragg. Mary Ellen joined me there. On to Flight School in Texas and Alabama included completion of my private fixed wing license. Three years at Ft. Benning brought us our darling Julie, and my Masters Degree in Education from Georgia State. Our three years at Ft. Campbell are almost up (Jan 79)

162

164



163



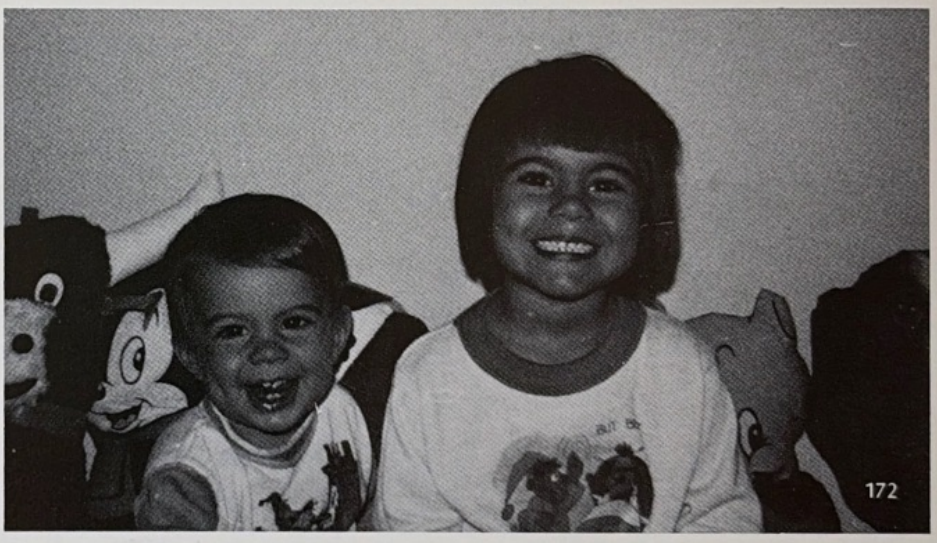
167

168. **Larry G. Kleinsteiber** With a name like Kleinsteiber, Germany was a welcome three-year assignment after graduation, basic at Ft. Bliss, and airborne at Ft. Benning. In July of '76, I left Ft. Bliss and the Army for graduate school at the University of Wisconsin in health services administration. Having traded in the O.D. for the three piece look, I am now an assistant administrator at Madison General Hospital in Madison, WI. I traded the carefree life oa a bachelor in 1971 when I married Mary, and we have two daughters: Kristin, 3, and Katy, 4 mos.

169. **Jeffrey G. Klekner** Graduation was followed by airborne, ranger and then the basic course at Ft. Belvoir. There was a brief stop at Ft. Carson and then to Vietnam for duty as a platoon leader and assistant S-3 with the 31st Eng Bn. The following assignment ('71-'74) was to Ft. Knox, first as assistant engineer in the DFAE, then as CO of Co C, 46th Eng Bn (Const). 1974 also found Jeff marrying Kathleen Higgins, a community development specialist from Louisville. 1975 was spent in the career course at Ft. Belvoir. Then followed assignment with the Corps of Engineers in Louisville until Dec of '76 when Jeff left the service and began grad school at the University of Louisville. Jeff is now employed by the Corps of Engineers in Louisville in a civilian capacity and Kathleen directs a social service program for women.

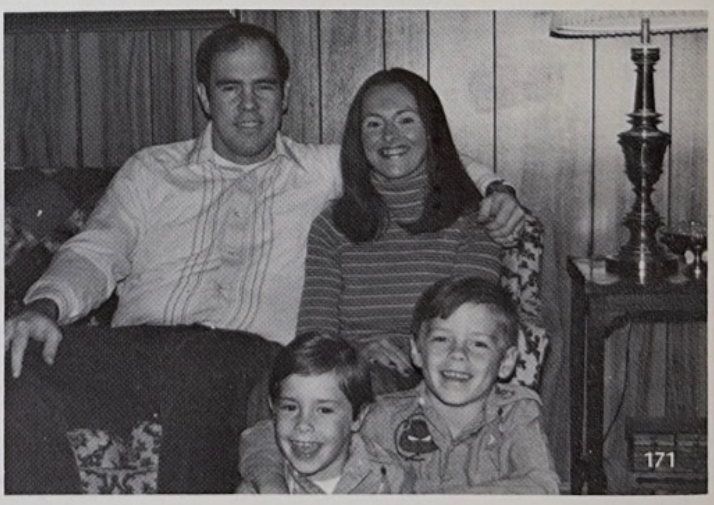
170. **Bill Knickerbocker** I served at Ft. Hood, TX from Feb 70 to Dec 71: first as Platoon Leader, Company Exec and Commo Officer with 2 Bn/50th Inf (Mech) and then with 142d Signal Battalion as the Assistant Division Signal Officer. I was branch transfered to signal effective June 71. Departed to Radio Systems Course enroute to RVN where I spent 10 months as MACV TCC Operations Officer and SATCOM OIC. Moved to Thailand in February 1973 where I met my wife. Worked as SATCOM OIC and a Contracting Officer's Representive until returning to Ft. Bragg in Dec 73. Served as CIE Officer, 1st COSCOM and CDR, 416th Signal CO before moving to 7th Special Forces in July 75. Completed SFOC, spent a year with an A-Team and 17 months as the Signal Company Commander prior to my current assignment as C-E Officer HHC 3 BDE 31D in Germany. In June 78 attended the SOAC by Correspondence. Married Prapairat ("Nid") Sukstit in January 1974.

171. **Dan Kopp** After graduation leave, I departed St. Louis, MO, with Terry Freeman (in our shiny new Camaro Super Sports) for Fort Sill and FAOBC. I married the former Melissa Young on 9 Nov 69, then attended Airborne and Ranger Schools. We departed for Germany and the 3rd Infantry Division in April 70, and spent 3 1/2 years in the 2nd Bn 39th FA (155mm SP) in the central Bavarian city of Schweinfurt. I performed duties as Btry XO, Btry CDR, Bn LNO & Bn Adj. Our 1st son, Chris, was born in Wurzburg 24 Aug 71. We returned to the states in Oct 73 to Fort McClellan, Alabama, where I began serious attempts at getting into medical school. At McClellan, I performed duties as Range Control Officer and Asst. Training Officer of the Post Headquarters staff. Our 2nd son, Tim, was born 20 April 1974. I was accepted to the University of Alabama School of Medicine and began classes in Birmingham on 1 July 1976. After my sophomore year, I decided to do my final 2 years of clinics at the Tuscaloosa campus where we are presently. We're attending school on an Army scholarship and plan to do a military residency—probably in Family Practice or Pediatrics—and rejoin the Active Army ranks. Missy keeps busy with tennis, bridge, singing and theatre groups when not driving the boys back and forth to school and activities. I try to see the three of them when I can get my aging nose out of the medical textbooks (how difficult it is to compete with youth!)



172

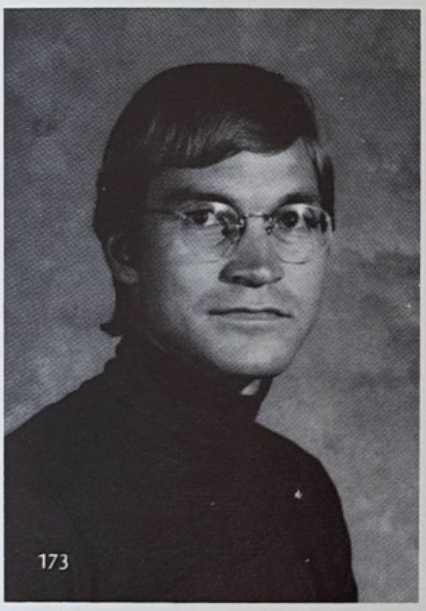
170



171

172. **Steve Korach** **Military:** Following commission in the Signal Corps, I completed the basic course at Ft. Gordon and Airborne & Ranger schools at Ft. Benning. Training in microwave communications at Ft. Monmouth preceded my initial assignment at Ft. Bragg as the assistant S-3 in the 50th Signal Battalion. This proved to be my shortest PCS as two months later I interviewed and returned to Ft. Monmouth as the aide-de-camp to the CG of the Communications Systems Agency. Promotion to Captain was quickly followed by orders to RVN. Once in country became the commo officer for the 2/319th Artillery Battalion, 101st Airborne Division. After standdown, I left MRI to become the company commander of the 128th Signal Co. (depot) in Cam Rahn Bay. Schofield Barracks, Hawaii was my last assignment where I served for 2 years as the Command Operations Company Commander and one year as the S4 in the 125th Signal Battalion, 25th Infantry Division.
Civilian: I met Janet Cottrell of Oakhurst, NJ during my assignment at Ft. Monmouth and we were married on June 5, 1971. Our first child, Jill, was born at Tripler Army Medical Center in Honolulu in 1974. I joined the Procter and Gamble Paper Products Company in June 1975 at the Mehoopany Plant as a shift team manager. I was fortunate to work with the development and manufacture of the Luvs disposable diaper brand. Our second child, Michael, was born in Tunkhannock, Pa. in 1976. I was promoted to the position of dept. manager in 1977 and currently work as the Industrial Engineer in Luvs.

173. **David Kremenak** 70-73 Grad. student UNM, Albuq, NM, MA in Sec. Ed. May '73 (1972 - Medically retired at 80%). Jun 73-Jan 74 taught English in French private school, Nice, France. '74 (Spring Sem) sub. teacher in El Paso, Texas. '74 (Fall) teacher, public Jr. Hi. Albuq. NM. '75 Ph.d. candidate at UNM - 30 hrs + post. MA. '76 Bowling Alley Attendance - Hi game: 265 (Low: 105!). '77 greenhouse tomato grower in Hollister, CA - net loss. '78 back home in GA. Do yard work and work with delinquent kids at Columbus Youth Development Center.



173

176

174. **Michael Krzyzewski** I spent 5 years as a FA Officer stationed in Colorado, Korea and Virginia. While in Colorado our daughter, Debbie was born. At the end of five years I resigned my commission and went to Grad. School at Indiana University and served as an assistant Basketball Coach. After a year at Indiana I came to West Point to become Head Basketball Coach. After two years at West Point our second daughter Lindy was born. We are now starting our 4th year at the Academy.

175. **Robert C. Kuhn** After graduation and wedding, 7 Jun, Susan and I were off to Majorca, Spain for a beautiful honeymoon. It was all too short, followed by FAOBC (Ft Sill) and Airborne School; then it was off to first assignment at Ft Bragg, NC. Those days as a lieutenant were so great! Our first child, Robby, was born April 1970, nine months after that great honeymoon! Then it was off to Vietnam for short tour, followed by the great assignment in the Army, the Advanced Course ('72- '73), with parties and renewed friendships. Ft Lewis and 3 years was next, and tour as Commander and Div Arty S-1 as the greatest. Khari Ann was born here May '76 before departure to Germany. Pershing duty has been difficult but the end is in sight. Susan and I hope for a chance at a Masters Degree next tour, Jul '79. During European tour, most exciting trip was to the Gran Canary Islands, Oct '78.

176. **James Michael Landrum** As I may be one of the few people ever to read all four hundred plus class biographies, I feel inspired to comment upon the effects of that exercise. First, it has been rewarding. I am now second only to Bob Kimmett in general '69 knowledge. Second, it provides a convenient way to summarize Sherrye's and my last ten years. As with most of the class, ours has been a balanced period—a few years of searching, a few years of finding. We can't recommend all of our tours, but we can't think of any place we've been where we haven't made special, lasting friendships. Some of the best, some of the deepest friendships began here, 65-69. I will refrain from gross generalizations about the Class. Enough of that sort of speculation is done. But as dues for reading all of these bios, allow me two comments. My overwhelming impression is positive. There is a healthy pride in the many responses—pride in family, pride in accomplishment, pride in reflection. Our short history has been one of thriving, not just surviving. Here's hoping we continue to be filled with "the great happiness of having done."

177. **John B. Legere** Following Airborne, Ranger, and the thrilling 10BC Class ("Eleventh to None"), I moved on to Ft Hood, where I served as Platoon Leader and XO for B Co, 2-41 Inf, 2nd AD. In Jan, 1971, I flew to Korea where I served as Company Commander, HHC 2-23rd Inf along the DMZ. In May, I heard of an opening for the U.N. Honor Guard in Seoul that required someone with saber manual experience (I knew those Saturday parades would pay off somehow). I was accepted for the job, and in December, met Marla, who was working as a therapist with the American Red Cross in the evacuation hospital, and three weeks later we were engaged. We returned home and were married on Mar 4, 1972. Two weeks later we were off to Germany where I served as S3 Air, 1-26th Inf and later S4, 1st Spt Bn, 1st I.D. (Forward). I resigned in 1974 and accepted a job as an engineer with Johnson & Johnson in New Brunswick, NJ, in the surgical dressings division. After nine months, we packed bags and moved to Kansas to return to school at Kansas State U. In June of this year, I was accepted at the Philadelphia College of Osteopathic Medicine, Class of 1982. I have accepted a scholarship with the Air Force, so will return to the military in a few years, as a doctor.

178. **Al Leister** Yes, there's life after West Point, at least after you are a cadet. After the first blissful summer in Connecticut and the "school circuit," Fort Carson became our "first home" (defined as an abode for more than three months). But alas, the Colorado living was short lived, as a strange tropic jungle beckoned. During my stay in Vietnam, Dawn arrived as our family expanded. Fort Knox was the next stop, a long one (three and a half years). It was here that Tiffany was born and our family was complete. After the Advanced Course (a nine month '69 Armor reunion). Seattle captured our hearts, our minds, and first place on the potential retirement list. With my arrival at USMA for a tour with the fledging Department of Behavioral Sciences and Leadership, a cycle was completed. This tour found us going in several different directions (sometimes at once), my teaching, writing, and research; Sandi's return to her nursing profession, editing the Stewart Wives' magazine, volunteer work, and a small business venture; Dawn's interest in Brownies, Boys and Baseball; and Tiffany's continuous search for the real Mickey Mouse and the perfect Big Wheel ride.

179. **Dan Lennon** June '70-June '71: Plt Leader, Combat Engineer Company, Chu-Lai, Vietnam.
July '71-February '73: Company Commander, Engineer Training Command, Ft. Leonard Wood, Missouri.
March '73-September '73: Engineer Officer, 3rd Civil Affairs Group, Panama Canal Zone.
September '73-June '74: Assistant Facilities Engineer, Pacific Area Command, Panama Canal Zone.
June '74: Resigned Commission.
January '75-June '75: Station Manager for Hess Oil, Long Island, NY.
July '75-July '77: Sales Rep, Liberty Mutual Insurance Company, Long Island, NY
Aug '77-Present: Supervisor, Blue Cross and Blue Shield of Indiana, Indianapolis, Indiana.
January 25th, 1975: married.
May 4th 1976: Adopted Tom, Hank and Matthew Lennon (all possible candidates for future West Point Cadets). Now residing in Carmel, a small suburban town North of Indianapolis.

180. **John R. Leone** Upon graduation and completion of OBC I was assigned to a Nike Hercules site in NJ. After awhile, marriage and the thought of a clean house and home-cooked meals began to have a strong appeal. However, the Army has other ideas and so in June 1970, after cancelling any wedding plans, I found myself providing convoy/perimeter security in Vietnam with a platoon of "Dusters." Upon my return in 1971, I was stationed at Fort Carson where I assumed the expected roles of Btry Cmd BN S-4, and Asst Div G-3. Colorado Springs holds fond memories for me for while there I made many good and lasting friendships, learned to ski, received a MBA in Marketing from the University of Colorado, and experienced the birth of my daughter, Michelle. Did I mention that I also was fortunate enough to complete those wedding plans and marry my long-time girlfriend, Daniela, in March of 1972? I left the service in June 1974 while a Plans Officer at AADCOM Hq and returned to New Jersey, family, and old friends. I joined Pfizer, Inc. in NYC and after several interesting positions find myself as a Product Manager in the pharmaceutical division with the challenging prospect of launching a new product in 1979. In Jan 1977 my son Andrew was born, and as he grows, I find my house shrinking so we are presently among boxes again in anticipation of our move to Park Ridge, NJ - in search of more space and less congestion or perhaps because moving is a legacy of Army life life I will carry forever.

181. **Wallace R. Lindsey, Jr.** My signal assignments have taken me successively through the 82nd Abn, 11th Armored Cav., 101st Abn, 5th Signal Command and into combat developments at TRADOC. Gerlinde, my wife, is German and comes from a farming community near Hameln, of Pied Piper fame. Catharina was born in 1976 in Schwetzingen, near Heidelberg, and Robins was born in 1978 in Hampton, Virginia.

179

177

181

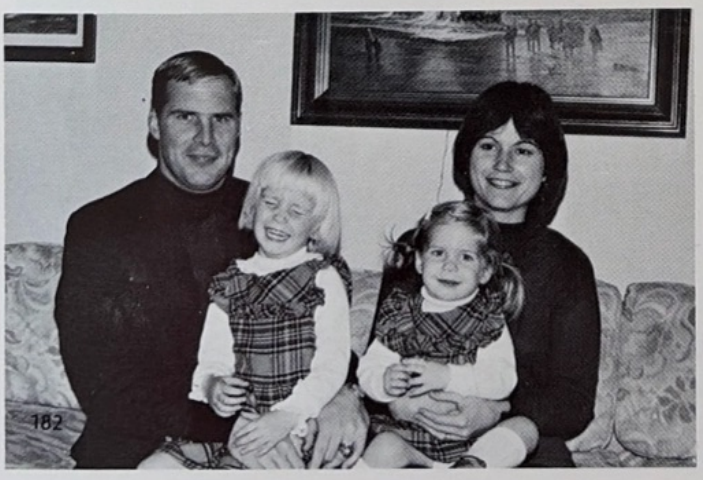
182. **Harrison Lobdell** After graduation and the usual schools, I went to Ft. Bragg for my four month prelude to Vietnam. Just before leaving for Vietnam, Pat Harmeling and I renewed an acquaintance from 1st Class year. Upon my return in 1970 we decided to get married and she accompanied me through most of my next tour at Ft. Bragg with Special Forces. I transfered to the 82nd Abn for two years to get a company and while I was busy with that Pat bore our first daughter, Kristin, who was actually born shortly after arrival for the Advanced Course at Ft. Benning. Our second daughter Susan Anne, arrived during the next assignment at Grad School at the University of Wisconsin. 1977 saw us finally arriving at West Point for a tour teaching Military Art.

183. **Roger W. Loder** After graduation, marriage, and the appropriate schools, I spent 3 years in Germany with VII Corps Support Command (VII COSCOM) serving consecutively as Personnel Management Officer, Aide-de-Camp and VII COSCOM Adjutant General. Attended the 7th Class of Defense Race Relations Institute (DRRI) prior to being assigned to Korea with the 38th Air Defense Artillery Brigade for 2 Years. I resigned my RA commission after 5⅓ years and joined the USAR ranks and currently serve with the 12th Special Forces Group (C Co.). Upon release from active duty I immediately left for a year's vacation in Africa, visiting 18 countries prior to returning to the University of Kansas for my MBA. I was divorced in the fall of 1976, completed my MBA in the spring of 1977 and joined Ford Tractor Operations in Troy, Michigan on July 1, 1977, as an Advanced Product Planner. I'm currently a Product Planner with the Ford Industrial Engine Operations in Detriot's Renaissance Center Headquarters. During the 1978 Military Pentathlon Championships I broke my back which curtailed my running for a while. I have taken up the sport of racewalking and am actively training for the Olympic trails.

184. **James F. Love** I married July 1970 to Peggy Marks - also an Army brat. We were stationed at Fort Benning, GA. One year then on to Vietnam. Back to Fort Sill for FAOAC with many classmates, then to Fort Riley, Kansas for Battery Command, General's aide job and the birth of two daughters - one just upon arrival at Riley and one as we left. From Aug 1976 to May 1977 we were in Monterrey, California for German Language school in preparation for the present job which is a detachment commander in support of the Germany Army.

185. **Thomas G. Lowry** I married the former Margaret L. Sullivan of Merrick, NY on Jun 5, 1969, and retired from service on disability Apr 1970. Twin girls, Allison and Anne were born Jun 2, 1970. On Jul 1, 1970 I was employed by Columbus Bank and Trust Company as a Management Trainee in Consumer Loan department. I was promoted to Assistant Cashier Jan 1972, Assistant Vice-President Jul 1974, and Branch Manager Jun 1975. In Apr 1976, I changed "M.O.S." and transferred to Trust department. I had completed 30 hours toward M.B.A. degree at Columbus College before being transferred to Trust department, which caused sabbatical due to time limitations. I am currently enrolled in the college for Financial Planning, Englewood, Colorado leading to professional designation of Certified Financial Planner (CFP). I teach business courses at night at a local community college. Peggy is currently working as a Caseworker supervisor for the Georgia Department of Family and Childrens Services in the Work Incentive Program.

183



182

184

186. **Jimmy R. Lucas** After initial military schooling I was assigned in March 1970 to the 24th Infantry Div. and later the 1st Infantry Div. at Fort Riley, KS. In Sept. 1970 I was reassigned to the 23d Infantry Div. RVN. After returning to the U.S. I was married to Marilyn Bjork on October 9, 1971. She is a graduate of Tobe-Coburn School for Fashion Merchandising, New York City. My daughter, Jenny Amanda, was born April 27, 1973. I resigned on June 4, 1974, retaining a Reserve Commission. I enrolled in preveterinary curriculum at North Carolina State University, Raleigh, NC in July. Marilyn was employed by Hudson-Belk as Department Manager of Home Furnishings during this period.
Completing prerequisite courses in May 1975, I was accepted in the College of Veterinary Medicine, Oklahoma State University, Stillwater, Oklahoma. I am to graduate in May 1979 with a Doctorate of Veterinary Medicine. Marilyn has worked for the Clothing Specialists of Home Economics Cooperative Extension until our son, Matthew Moses, was born on December 21, 1978.

187. **John Allen Lucas** After leaving the Army in Jul 1974, John and Carol loaded children, Christian and Elizabeth, into their Volkswagon Van and drove to Austin, Texas where John entered U. of Texas law school. John graduated in 1977, having served as Coordinator of the Teaching Fellows Program and as a member of the Law Review. David Marshall joined the Lucas household in Jan 1978, with impeccable timing, making his appearance at 11:59:50 PM on a Thursday before Friday the 13th. In Richmond, John practices law with the firm of Hunton & Williams, where he specializes in commercial litigation. John and Carol have both taken up racing with John completing his first marathon in 1977. After working part-time to help put John through law school, Carol is relaxing as much as is possible with 3 children, and remains active in community volunteer work. The entire family extends a warm welcome to classmates who may be passing through the Richmond area.

188. **Richard W. Luecke** After 16 months of duty with the 3rd Armored Dvs. in Germany and the addition of #1 son, Robert, the Luecke's departed for the football office at West Point. The assignment was enjoyable and an enriching experience despite the frustrations of college football recruiting. Number 2 son, Todd became a Luecke on 2/22/72. Linda was involved in various activities (quilting, caning, coaching girl's softball team etc) taking advantage of the available facilities. Upon leaving West Point and the Army in July of '75., we moved to Allentown, Pennsylvania in the Lehigh Valley. Once again our new home brought the addition of a new son, Reed, born April 27, 1977. I am now actively engaged in the challenge of the life insurance business. Some various local and company honors have enabled us to visit Hawaii and Acapulco in the last two years. Linda is active as a den mother, leader of the Youth Group at our church, prayer group participant and other committees of our church. Cub scouts, baseball, and soccer consume most of the boys time, while basketball, raquetball and tennis are still my favorites.

189. **Robert T. Lynch** During my five years of service as an Infantry Officer, I served as a platoon leader in Augsburg, Germany, a platoon leader and company commander in Vietnam, and company commander in Schweinfurt, Germany. After leaving the service in June, 1974, I completed the MBA program of Boston University. I then journeyed to Wooster, Ohio to work for Rubbermaid, Inc. as production manager for one year. Deciding to return home on the Eastern Shore of Maryland, I joined my father as a partner in the real estate business in September, 1975. The firm primarily deals with land development and building of residential homes. In May, 1978, I married Eileen America who hails from Lanham, Maryland. We have a home just outside of Ridgely.

190. **George Lynn** Served in Vietnam September 70 to May 72 Then with 82nd ABN through August 74 -- resigned. Accepted position with IBM September 74 in Michigan and married May 77. Outside interests include flying, skydiving and skiing.

191. **Tom McCaslin** Airborne, Ranger, EOBC, 82d Abn Div, 101st Abn Div. All the long hours; all the right jobs; all the tickets punched -- for all the wrong reasons. In 1972 Teri (Marymount '71) and I were married and off to Germany. The hours were still long; the jobs - C.O. 1st Engr Bn, G-3 opns 1st Inf Div Fwd - were still right but now the reasons were right. I was doing it because I wanted to rather than because I ought to. Teri had simultaneously discovered her talents were in the area of personnel administration and began a career also. It was with reluctance that we left after four years. Had we known what was to come. - Two years in California, me at Stanford University and Teri as personnel director for Oceanroutes. Nothing could be finer! To present - Crompond and West Point, NY. Tom in the Department of Mechanics, Teri in the Big Apple with Continental Grain. No children; three dogs; more sports equipment than most sports stores; eyes and aspirations firmly set upon returning to the western shore of the country.

192. **Robert J. McCloy** After graduation, we were married on July 12, 1969 at West Point. We spent one year at Fort Bliss, Texas, followed by four years in Air Defense assignments in Germany. Heather Lynn McCloy was born in the Bitburg Air Force Base Hospital on August 12, 1974. Stephanie completed her Bachelor's Degree in Business Administration Magna Cum Laude with the University of Maryland, European Campus, in June 1974. After I resigned from the service on June 11, 1974, we returned to Philadelphia, Pennsylvania, where Robert Matthew McCloy was born on October 7, 1974.
I've been with the Structural Engineering Department of Catalytic, Inc., (a design engineering firm for Chemical Process Plants, Pharmaceutical Production Facilities, etc.) since July 1974. I completed my Master's Degree in Civil Engineering with Drexel University in June 1978, and became a Registered Professional Engineer in the State of Pennsylvania in September 1978.
Each year at the Army-Navy Football game, the McCloys are joined by Bob and JoAnne DeClercq and Nick and Linda Stafford. Although the game results in recent years have not been too heartening, we all manage to have a "wild and crazy" time.

190

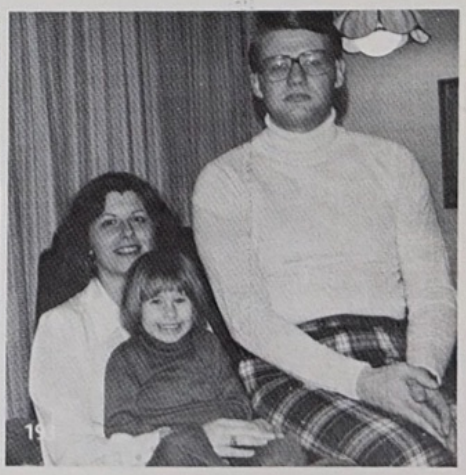
193. **James L. McCullough** Karen and I went through a typical Army indoctrination: i.e., went to Ft. Benning for 6 months and then to Germany. After a year and a half in the pits, I went to RVN with the 1st Cavalry Division and Karen went to Pittsburgh. Then back to Ft. Benning for the advanced course, and on to Ft. Bragg and the 82d Airborne. Meagan Elizabeth joined us in 1974. From Bragg in '76 to grad school, and then to my current job as Chief of the Project HELLFIRE Field Ofc with Rockwell International Corporation in Columbus, OH. Karen manages apartments for our family partnership in real estate, while still managing to keep me out of trouble.

195

194. **David W. McDermott** I was commissioned in the Air Force and took my first assignment near San Francisco as an Engineer at an Air Force Missile Contractor. The former Molly Palmer (Marymount '70) and I were married at West Point in June '70. During my 4 year tour I had a daughter, Duffy, obtained an MBA at the U. of Santa Clara, and obtained acceptance to medical school at U. of Santa Clara, and obtained acceptance to Medical School at U. Texas. We moved to San Antonio and had our second daughter, Jacqueline in year 3. After graduation I completed 2 years of general surgery residency at Wilford Hall, USAF Medical Center. As of July '79 I will continue residency at Massachusetts General Hospital in Boston. David Jr. was born in San Antonio in September '78.

195. **Michael McGovern** Upon graduation and being commissioned in the Infantry, I attended Airborne, Ranger and the Officer's Basic Course at Ft. Benning, GA. Assignments included platoon leader at Ft. Hood, TX and The Republic of Vietnam; Commandant of the Leader's Training School and Company Commander at Ft. Dix, NJ; and finally school secretary at the USMA Preparatory School, Ft. Belvoir, VA where I separated from the Service June 10 1974. In 1973 I met and married Sylvie Anne LeGuen, a Pan Am Stewardess. Ending my active duty, we moved to Miami, Fl., where I worked in the Insurance industry and Sylvie served as a general manager for a Temporary Employment Agency. After 3½ years in sunny Florida, we moved to my hometown; Allentown, PA where I accepted a position as Sales Manager for a Planned Residential Community known as Applewood. There are no children to adorn the McGovern household, however we do have the cutest cocker spaniel known to man or dog.

189



196. **Mike Maasberg** Susan graduated from Notre Dame College of Baltimore MD in 1969 and taught briefly in the Baltimore public school system. Following our wedding on 7 February 1970 we departed from her home in Hagerstown, MD and finally settled again in April on the banks of the Main-Danau Canal in Erlangen Germany. Our stay in Germany was brief and in October of 1971 I was in Vietnam and Susan had returned to Hagerstown. Our son David was born there in July of 1971. After a subsequent tour at Fort Benning we moved to East Lansing, Michigan for two years of graduate schooling. Our daughter Amy arrived in East Lansing on Labor Day 1975. After two pleasant years along the Red Cedar we moved to the Hudson Highlands (STAS).

197. **Douglas H. Madigan** Presently the TAC of D-1, Connie and I have a "his, hers, and ours" family with Sean (9), Tony (6) and Melissa (2½) fitting in respectively. Unfortunately Tony is a household resident only 2 mos/year. Prior to TAC duty, I taught Terrain Analysis (Physical Geography) for ES & GS. Connie and I were married at Ft. Knox in March 75 during Armor Advanced Course. While there Connie received her associate degree in Nursing and became an R.N. We left Knox for the University of Wisconsin-Madison where I received an M.S. in Geography with my thesis entitled "Geomorphic Implications of Floodplain Encroachment near Portage, Wisconsin" -Assignments previous to the Advanced Course were: Plt Ldr & Command Officer of B Co. 1/32d Armor Friedburg, FRG; Aeroscout Plt Ldr of FTrp 9th Cav. RVN: Aeroscout Plt Ldr and OPS Officer B Trp 7/1 Cav., Ft. Knox.

198. **Jerry C. Mailey** After graduation I went to all the usual schools. This was followed by one year in Vietnam and two in the 82d Airborne. In 1973 I got married and went back to Ft. Sill for more school then a tour as instructor. In 1975 I changed into civilian clothes and went back to school. I graduated from Duke Law School in May 1978 and am currently in the MBA program at the Univ. of NC at Chapel Hill.

199. **Marshall, D. W.** Graduated USMA 4 Jun 69 and commissioned in the USAF. Attended Univ. of Tenn. and graduated with an M.S. in Aeronautical Engineering in Dec. 1970. Served with Foreign Technology Division of Systems Command, USAF at Wright Patterson AFB, on Jan 71-July 73. Promoted to CPT 4 Jun 72. Honor Graduate of Wayne State Univ. School of Medicine in June 1977 (member AOA Honor Medical Society). Promoted Major on 28 February 1977. Internship Straight Medicine 1 July 77 - 30 June 78 at Wilford Hall USAF Med. Ctr. San Antonio, TX. Presently resident in Neurology at Letterman Army Med Ctr Box 1677 Presidio of San Francisco, CA 94129

200. **Thomas Mastaglio** Mar 70-Aug 71 3rd ACR Ft. Lewis Wash. Married March 1970
Nov 71-Nov 72 Viet Nam, 1st Air Cav, & MACV, advisor
Jan 73-Oct 74 F.A. Advanced Course
Nov 74- Dec 76 Germany, 2-6 FA Regt 3d Armd Div
Jan 77-May 78 Graduate school, Univ of Col, Boulder
May 78 Received M.S. in Computer Science
June 78-Present Assist Prof Military Science, Univ of Co, Boulder

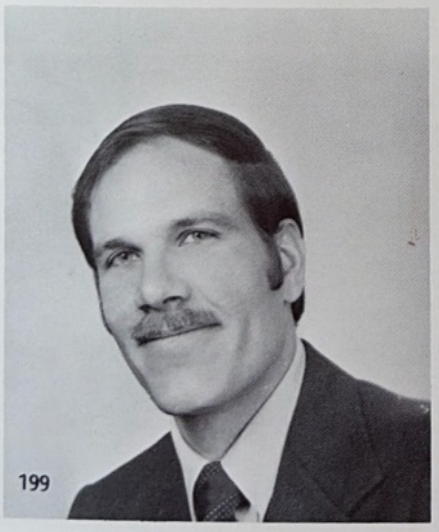
201. **Ed Mayer** After graduation I attended Airborne, Ranger, and Infantry Basic at Ft. Benning. In Feb. 1970, I left Benning for Ft. Bragg (3rd Bn 325th Inf) and then left for Viet Nam in Dec. 1970 (173rd Abn). After a very abbreviated short tour I was reassigned to Ft. Carson (2nd Bn, 10th Inf). While at Carson I met Kathie Casey who was a 1LT in the Nurse Corps. We were married in August '71 at the Air Force Academy. I left Carson in July '74 for AOAC at Knox, then on to Grad school at the University of Cal./Irvine. Received a masters in chemistry in June, '77 and arrived at USMA (Chem Dept) in Aug '77.

202. **John Meola** As most of you know I didn't finish up at the Point. I graduated from RPI and took ROTC while there (can you believe that!!). After graduation I went to work with General Electric, tied down a spot in the business world and went to serve my ROTC obligation. The Army sent me to West Point (unbelievable!). After two more years of West Point Mary Ann, Tommy, and I returned to General Electric in their International Sector in New York City. We've moved a good deal: New York to Schenectady to Athens to Cairo, Egypt. The jobs have been challenging and centered in the international power generation field. Because of the nature of the business travelling has been an extensive part of our lives. My present location involves the least travel (only 30%!) and is to date the most interesting. The job responsibility is broad in that it involves all of GE's businesses but more than that Egypt is at a turning point in its history. We feel that we are a part of it and can help improve the living conditions of the country.

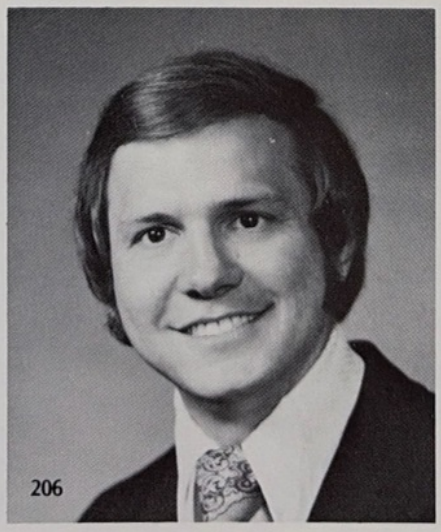
196

197

200



203. **Jim Mesite, Jr.** After a basic dose of Abn, Rng and IOBC, I found myself mysteriously transported to Auburn U. three to four times a week (in what I thought at the time was my ultimate goal in life, a 4-speed Gold Corvette) to meet my former blind date, Bobbie Holmes. While the 197th Inf. Bde tried in vain to convince me that Infantry was the Queen, Bobbie convinced me that she was, and before CPT came Company Command, marriage and Jeanette. (Was anyone else in the Class married in Army blues to a Navy brat on a Naval base with (heresy!) Naval Sabers?) By '71 I was driving a Toyota and wearing Armor brass just in time to go to the MATA course and a tour in DaNang and I Corps as an advisor. After a fun-filled spending spree on R&R in HI, orders for Germany led to two things: hard work in the 1st Bn 68th Armor as CSC Cdr and S-2; and lots of sight-seeing in the **real** "old country." Orders for the Advanced Course in '76 arrived at about the same time as news of the need for a bigger Toyota, and by the end of the course there were four Mesites.



Jr., now including Christine, and the family was on the way to what was later to become Nuclear City International-Harrisburg, PA. A couple of years as Admin-Log Officer of the District Recruiting CMD, and Masters work at Penn State, and again came orders for Ft. Knox, somewhat preceeded by Jim the Third -- and the next thing you know, it's time for the '69 10-year Reunion and LKT IV is publishing books! Time flies when you're having fun! The Greaser, D-3

204. **David A. Metzler** After serving at Ft. Richardson, Alaska and Ft. Monmouth, NJ (where I was Operations Officer for the transfer of the Signal School to Fort Gordon) I left active duty in Aug 75 and attended Rutgers University where I obtained an MA in Industrial Relations. I joined the management staff of Avon Products, Inc., at their Rye, New York location in Apr 76 as a Shipping Supervisor. In Jan 77 I became a Personnel Supervisor and was promoted in Jan 78 to Manager of Metropolitan Operations for New York City. In Oct 78 I was again promoted to Personnel Director for Avon's new Jewelry Facility and Technical Research Center in Mansfield, Massachusetts. My wife, Ronnie, and I were married in Nov 78 and now reside in our new home in Sharon, Massachusetts.

205. **Peter Mirakian, Jr.** Patty and I were married several days after graduation at the Fort Leavenworth Chapel. We have two sons, Peter (7) and Mike (5). Following the normal Infantry schooling cycle at Fort Benning, we served tours in Germany, Vietnam, Fort Knox (Armor Advanced Course), and Fort Carson. Preparatory to assignment to the English Department, we spent two years at the University of Kansas. We have been at West Point since June 1977.

206. **Roy S. Moore** Served in Vietnam with Military Police Corps as Company Commander 188th Military Police Company. Entered University of Alabama School of Law in August 1974. Graduated June 1977 and received a Juris Doctor Degree. Appointed 1st Full Time Deputy District Attorney 16th Judicial Circuit Godsden, Alabama in October 1977. Presently serving in that capacity.

207. **R. James Moeller** Mary (nee Leister-sister of Al Leister '69) and I were married in Phoenix, Arizona, Nov 29, 1969, about a week before our departure for a tour in Germany. We lived in Frankfurt, where I was assigned to the Data Processing unit of the Transportation Command. We were reassigned to Ft Hood, Texas in Dec 1972 to 111rd Corps HQ. For laughs, I taught Macro Economics at Central Texas College at night. After resigning in Jun 1974, we moved to Atlanta, Georgia where I began work in marketing with Exxon Co. USA. Our first son, Jeremy, was born there Feb 3, 1975. We relocated to Macon, Georgia in Feb 1976 after a promotion to Sales Manager for the Southern 2/3 of the State. We were transferred (again!) to Houston, Texas in May 1977, where I worked as a financial analyst in Exxon's marketing HQ. Gregory was born in Houston on Jun 4, 1977, just three weeks after we arrived. Resignation from the nomadic Exxon lifestyle followed in May 1978 to establish a permanent love affair with Houston. Mary is well occupied with the two very active boys and I am employed by a land development/real estate marketing firm as manager of new home sales and marketing.

208. **Bidwell D. Moore** I was in the Infantry for five years before resigning. I then attended the University of South Carolina Law School. Since then I had a brief career in private practice before taking the job of Public Defender of Colleton County, S.C. when the position was created. In 1974 I married a recent grad of Marymount Manhattan College, Toni Yalle.

209. **Geoffrey H. Moran** After assignments in 3-68 Armor in Germany and 1-22 Infantry in RVN Geoff returned home and married Ruth Ann Schweyer in Ohio before my next assignment at the U.S. Army Chaplain School. Ruth Ann is a Yale Divinity School graduate and ordained minister of the Christian Church (Disciples of Christ). In July, 1974 I resigned my RA commission in Armor and transferred to the Reserves in the Chaplain Candidate program while I pursued the Doctor of Ministry degree at the School of Theology at Claremont, California. During those years Ruth Ann served as Associate Pastor of First Christian Church, San Bernardino. Upon my seminary graduation and ordination, Ruth and I began a co-pastorate of First Christian Church of Reseda, California. I will be back in the Active Army as a chaplain in mid-June, '79. The Morans have two lovely daughters, Andra Marie (3) and Sarah Ann (1). I still continue my main hobby of music, especially playing drums and vibes in groups when he can find time. Ruth Ann enjoys gardening when she had a break from her duties as a Stewardship Consultant for the national office of the Christian Church.

210. **Jerry D. Morelock** Doris and I were married on Flag Day, 14 June 1969, ten days after graduation. After brief stops in Tampa, Florida, Jacksonville, Florida and Columbus, Georgia, we eventually made it to Ft. Sill, OK. Jeremy was born there in November, 1970, and I went to Vietnam on his first birthday. After that it was back to Ft. Sill for the Career Course. Jennifer was born there in November, 1973, while we were assigned to the FA School. Purdue for Grad. School was next followed by a Bicentennial move to West Point as a Company Tac. Two years of that was plenty (I never realized before that cadets whined as much as they do) and now I am the assistant S-1 USCC. Doesn't seem like it could be Ten Year Reunion time.

211. **Warren D. Mueller** Following the ADA Basic Course, I served as a Vulcan platoon leader for an activating unit at Fort Bliss, TX. While there I met and married Jane Messick on 24 Jan. 70. In June 1970 our entire battalion rotated to Germany, where for 26 months I commanded a composite Chaparral/Vulcan Battery tasked with defending Bitburg Airbase. Upon our return stateside in July 1973 I attended the ADA Advanced Course at Fort Bliss and graduated as Honor Graduate. Next was a short tour in Korea with a HAWK Battalion pioneering the Air Mobility concept for missile systems. While home on mid-tour leave our son Doug was born on 16 March 1975. Returning to CONUS I was again assigned to Ft. Bliss where I served in an Improved HAWK Battalion. We left the service on 16 Jan 1976 and moved to Houston, Texas where I work as a Sales Engineer for York Division of Borg-Warner Corporation. I provide technical heating, ventilating, and air conditioning assistance to clients on proper design, economical use, and energy savings potential of York products. I retain a Reserve Commission with the 75th USA Maneuver Area Command in Houston.

208

209

212. **Gene Murphy** Terry and I were married in August 1973. Since I left the Army I've held various marketing and sales positions in the semiconductor business for Texas Instruments, Motorola and Intel. Presently I am a sales engineer for Intel at Ft. Washington, PA.

213. **Wayne K. Murphy** The first year out was spent with the standard Airborne, Ranger, Branch school cycle. The bright spot was my marriage to Mary Ellen in April 1970, but that was followed by Vietnam. During my absence in Vietnam, our first son, Sean, arrived. A two-year tour at Fort Bragg brought a Senior Parachutist rating, a Company Command and our second son, Chris. Two years at the University of Illinois produced a Master's degree and our third son, Daniel. A tour at West Point in the Mechanics Department saw the completion of a Ph.D. In Theoretical and Applied Mechanics from Illinois and the arrival of our fourth son, Timothy (T.J.). Mary Ellen also managed to squeeze in the completion of her degree, delayed by numbered one son and Vietnam! Currently, we are in Hawaii with the U.S. Army Corps of Engineers, Pacific Ocean Division. It's been a great ten years for all of us.

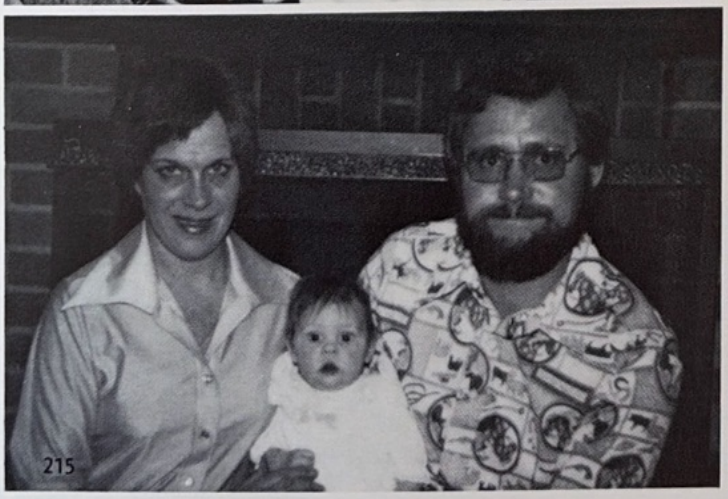
214. **Don Nagel** Janet and I were married Jul 13, 1969 at Catholic Chapel, West Point. We had an accompanied tour in Germany (Bad Kissengen) where Kit and Heather were born. I was assigned to the 2/41 FA from 1/70-12/72 as Btry XO, BN S2 and Btry CO followed by a short tour to Korea as DIV DEP G2 (2d INF DIV). I separated in 6/74 after a temporary assignment at Wright-Patterson AFB. I was a process engineer with Corning Slassin, Wilmington, NC from 6/74-5/75. I was with Sales with American Hosp. Supply from 6/75-9/77 in Miami, Fla and am now in St. Louis from 10/77-present with American. Jennifer was born in Hollywood, Florida 2/76.

215. **Guy Nanny** For my seven years with the army, I was in Baumholder, Da Nang, Ft. Sill and finally Ft. Carson. While in Colo. Springs Ed Mayer introduced me to Sharon Flannery, whom I married on 7 Aug '76 in the AFA chapel. I am now a Realtor with McGinnis & Assoc., and we have one daughter, Carrie Lynn.

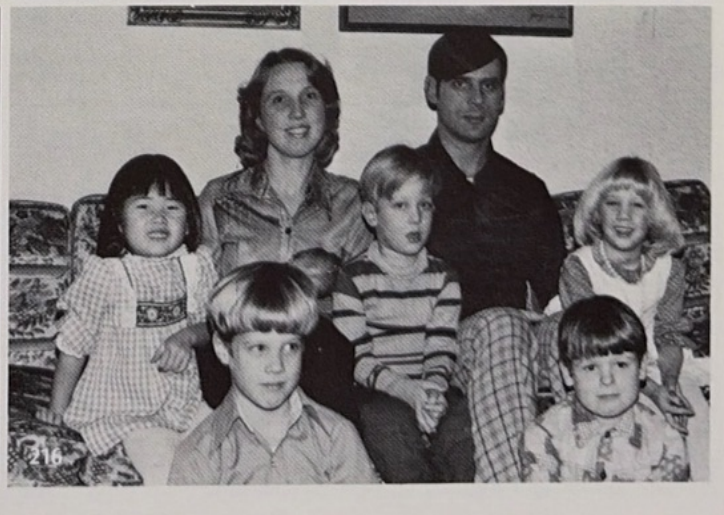
216. **James L. Narel** Time flies, they say, when you're having fun. It really zips along when you're having as much fun as we are. During our three-year first tour in Germany, we got acquainted with the Army, the European culture, and the joys and headaches of command. Our first son, Micah, was born in Nurnberg Army Hospital and our second, Joshua, was an adoption from Yugoslavia. We had fun in the El Paso sunshine during our year at the Advanced Course. Korea: new professional experiences, a new culture, and new family members. Veronica was adopted in Seoul and the twins, Lucas and Judity, were born there. Raised in New England, both Janice and I were anxious to return, and so we selected the University of Massachusetts at Amherst for Graduate schooling. We love being at West Point now. Janice is finishing her masters work in special education, the kids are into school, scouts, baseball, soccer and swimming.

212

214



215



216

217. **Jack Nesbitt** In 1975 after tours in Germany, Vietnam and four years with Special Forces at Ft. Bragg, we made the big jump to civilian life. It was off in a motorhome to sunny Texas. We had always liked Dallas, so we made it our new home. I then learned a lesson on what it was like to be on your own, and meet a wonderful gentleman named C. Allan Skinner, then Executive Vice President for Fairfield Industries, a Geophysical Exploration Company. Allan is a Middie, Class of '38. In July 1976 he offered and I accepted a junior management position. In September 1976 I was promoted to Director of Manufacturing. In mid 1977 our Division was moved to Houston to merge with the home office under a new roof. Mimi and I bought a new home and settled in Katy, a township west of Houston. Jenny our daughter, now 5, is a special little lady destined to have a happy and loving life. Mimi, my wonderful wife of almost 10 years, is more beautiful and energetic then ever.

218. **James E. Nielson** After initial training at Ft. Benning, assigned to Ft. Hood, Tex. Married at Ft. Hood to Anita then off to RVN with assignment to Americal Div. Returned as cpt. in Aug 71 and then assigned to 82nd Abn Div. Ft. Bragg. While there our first son Darby was born. After Ft. Bragg attended IOAC, Ft. Benning. Upon completion of IOAC assigned to ROTC duty at Temple U., Phil, Pa. While there our 2nd son, Tim, was born. We will be leaving Temple in Aug 79 for 2 year assignment with facilities Engr. Activity, Korea.

219. **Frederick E. Noll** After 1 year in military schools and 1 year in Korea I came home and was married to Lynne. After 1 year in El Paso and then in to Redstone Arsenal, I transferred from Artillery to Ordnance, and spent 2 years at Redstone. Our first child was born in Huntsville, Alabama. We then went to Germany for 2 years, returned in 1976 and resigned. I joined Corning Glass and worked in Corning for 2 years, where our second child was born. We recently transferred to Danville, VA and have lived there for 1 year.

220. **Kip P. Nygren** Germany 70-71, Flight School 71-72, Korea 72-73, Maried Aug 73. Wife, Marilyn is from Eastchester, NY 3d Cav. Ft. Bliss Aug 73, Ryan Born Sep 74, IOAC DEC 75, Stanford University Aug 76 Christopher Born Jan 77, M.S. Stanford Jun 78 USMA Dept of Mechnics July 1978.

221. **Stewart O. Olson** 69-70 -- Norfolk, VA
70-71 - RVN
71-74 - Ft. Bliss, TX
74 - Resign Commission
74-77 - Ann Arbor, Michigan J.D., 1977, U. of Michigan Law School
77-Present - St. Petersburgh, FL Law Office of Jacobs, Robbins & Gaynor, P.A.

222. **Brian B. O'Neill** I attended Michigan Law School and graduated in 1974. Served as Assistant to the General Counsel of the Army from 1974 to 1977. Married Jane Severas of Vienna, Virginia in December 1976. I presently am an attorney with the law firm of Faegre & Benson in Minneapolis. Our dog, Pickwick, came to live with us in March, 1978. Our son, Brian Boru, was born on December 5, 1978.

223. **Hank Osterhoudt** After graduation leave I completed Airborne, Jumpmaster, Ranger, and Infantry Basic and was assigned as a Platoon Leader and, later, Executive Officer of Co. C 1st Bn (Abn), 505th Inf, 82d Abn Div. at Fort Bragg. In August 1970, after Jungle School in Panama, I went to Vietnam, serving as Platoon Leader, Co. D., Recon Plt Ldr, 1st Bn, 11th Inf. and as Bde Asst S-2 1st Bde, 5th Inf Div at Quang Tri, Panama. In August 1971 Lee and I were married at West Point and were assigned to Ft. Benning where I was an Instructor in the Patrolling and Benning Ranger Committees for two years completing the Pathfinder and Instructor Training courses during the assignment. Lee, who was a Captain when this 2LT met her at Bragg, left active duty and began an active career with the National Guard which still continues. In 1974, after six months as Adjutant of The Ranger Dept., I completed the Infantry Advanced course and we were once again assigned to Ft. Bragg.
During that tour I was Plans and Operations ACSPER, 1st Ciscom for a year; Assistant S3, 2d Brigade, 82d for a year and a half; and Cdr, Co. C, 3rd Bn (Abn) 325th Inf for 15 months. Lee, meanwhile, ended her career as one of the nation's longest continually successful Undergraduates by finally earning her B.A. at Fayetteville Statel
In September 1978 I was assigned to Duke University, Durham, N.C., to obtain a Master's Degree in History with utilization at USMA teaching Art. At this point I'm still at it. Lee, meanwhile is earning a master's in English.

224. **Brian D. Owens** Spent four years in Armor Branch at Ft. Meade, Vietnam, and Ft. Bragg. Resigned in August 1973. Entered Medical School at Temple University in Sept 1973. After first year married Sarah J. Kern. Upon completion of medical school moved to Denver where I completed my internship and am currently in first year of Internal Medicine residency. Sarah (Sally) taught for five years prior to our move to Colorado. She currently works as a secretary in a Decorator Center.

225. **Jonathan Parobek** After graduation, the Finance Corps took me on assignment to the Finance School at Ft. Benjamin Harrison for four months, Augusberg, Germany of a year and a half and a quick stop in Danang, Vietnam for ten months. In between Vietnam and my final military assignment, I married my highschool sweetheart, Linda. We were off to Seneca Army Depot in upstate New York where I assumed the duties of Finance and Accounting Officer for the final two years. In June 1974, after release from the service, the Parobek's moved to Colorado Springs where I found a position with Capp Homes as Personnel Manager and Linda began work for the County Social Service Department. In August 1977, we had a daughter, Cori Suzanne. I received a Masters in Business Administration and Linda a Masters in Guidance and Counseling from the University of Colorado in December 1977. Recently I've been promoted to Production Manager with Capp Homes.

226. **Charles J. Pedersen** After completing the basic and airborne courses, I was stationed with the 11th ACR in Fulda, Germany. In August 1970 I returned to the states and married Cathy and brought her back to Germany. In the 11th ACR, I served in various positions in the How Battery, including battery commander. Our daughter Melissa was born in Fulda on 5 June 1971. In June 1973 the three of us returned to the states, Cathy and Melissa lived outside San Fransisco, and I went on to the 2d Inf Div Arty where I was the Div Arty S2 and S4. While I was in Korea, Cathy had our son Taylor on 15 Aug 1973. In Mar 1973 we were together again and on our way to the advanced course and a 3 year tour at Ft. Sill in the Directorate of Training Developments. On 10 Jan 1978 we were on our way again to Germany. We're currently stationed in Augsburg. I am a battery commander in the 1st Battalion, 30th Field.

227. **John V. Peters** With the completion of FAOBC and Airborne Training, Jo Lynn and I were married on February 7, 1970 in La Junta, Colorado. After spending 2½ years in Germany and 1 year in Greece, we were assigned to the 11th ADA Group at Fort Bliss, Texas where in June, 1974 I was discharged. We moved to Midland Texas in July, 1974 where I was employed as a Petroleum Engineer for Texaco Inc. After completing a training program I served as Field and Area Engineer for the Midland District until August, 1976 when I joined Coquina Oil Corporation as Assistant Production Manager. I am currently employed as Senior Engineer for Cotton Petroleum Corporation's Midland Division. We have two children - John Jeffrey, born January 1, 1972 in Wurzberg, Germany and Janelle Lyn, born September 2, 1976 in Odessa, Texas.

228. **Randall R. Peters** After commissioning in the FA and the basic course, I spent my first duty station at FT Carson as a battery FDO and battalion Asst S3 (1-19FA). With an itch for travel, I signed on for the grand tour of the RVN in November 1970 and had such a good time that I stayed until the last USAF flight took off from Cam Ranh in May 72 (remember "Casablanca"?). While there I served as a battery XO, S2 (1-30FA), and truck company commander (24TC). Then I spent an enjoyable 2½ years back home with the Milwaukee Recruiting District (S3&S1). In Jan 75 it was off to FAOAC. Upon graduation in Oct of that year, I was sent to FT Polk where I formed and commanded FT Polk's first FA battery since WWII (B/2-21 FA). In Jan 77 I took over as S1 for a tank battalion (1-40AR). In Nov of the same year I made the difficult decision to give up my easy life with the Army and don the civilian pin- stripe blue. Now I'm employed by Texas Instruments in Houston (shift supervisor within the company's design services department), putting my engineering degree to use for the first time in ten years. Still happily unmaried.

229. **Thomas E. Piazze, Jr.** After the normal round of schools (ABN, Ranger, IOBC) the first thing I did was get married to the former Donna Beck from Wantagh, NY in Feb '70. After a brief honeymoon in London, on to Ft. Bragg for an initial assignment with the 82nd. In August '70, I left Donna working in New York and did my thing with the 24th Inf. Div and 101st ABN Div in 'Nam. Following my tour overseas, I took Donna to Ft. Hood for a three year tour with the 2d Armd Div., which we both enjoyed tremendously. Then to Benning for some advanced learning. Must have worked because in June '74 our first child, Tara, was born. Stayed on two years as an instructor with the Tactics Department at Benning until Feb '77. Then a short tour at the Defense Language Institute for Italian Language Training, and enroute to an assignment with the 509 ABCT, Donna gave birth to our second child, Tommy, in Oct '77. We're currently stationed in Vicenza, Italy, at the foothills of the Alps, enjoying the vino and pasta of Italia, and my job as Aide-de-Camp for MG Wolfe, Commanding General, United States Army Southern European Task Force. Wish we could join you, but can only send our best to all of the class of '69.

230. **Richard S. Ploss** With the exceptions of a six month tour ashore attending the Naval Destroyer School and my current assignment at the Naval Postgraduate School, all my duty assignments have been afloat billets: USS TRUXTUN (CGN 35) (Assistant First Lieutenant); USS JOSEPHUS DANIELS (CG 27) (NTDS Maintenance Officer, CIC, First Lieutenant); USS AULT (DD 698) (Engineer Officer); USS CHARLES R. WARE (DD 865) (Engineer Officer); USS SAN BERNARDINO (LST 1189) (Engineer Officer); and USS RECLAIMER (ARS 42) (Executive Office). My cruises have taken me as far west as the Strait of Malacca, north to the Bering Sea, as far east as the island of Crete in the Mediterranean Sea, and south to Sydney, Australia.
In 1975 I was married to the former Andree G. Garnier, a french citizen born and raised in Oran, Algeria. Andree has recently resumed her college studies, majoring in Business Administration. I have retained my love for sailing having owned two boats since graduation: a Hobie 16 catamaran and a 5.5 meter sloop built for the 1968 Olympics. In 1973 I finally sold the Morgan bought first class year: although fully restored I could no longer properly maintain the car in the vagabound existence I was living at the time.

228

231. **Dennis S. Pogany** I resigned my commission in December 1974 after serving in Germany, Vietnam, Ft. Harrison, IN and Edwards AFB, CA. I went to work for Johnson & Johnson in Chicago, IL, as a production supervisor. We continue to enjoy civilian life, the Chicago area and Johnson & Johnson. Nan is expecting in late April 1979 and we look forward to the change and excitement of our first child.

232. **Bill Pohlmann** Linda Carol Gara (W. Va. Wesleyan, '68) and I were married on 21 Dec 69 in the Cadet Chapel, West Point. After a short 15 month tour at Ft. Bragg, we moved on to flight school. Then cam a separation while I was in Vietnam. Our daughter, Ginger Nicole, was born on 12 Jul 74 at Ft. Gordon. In Aug 74, I received an MBA from Augusta College; then in June 76, and MSEE from GA Tech. Our son, William Todd, was born on 24 Sep 77 at West Point.

235. **Geoffrey G. Prosch** Since our marriage in 1973, we have had enjoyable assignments at Fort Benning, Fort Bragg, and West Point. We depart for Europe this summer and hope to see some '69ers over there. Sorry we couldn't be at the reunion —have a great one.

229

232

233. **Glenn Porter** Bev and I have stayed Stateside for the most part since graduation. Our first permanent stop was Ft. Hood where a close knit and friendly battalion made the tour very enjoyable . . . considering Texas. Allison was born there in '71. Then I went for a challenging but lonely year in RVN. Kodak made a mint on all the pictures Bev sent. We felt fortunate in getting an assignment to another Signal Battalion at Ft Carson before starting the Adv Crse, grad school, USMA sequence. It was a wonderful tour. We bought a house there and hated to leave. Kerry was born there in '74. Grad school was **not** fun. Illinois was never informed of a grad school's role as a stateside R&R center. Our West Point stay has been great for the whole family. I spend my work day teaching computer science electives. Bev especially likes the trips to N.Y.C. From here we're anticipating our first assignment to Europe. By the way Skippy sends a lick to all his friends.

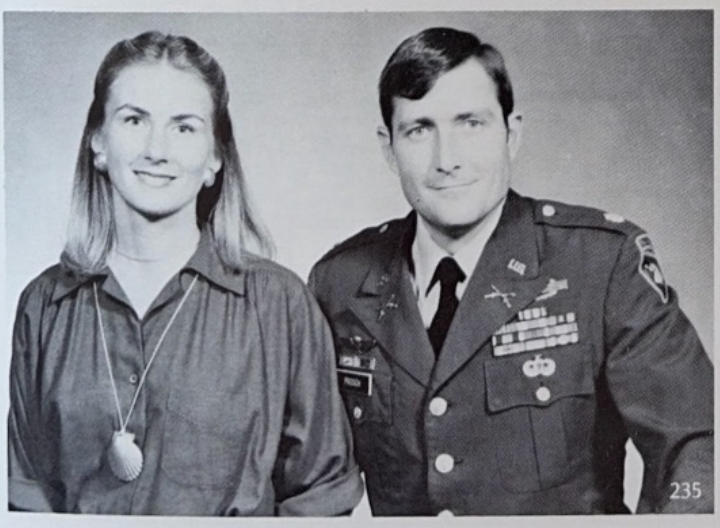
234. **Robert P. Pratt** With cadet gray properly disposed of, it was off to an exciting year of TDY at Fort Sill and Fort Benning. Then on to the "real Army" in Crailsheim, FRG with 5/73rd FA as platoon leader, XO, A/S—3 and BC during the course of three years. While there I met and married (29 Dec 79) a DOD dependent school teacher, Jeanette Mack of Linn, Kansas. We returned to Ft. Sill for the advanced course and then on to U. California Berkeley for two years of masters study in geological engineering, before returning to USMA to teach geography and geology in ES&GS. Since returning our son "Brooks" was born (14 May 77). Now after three wonderful years of working with cadets in class, in the field and in several extracurricular activities it looks like a short separation while I move far far to the east.

236. **Nick Psaki** To paraphrase Mark Twain, "The forecast of my return to West Point was greatly exaggerated!" Nevertheless, we are back at West Point now, and it seems a good time to be here. The last ten years have been exciting, challenging, and rewarding; most of all, though, they have been years of change, of growth, so that we return very different from what we were when we left. There are more of us: Nicky, 9 born at Fort Benning, and Katherine, 5, who joined us in Colorado Springs. We have new goals: Pat, a degree, and perhaps a career, in psychology; Nick, a Ph.D in history, and then . . . ? We have new friends, new ideas, and of course, many new memories; Germany, Viet Nam (an unhappy year!), Knox, Carson, Stanford, and many wonderful people along the way. Still, it is good to be here, now, to see the old places, greet the old, dear friends, and take stock. Who can know what lies ahead? We can only take life as it comes, and hope the next ten years are as good as the last ten. God bless you all!

237. **Edward L. Quinn** After the usual Basic and MOS courses, my initial assignment was in Europe with the 3d Armored Division for 3½ years. The Signal Officer Advanced Class at Ft. Gordon was next. During the course, and after an almost six-year courtship (we met at the Army-Pitt game in 1968 -- when we used to be able to beat them), Sherri and I finally got married in July 1974. We wasted no time in starting our family, and Douglas was born while I was stationed in Korea in April 1975. We were then reassigned to Ft. Gordon in December 1976, and we again wasted no time in expanding our family -- Jeffrey arrived thirteen months later. We are really looking forward to the next five years -- two at Rensselaer Polytechnic Institute to pick up an MSNE, then three years in the Math Department at West Point. Sherri and I both enjoy arts and crafts, and Sherri is also a dance instructor (and was a partner in a dancing school before we were married). I'm a tennis and racquetball enthusiast and play whenever I can.

233

234



235

237

238. **Tom Ramos** First stationed in Germany for 3 years where Loretta was born in 1972. Following Career Course in Belvoir we went to Korea (Donna and Loretta joined me there) in 1974-75. After two years at MIT we are presently stationed at West Point with the Physics Department.

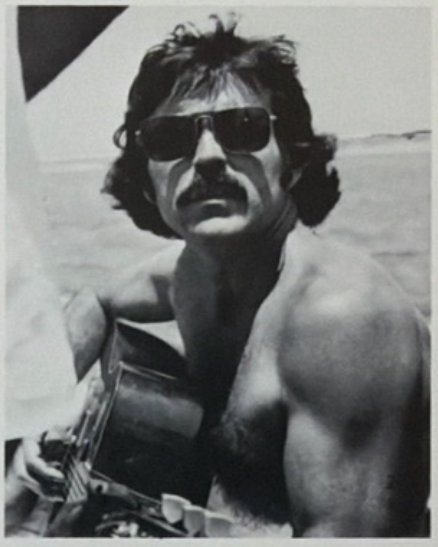
239. **Ramsey, Robert D, III** Since our marriage ten years ago, Sandra and I have been very fortunate -- we moved only nine times. After the routine schools at Ft. Benning, Ft. Bragg became our home for six months, before I left for Vietnam. Returning to Ft. Campbell, Kentucky, with the 173rd Airborne Brigade, we sat up our first "permanent" home. Weathering the storms of company command and adding a son (Ronald) to our family, we packed our bags for Ft. Benning and the Advanced Course. After three years stateside, we were once again faced with another separation -- this time Korea. After a long year, we were reunited and moved to Houston, TX, to attend Rice University. When not slaving over the books, time was found to ensure the arrival of our little girl (Rebecca). We are currently enjoying a pleasant tour of duty with the History Department at West Point where I am teaching Military History.

240. **Don Randolph** 71-74: USC Law School
75-78: Deputy Public Defender, L.A. County
78: Bass Guitar/lead vocals "Prairie Fire"
79: Private practice of law
Marriage status: Single (not mature or responsible enough for marriage)

241. **James P. Reams** After graduation I served a short tour with the 2d Division Artillery and 1st Corps Artillery in Korea. This was followed by a year with the 23d Artillery Group in VN. Next came Artillery career course and 2 years in graduate school at the U of Minnesota, where I met my wife who was the Air Force Nurse Recruiter. We were married at W.P. in Sep 1974. She is "all Army," now except around the Army vs. Air Force football game. We spent 1975-78 at W.P. where I taught on the Environment side of the ES&GS Dept. Our daughter, Carolyn, was born in May 1976. I've spent the last year at DLI learning Russian and we are currently in our first of two in Germany at the Army Russian Institute.

242. **Ed Rehkopf** After graduation, commissioning in the Signal Corps, and leave, I spent a year in TDY courses before going to Korea. Returning to Ft. Carson in 1971, I spent three years in various positions. In June 1974 I resigned my commission and went to the Cornell School of Hotel Administration
Following my graduation in 1976, I took the job as assistant manager at the Hotel Thayer which led to the manager's job in June of that year. My wife, Mollie, and I were married in 1970 and we have three daughters, Kate, Meghan, and Carrie.

238



245

243. **Tom Reinhardt** After Armor Officer Basic, I served with 4th Bn, 63rd Armor as Battalion Maintenance Officer and Company Commander at Fort Riley, Kansas. I then attended flight school and served as a platoon leader and operations officer of the 128th Aviation Company, Uijongbu, Korea. I was next assigned to the 48th Aviation Company, Ansbach, Germany and then as Internal Review Officer and Budget Officer with 1st A.D. Comptroller, Ansbach, Germany. I received MSBA from Boston University in September 1976, attended Armor Officer Advanced Course January 1977, and am currently assigned to ROTC duty at the University of Delaware. Janet and I have a son, Brian Thomas, born 30 May 1978.

244. **Carl L. Remmel** Airborne-Ranger-10BC. Ft Carson, CO for 6 months. Korea, the 7th Inf Div, I ROK/US HQ, and duties as Aide-de-Camp. Flight School Sep '71 to June '72. Married to Mickey in Jun 1972. Cobra transition then Ft Bragg for 3½ years with 82d Aviation Bn & 2d Bde in flying billets. Interservice transfer to USMC in Mar '76. Amphibious Warfare School, Quantico, VA, overseas to Okinawa and presently stationed with Squadron HMX-1 Quantico.

245. **E. Wayne Renner** 1969 . . . Field Artillery Basic, Airborne . . . 1970 . . . to Germany for duty with the 2d Armored Cavalry Regiment . . . Fire Direction Officer, Battery XO, Battery Commander . . . 1973 . . . Korea for another Battery command and six months as a Battalion S1 . . . 1974 . . . . Field Artillery Advanced Course . . . 1975 . . . Naval Postgraduate School, Monterey, California . . . 1976 celebrated the bicentennial with marriage to Bonnie Sternberg on the Fourth of July . . . graduated with Master of Science in Operations Research . . . 1977 . . . back to West Point to teach Plebe calculus . . . "Take Boards!" . . .

246. **Stephen K. Rhyne** My first years after graduation were spent as an engineer in the Army. After brief stints at Benning, Belvoir, and Bragg, I went to RVN, where I served with the 25th Infantry and the 101st Airborne, primarily as a platoon leader. Next, I was assigned to the 16th Engineers in Furth, Germany. I was the battalion operations officer of the 16th and later commander of Company B. I closed out my Army service as aide to the C.G. of the 1st Armored Division.

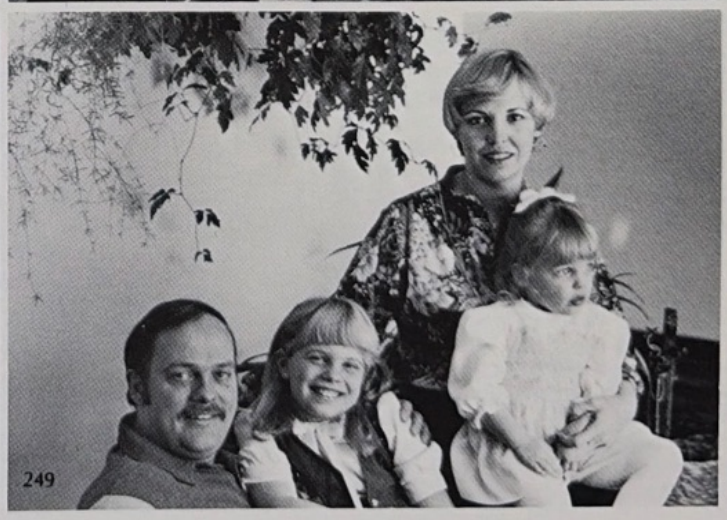
For the next three years, I attended George Washington Law School in D.C., where I graduated with high honors. While at law school I was editor-in-chief of the Law Review. After graduation I stayed in D.C. for another year while clerking for the Honorable Roger Robb, a Judge on the United States Court of Appeals for the District of Columbia
I am now in private practice with the firm of Kennedy, Covington, Lobdell & Hickman in Charlotte, N.C., my hometown.

247. **Terry L. Rice** Wedding, Engineer Basic Course, Airborne, Ranger, and then we were off to Germany for 4 years -- 3 were spent in beautiful Baumholder. First daughter was born in Bad K, next year spent in Korea during which time our second daughter arrived. Two years at the U. of Illinois preceded the last 2 years at W.P. in the D/Engineering.

248. **William J. Rice** The initial assignment in Germany saw this young bachelor lieutenant traveling from Dachau to Ansbach, to Herzogenaurach to Augsburg while learning the ropes in the Field Artillery. I met Suzanne Smith of Centralia, Illinois during a trip home for the Christmas holidays, 1970. The "post-office" courtship that followed led to our wedding on 19 August 1972. March of the following year brought reassignment to the 2nd Infantry Division in ROK, and we enjoyed a demanding but rewarding and enriching experience there. Then it was on to Fort Sill and the advanced course followed by graduate school in Control Systems Engineering at Washington University, St. Louis. It was good to be close to our families and old friends for a time. On 28 November 1976 we were blessed by the arrival of Lesley Marie. In June of the following year West Point became the new Rice homestead.

249. **Bob Riddell** Barb & I got married 3 days after graduation and following the Airborne & Ranger Ritual left for a tour in W. Berlin Germany. We had a blast there and Kelly came shortly! In '72 the three of us trucked back to the states and I went to 'Nam. Afterwards, we spent a tour at W.P. and we decided I'd hang up the Army Boots. We lived 4 years in NJ where Keri came along in 1976. We are presently living in Sinsbury Conn.

250. **Gerald W. Ricker** After successfully completing Airborne, Ranger and the Engineer Officer Basic Course, I spent a year in Vietnam with the 173rd Airborne Brigade. Two bronze stars, a purple heart and Vietnam Cross of Gallantry later I returned to Ft. Carson and served three years as Project Engineer for DFAE. Resigning my commission in June 1974 I was promoted from Branch Manager to Project Manager and to Corporate Vice-President of the Baca Grande Corporation where I am currently responsible for this $10 million company's premium Colorado resort real estate properties and land developments and operations. Kathy and I were married in 1974 and were fortunate to receive a daughter Erin in 1976. Kathy is currently the Counselor for St. Mary's Central High School in Colorado Springs.



251. **Eric W. Robyn** The past 10 years have been relatively standard from the career viewpoint. Three very important events have made these past years memorable and exciting: my marriage to Sally on 19 July 1969; the birth of my first son, Paul, on 12 July 1970; and the birth of my second son, James, on 15 August 1967.
After the FA Basic Course and Ranger School, I spent a year in Vietnam as a Forward Observer and 105mm Howitzer Battery Executive Officer. Stopping in the states long enough to pick up Sally and 8-month old Paul, I spent the next three years in Germany. Finally returning to the U.S. in 1974, I attended the FA Advanced Course and was fortunate to be selected to return to USMA as a Tactical Officer. En route to West Point, I spent a year at Purdue in graduate school, finishing with a degree in Industrial Relations. Since completing a 2 year tour as TAC of Company H-2, I have been the Executive Officer of Second Regiment.

252. **Thomas E. Rogers, Jr.** The Rogers are much more excited about the next ten years than the last. After meeting in a class at Georgia Tech, we were married last December. Both of us will finish graduate school in June 1979 -- I will graduate in Computer Science and Sandy in Industrial Management. After graduation I will be assigned to TCATA at Ft. Hood and Sandy will be filling an MBA position.

253. **Joseph C. Rose** 4 June 69-Graduation/Commission August-November 1969-FAOBC, Ft. Sill Oklahoma.
1-21 Dec '69-Airborne
5 Jan-4 Mar '70-Ranger
12 Apr 70-1 June '71-Vietnam, III Corps
a. 12 Apr '70-1 Aug '70-Fire Direction Officer, B Btry, 3/13th Arty, (155 SP).
b. 1 Aug '70-1 Dec '70-XO, C Btry, 3/13th Arty, (155 SP), 25th Inf. Div.
c. 1 Dec '70-1 June '70-General's Aide
5 July '71-July '74- Germany, 1st Armored Div.
a. July '71-May '73-Btry Cdr., "C" Btry, 1st Bn./94th Arty., (8 inch, SP).
b. June '73-Ki;u '74-Drug and Alcohol Abuse Prevention and Control Officer (S-6), 1st A.D. Arty Hqs., 1st A.D. Aug '74-May '75 -FAOAC, Ft. Sill, OK July '75-26 April '76-Company Cdr., "A" Co., HQS, Ft. Huachuca, AZ 26 Apr. '76- Resignation of commission Summer '76-Dec '78-Graduate Student, Russian Language and Literature, University of Arizona, Tucson, AZ. 31 Dec '78-awarded MA degree
1 Jan '79 to present-unemployed, interviewing with several gov't agencies; waiting for phone to ring.
Married Connie Rose-14 June '69.
Son- Joseph G. Rose-born 15 Nov '72
Separation: 8 July '77 (later divorced)
Remarried Melody Marie Rose
Step daughter-Rhonda Lee Rose, born 3 May '69
Son David J. Rose, born 8 Nov 78.

254. **John E. Rountree** Dottie and I were married in June of 1969 and spent the first two years bouncing around various Signal Branch assignments. Our oldest daughter, Kimberly, was born in 1970 at Fort Monmouth where I was assigned as an aide-de-camp. After a tour in Vietnam as C.O. of the 170th Signal Co., I was assigned to Fort Gordon for the SOAC and later as an instructor. Our second daughter, Allison, was born in 1973. In 1974, I received a MBA from Augusta College just prior to leaving the service in August. I immediately joined Carr Paper Company in Pomona, California (my home town) as a sales representative and moved through the ranks to my current position of Executive Vice President in charge of operations. Our third daughter, Amy, was born in 1975. Dottie taught school in the first couple of years of our marriage, but with the coming of our daughters, has become a professional volunteer for every school activity and charity event - besides being a fulltime mother. Family activities center around the girls' soccer, swimming, gymnastics and other activities.

255. **Russ Roux** Nothing but excellent assignments best characterizes my six years on active duty. In May 1975 after much prayerful consideration, I turned in my bars on the heels of a most rewarding tour as rifle company commander in Korea. My second career, as an associate of former astronaut James Irwin, entailed much travel and school presentations on America's space program. Over the next 2½ years I was very touched and encouraged by the young people to consider the teaching profession. Now I have completed teacher certification and acquired an MA in elementary education. You will undoubtedly find me in a 5th grade Colorado classroom and still driving my original '69 Cougar!

256. **Robert Rowe** Ann and I were married in Miami, FL where we both grew up. The ceremony was a month after graduation. Scott arrived a year and a half later in Germany which was my first assignment in the artillery. Michael arrived during flight school at Ft. Rucker and even made it to Korea. Ann and the two boys shopped their way through Seoul while I flew with the cavalry on the DMZ. Our last year in service was spent back where it all started at Ft. Sill with my attending Oklahoma U. educating myself for the business world. Karen arrived just before Christmas 1977 in Altamonte Springs, FL. We now reside on Lake Brantly near Disney world in Orlando. I am the Regional Vice President for Putnam Management Company.

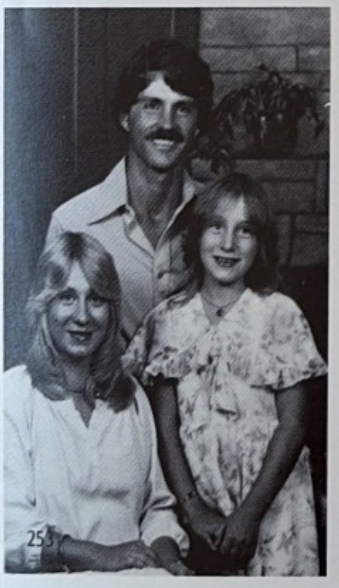
257. **James P. Russell** After two tours with the Cav. in Germany, separated by a year as an advisor in Vietnam, I became a civilian in 1975. Following my completion of the Stanford MBA program this June, I hope to find work in general management with a firm offering international opportunities.

258. **Laurence Sadoff** A one word synopsis of the past 10 years for the Sadoffs is TRAVEL! After graduation, Airborne, Ranger, Basic and a short tour at Ft Meade, I spent a year with the 101st in RVN. Dee Dee and I were married at W.P. immediately after my return to CONUS. Then it was TDY to Pathfinder at Benning, on route to the 8th Engr Bn, 1st Cav at Ft Hood. 1973 brought the birth of our daughter, Leslie, and a move to grad school in Champaign, IL, where I received a MSCE. We stayed put for awhile with a tour at USACERL (full of TDY from Italy to Hawaii), an MBA for me and the birth of our son, David, in 1975. But, our travels had only begun; we left for Germany in June 77 and haven't sat still since we arrived. Our travels have taken us to England, France, Spain, Austria, Switzerland, Soviet Union, East Berlin -- not to mention Oktoberfests, Christkindlmorts, etc! 1979 finds us PCS again from Ludwigsburg, Germany (503d Engr Co) to Aschaffenburg (S-3, 9th Engr Bn) with 18 months left in country -- still plenty of time for more travel!

259. **Chris Sautter** I have spent the last 10 years the way I spent the previous 4, in a constant quest to excel. Barring minor setbacks along the way including a tour in Germany with an AVLB, flying with F Troop in RVN and a chance to grovel in the dirt at the St. Bennings School for Boys I decided to marry. With some practice, referral to old cadet notes, and the water at Penn State this union resulted in Cole. At 18 months Cole is bigger than the whole 150 lb football team except Nick Stafford who could never make weight anyway. Fortunately, he has been accepted to the Bob Kimmitt School of Protocol so Jan and I are not worried about his future. With this milestone behind me, I somehow still felt unfulfilled. The answer had to be return to the scene of the crime. This was done by convincing our rockbound highland home that first alcohol was a fluid and second, who better to fill a drastic need for instructors than a man with experience. I now find myself a member of the Mechanics Department teaching fluids and flying airplanes.

260. **Frank R. Savage** After graduation I went to Germany and served as a platoon leader, Btry XO, Btry Cmdr, and Bn S-2. From there my travels took me to Korea, I attended graduate school at Georgia Tech and have a degree in Nuclear Engineering. I have taught Math at USMA since June of 1976. I am married to my lovely wife Jean, and have two kids, Derrik (7) and Kristi (3).

261. **Joseph D. Sebes** My initial assignment was the 1-54 INF (Mech) in Bamberg, Germany where I served as a platoon leader, company XO, and battalion S-2 from January 1970 through September 1971. The following year was sepnt as an advisor to the Vietnamese units in the Central Highlands (Pleiku and Kontum Provinces). In December of 1972 I returned to Germany where I was assigned to the 1-32 AR BN in Friedburg, serving as a company commander and Battalion S-4. It was here that I met my wife, Mickey, who was teaching in Frankfurt American Dependent's School #2. We were married on 3 August 1974. We departed Friedburg in February 1976 for the Advanced Course at Fort Benning, and upon completion of IOAC, I was assigned as an instructor in the Tactics Department.

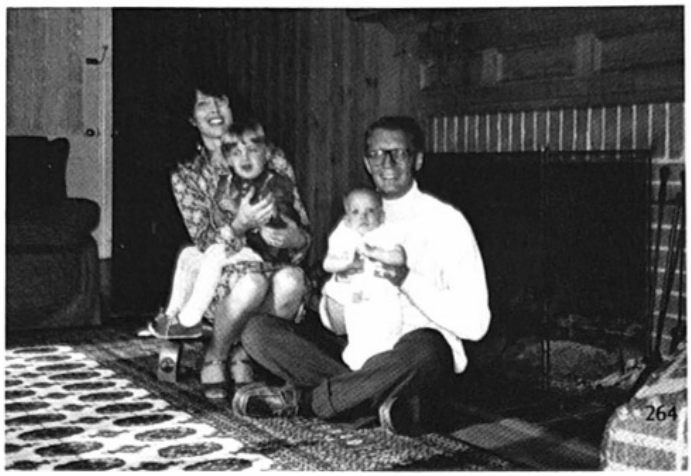


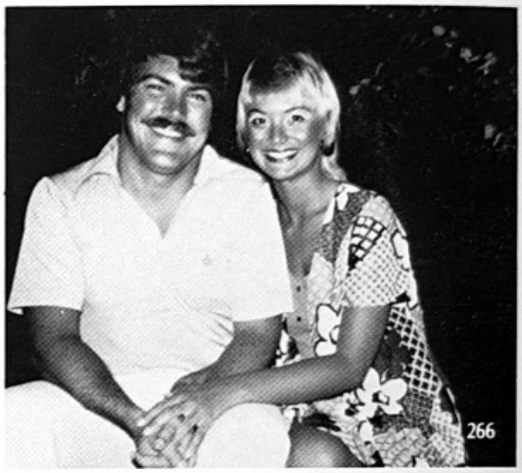
253

257

260

261





262. **Albert H. Schaaf** After EOBC, Airborne, and Ranger school, I was stationed in Germany for three years with the 10th and 78th Engineer Battalions. My main positions there were Assistant Operations Officer, and Battalion Maintenance Officer. I then returned to the U.S. for two years at Ft. Hood, TX, where I was Company Commander of D Company and then Headquarters Company of the 8th Engineer Battalion.
I left the Army in 1975, and in early 1976 departed the States for Asia on a trip that ultimately lasted about seven months, and took me to Thailand, Singapore, Indonesia, Malaysia, and by surface transportation from Sri Lanka to England.
I started Graduate School in Operations Research in early 1977 at the University of California at Berkeley, was an Aerospace Intern with NASA in Houston that summer, and completed my Master's Degree at the end of 1977.
I went to work with the Flying Tiger Line in Los Angeles as an Industrial Engineer in early 1978 and have been with them ever since, traveling frequently to various parts of Flying Tiger's system.
My main outside interest has been flying, and I now hold a Commercial Pilot's license with assorted ratings. I've also been involved with Amateur Theater and Golf. I still remain in the ranks of the bachelors.

263. **Tom Schafer** On June 7, 1969 I married Sandra Gene Visco of Toledo, OH. Sandy and I, after 5 months at Ft. Benning, GA, moved to Germany where I served in the 2d Battalion, 36th Infantry and the HQ, 1st Brigade, 3rd Armor Division. In October 1971 I was the Security Officer for the Port at Sattahip, Thailand. A few months later I became the Secretary of the General Staff of US Army Support, Thailand. In November 1972 Sandy and I were again at Ft. Benning. I was assigned to the 1st Battalion (Mech), 58th Infantry, 197th Infantry Brigade. I resigned my commission on June 4, 1974 and began working for Proctor & Gamble at a location in Mehoopany, PA. I have managed an operating team making Pampers, worked as Training and Organizational Development Manager and am currently the Materials Management Department Manager. Sandy and I were blessed with a son on May 15, 1978, Donald Jeffrey, and are expecting our second child in January 1980. I am currently earning my MBA at the University of Scranton.

264. **Bryan H. Schempf** This marriage resulted from the performance of official duties: I was only following my boss' "suggestion" that I date that "cute Texas school teacher." Only after we were engaged did we discover that our mothers had graduated together from high school. With Allison born in 1975, and Laura in 1978, Marilyn has found more than full-time employment at home!
I graduated from law school in 1974. I am presently with the Army JAG School faculty in Charlottesville, Virginia, as an instructor in administrative law. Previously I was assigned to Ft. Meade, Maryland, as a criminal trial attorney.
We both look forward to another reunion of classmates and friends.

265. **Dennis Schonewetter** Enroute to Europe after graduation and our wedding in La Jolla, California, Nancy and I passed through Ft Gordon and Ft Sill. We made new friends, strengthened old friendships and started our family with a beautiful baby girl named Kathryn Ann ("Katie"). Germany was busy! Constant activity as a new signal officer, adjusting to Germany and the great distance from home and the familiar things, and constant sense of adventure while exploring Europe were the heart of those years. Once back in the states we were at Ft Gordon and then on to USC where the world of computers and ADP opened up for me. We were able to reestablish many old family ties and acquaintances since Nancy and I are both from Southern California. Our little family was further blessed by the arrival of Carolyn Jane ("C.J."). From California we packed up and went to the US Army War College in Carlisle, Pennsylvania and settled into the pleasant and unique central Pennsylvania way of life. Our stay here will be over about the time this is published. We have no idea where we will be off to next, what I will be doing, or whether I will be in the Army Green. In any case, we hope the next ten years will be as good as the first ten have been.

263

266. **W. A. Schroeder, III** Spent six years in USN as a Flight Officer. Made two Med. Cruises aboard USS Independence. Resigned from USN and started small Air Charter Business in Norfolk, VA. After about a year and a half of struggling and moderate success was hired by Piedmont Airlines. Now flying Boeing 737, based in Norfolk, living in Virginia Beach. One wife, Leslie, no kids. Having a nice time.

267. **Jack R. Schuyler** Recreation Services Officer 3d ARM DIV & V CORPS 69-73. Recreation Services Officer at Fort Jackson S.C. 73-74. Resigned as CPT in June 1974. Golf Professional PGA 74-75

272

Sales Representative Cadillac Motor GM 76-77 Manager of Roadway Express, 1978. Wife -- OB/GYN Nurse Northside Hospital, Atlanta, Georgia. No children.

268. **Craig Schwender** Graduation -- Airborne -- Ranger -- IOBC -- Married Dec '69. 70-71 Plt Ldr & S-3 (air) 2/54 Inf Bn, 1st Armd Div. in Bamberg, Germany
Sept 71-June 74 -- Law School, Univ of Utah in Salt Lake City
Nov-Dec 74 -- JAG Basic Course -- Charlottesville, VA. Jan 75-June 77 -- trial Counsel & Chief Defense Counsel, 1st Armd Div., Nurnberg, Germany July 77-June 78 -JAG Advanced Course, Charlottesville, VA. June 1978 to present -- Special Court-Martial Judge, Ft. Knox, KY

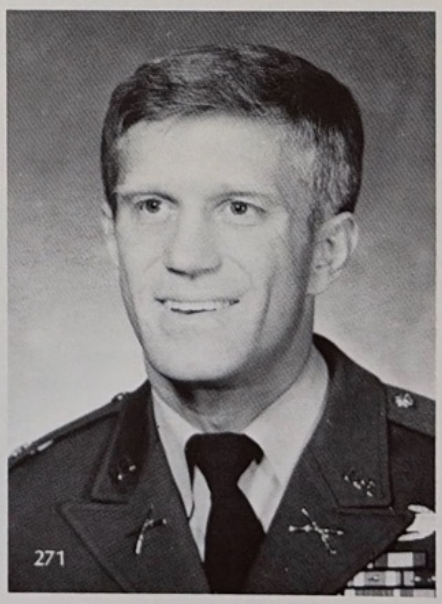
267

269. **David L. Scibetta** Transferred to AGC in June 71 upon completion of Vietnam tour. Married Chris Burns, graduate of Trenton State College, on 26 Jun 71. Served as OIC, USMA Bookstore, from Jul 71-Aug 75. Received an MBA with a Major in Marketing in May 75. Attended the AG Advanced Course Aug 75-Mar 76. Our first child, Stephen, was born 23 Dec 75 in Indianapolis. Assigned to Europe in Apr 76 and have extended until Jun 80. Served as S1 and S3 in a PERS and ADMIN Bn in Kasserslautern from Apr 76-Jan 78. Reassigned as the Operations Analysis Officer for the Enlisted Personnel Division at MILPERCEN, Europe, in Heidelberg, and internally reassigned as the Personnel Readiness Briefer for CINCUSAREUR in Apr 78 until the present time. Expecting our second child in Mar 79. Chris runs the exceptional child program in the Heidelberg Area.

270. **Kenneth C. Scull** Basic, Airborne, Ranger School, Sept 69-Mar 70, Ft. Benning, GA Wpns Plt Ldr - Recon Plt Ldr 2/509 MAINZ, Germany (8th Inf Div) Assigned RVN where CO, Q/1/502, 101st, also S-3 AIR 1-7 CAV, 1st Cav Div. Amara Lucille born 16 March 72, Nashville, TN Advanced Course Ft. Benning. CO, 2d Ranger CO Sept 73-Jun 75, Dahlonega, GA. Megan Phyllis born 21 Jan 75, Gainesville, GA Asst. Football coach, USMA Aug 75-Dec 78. Ryla Camille born 21 Aug 78. Currently Asst. TRADOC Systems Manager (Smoke Division) Ft. Leavenworth, KS. Micheken busies herself with the girls and developing skills as basketball official which she hopes to develop into a profitable hobby.

271. **Bob Seitz** 101st ABN DIV - Vietnam 1970-72
82nd ABN DIV 1972-74
USMC AMPH Warfare Crs 1974-75
2nd INF DIV - Korea 1975-76
Officer Distribution-MILPERCEN 1976-78
Command & General Staff College 1978-79

272. **William Selecman** After graduating spent 3 years in Zindorf, W. Germany with 1st Bn 22nd ARTY as Battery XO and CO. Then one year in Chun Chon, S. Korea as personnel officer for 4th MSL COMMAND. Resigned commission, married former Monica Kingston and started Harvard Business School in 1974. Good year. Spent 1974- 1976 at Harvard Business School -- where I may add Monica put me through. Graduated - spent 2 years (1976-1978) in Houston, TX with Continental Can Co. In February, 1978, we had a son, Casey Brian, this also a good year. In Sept. 1978, changed jobs. Work for Kinpak, Inc. as their plant manager and live in Atlanta, GA where Jimmy Carter got his start.



271

273. **Bob Setzer** After five years in the infantry, I resigned my commission and attended Cornell's MBA school. Since July '76 I have worked for Ridge Tool Company in Accounting and am currently the controller. My wife, Kathy, is from Rockford, IL. We met in Tucson, AZ and were married in 1972. She holds a Masters degree in Education from the U. of Arizona.

274. **Johnnie D. Shaw** After graduation Linda and I were married in Milford, Connecticut. Karstens, Pick-King, Wosbacker, Cans, Bresnick and Luchak attended. We spent the summer in Memphis where I worked for Holiday Inn while on leave. Then to Ft. Bliss, Texas and the Air Defense Basic Course. From there by way of jump school to the wilds of Alaska and a Nike-Hercules battalion at Ft. Richardson near Anchorage. Three years there successively as a platoon leader, XO, battery commander, and battalion adjutant. During May, 1972 Chris was born. In December we returned to Ft. Bliss and the ADA Advanced Course. In January, 1974 I went to Korea and Linda and Chris stayed in El Paso. I was the S-3 for the 1st/44th ADA Hawk battalion located at Reno Hill. Upon my return in March of 1975 we went to the University of Oklahoma at Norman and spent two years in pursuit of a master's degree in Geography. In March, 1976 the second addition to the Shaw family arrived, Melinda. In May 1977, we departed Oklahoma and reported to West Point to the Department of ES&GS. We have just finished our second year here and Chris has completed the first grade and Melinda is in day school.

275. **Tony Singer** Sue and I married on June 14, 1969. Our travels took us to Fort Sill, Fort Benning, and Fort Carson where we had our first son, Robbie. From there it was on to flight school, and ultimately to Fort Lewis, where our second son, Scott, was born. I resigned in February 1975, to work for Procter & Gamble. We are all alive and well and living in Tuckhannock (where's that?).

276. **Donald B. Smith** The past ten years have been very eventful for the Smiths. After graduation I spent an all too brief tour of duty at Ft. Ord, California followed by a tour of duty in Vietnam. In Vietnam, I served as a platoon leader and troop commander in the 1st Squadron, 10th Cavalry. Upon my return to the states, I met a "new" hometown girl, Jane Powell and we were married in June 1972.
The Smiths spent the first years of married life at Ft. Knox, KY where I was assigned to the Armor School. In 1974 I received my Master's Degree from the University of Southern California. My most recent assignment was a three year tour of duty as the Tactical Officer of Company E4 at West Point. I am presently attending the Command and General Staff College at Fort Leavenworth, KS.
Jane and I have been blessed with two children, Christopher, 4 years old, born at Fort Knox, KY and Cherilynne, 19 months born at West Point.
After graduation from CGSC, the next stop for the Smiths will be U.S.A.R.E. in Germany.

277. **W. Gregory Smith** After graduation I attended Airborne, Ranger, and IOBC at Benning and then was off to the 1st Infantry in Germany. Colette was still flying with TWA and was over to visit often. We were married 24 October 1970 in New Jersey. Michael was born in Germany 4 November 1971 just before I left for Korea and Colette went back to TWA. Next was IOAC and assignment to TRADOC at Ft. Monroe on a briefing team and later the Combat Developments Staff. Nathan arrived June 17, 1975 while in VA. Next came one year at Indiana University for Masters schooling and then assignment to USMA.

278. **Phillip R. Smith** An initial assignment to a unit that was moving to Germany proved to be longer and more profitable than expected. Much work, a little skiing and getting married caused the first year to pass rather quickly. My wife Karen's

schedule in the O.B. ward allowed for weekend trips only once a month, but command time, graduate school, and a couple of short leaves filled my three years in Germany in the best possible ways.
Reassignment to Fort Bliss saw the arrival of Betsy in December 1973, and my resignation from the service followed in June of 1974. We moved to Idaho where I worked for Westinghouse for a short time before deciding to settle in Omaha. Karen has worked in the Operating Room of the Univ. of Nebraska Medical Center since our arrival, and I have been working in the steel fabrication business. Son, Tom was born in February 1977, and in July 1977 I took my present job of managing a small manufacturing company.

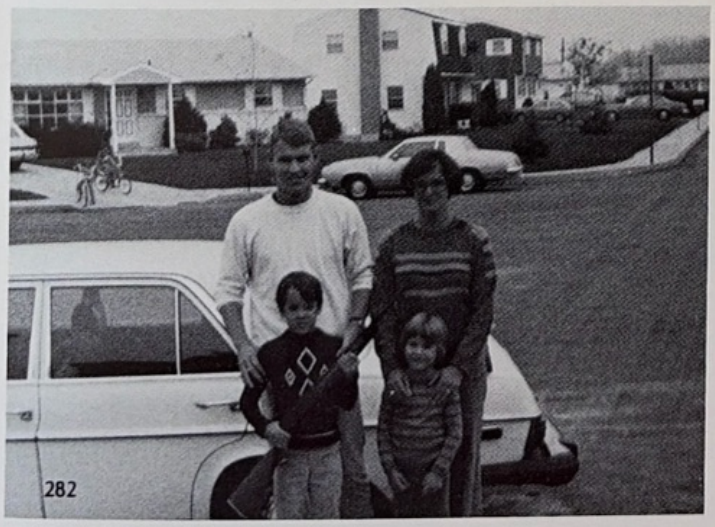
279. **Thomas A. Smith** Commissioned ADA, Served in Germany, Vietnam, Texas and resigned in 1974. Received MS in Mechanical Engineering MIT 1976. Joined Polaroid as Technical Supervisor in Negative Coating. Received MS in International Business Management from MIT's SLOAN School in 1978. Promoted to Senior Engineer, Polaroid International Division, 1978. Responsible for manufacturing analysis of international camera production. Wife Claire is a secretary with Wellington Management Co. in Boston. Attends Northeastern's Business Management program.

280. **Victor G. Smith** Married June 1969; Kids: Diane (9), Pamela (7), Matthew (5), (?) August '79
Feb '70-Nov '71: Mech Inf, Bamberg, Germany.
Dec '71 -Nov '72: 1st Cav Div; Task Force Garry Owen; HQ, USARV; RVN
Dec '72-June '74: 4th AIT Bde Ft. Ord, CA
Resigned June '74
June '74-Mar '75: Fairchild Semiconductor, Mountain View, CA (Production Supervisor)
May '75-July '78: Union CArbide Metals Div, Marietta, OH (Maint Engr)
July 78-Present: Forma Scientific, Marietta, OH (R&D Engr) Captain- Ohio Army National Guard
PTA President: '78-'79 & '79- '80.
Evening Instructor: Washington Technical College, Marietta, OH
Licensed Professional Engineer: Ohio

281. **Jon T. Smrtic** The normal Army schools were followed by five months at Ft. Lewis with the 3d ACR where I met my future wife. A tour in Vietnam with armored cavalry and infantry units were bisected by two months of involuntary R&R in Japan. Return to CONUS brought marriage, a tour with an armored cavalry squadron, and a tank company command at Ft. Riley. The career course at Ft. Benning was followed by two years in Cambridge where I received an MPA from Harvard and completed my exams for the Ph.D. while Val was managing a foreign student exchange program in the Boston area. Assignment to the Department of Social Sciences at West Point in 1977 meant teaching economics, political science and urban politics for Jon, while Val continued her work with foreign-born Army wives. In the summer of 1978, we were blessed with a son, Adam. When one of the cadets that we sponsor proposed a toast at Adam's baptism to "the future member of the Class of 2000", it made us realize how quickly time passes. The last ten years have been very rewarding ones for us, and we wish the best to all in the future.

282. **Mike Snell** One year Bragg, four years Far East, one year Benning, three years Lewis, one year D.C., two kids, one cat, four dogs, seven cars, and one grey hair later.

283. **Mike Speltz** After FA Officer's Basic, Airborne and Ranger School I joined a battery of the 1st Cavalry Division in RVN. As a Property Book Officer I returned 14 "used" howitzers to Fort Hood, where I remained with the Cav' for 3 more years. The return to CONUS was by way of Adrian, Minn, where I married Pat Honermann. Michelle Ann was born in 1971 at Fort Hood. Following the career course at Fort Sill, I spent two years studying Russian and the USSR at the Univ. of Wisconsin in Madison, where James Michael was born in 1975. I'm currently teaching Russian at USMA.



284. **Robert J. St. Onge** After the basic load of Infantry courses at Benning, I served briefly with the 82nd Airborne, and then went off to RVN. I returned to Fort Bragg in 1971, serving with the 7th SF and 82nd Abn for the next three years. 1974-75 found us at Fort Knox and the Armor Advanced Course. There, I was fortunately selected for assignment back at USMA as a Tac and was afforded an opportunity to attend Purdue for a year to secure all those counseling and interpersonal skills required of a Tac. Remember? Being the Tac for Company D4 for two years was challenging and rewarding. My last year at West Point was spent as the executive Officer of the 4th Regiment.
In 1972, I married Joan Cromarty. She brought sorely needed style and grace into our partnership. We've been blessed with two daughters. Jennifer was born at Fort Bragg in 1973, and Allison at Purdue in 1976. They are very central figures in our lives and the source of much joy (and anxiety at times!)
We await orders as of this writing, hoping with confidence that the next ten years will be as full and rewarding as the first ten.

285. **Hugh M. Stirts** Cathy and I were married in Feb of 1970, right before my departure for Vietnam. She remained in Des Moines, Iowa, and taught school during our year apart. In Vietnam I served with the 4th Infantry Division and 173rd Airborne Brigade. My next assignment was a three-year tour of Germany (1971-74). I was Headquarters Battery Commander for V Corps Artillery and was an instructor for the Company Commander Course in Oberammergau. I resigned my commission in June of 1974 to begin studies in the field of marine biology at Florida Institute of Technology in Melborne, Florida. Our twin daughters, Cara and Hollie, were born in Oct 1976, the same year I received my Master's Degree. I have been teaching as well as working on my Ph.D., which will be completed by summer. I have one scientific publication and have almost completed manuscripts for two others. Recently my two co- workers and I were awarded a National Science Foundation Grant in the amount of $30,000 for research concerning molluscan invertebrates. Cathy has not taught since the birth of our daughters, but is working on her Master's in Education.

286. **Dale E. Straw** I can't believe that ten years can go by so quickly. Why, I've only spent one year in Vietnam, three years in Germany, one year at Aberdeen Proving Ground, two years at Fort Carson, two years in Graduate School at the University of Colorado and one year on leave. Through it all, I've managed to remain single, travel some, read a lot and keep a four digit checking account balance in reserve for skiing, hiking, fishing and thoroughly enjoying the places I've been with the friends I've met. If I could turn the clock back to 1 July 1965 and start again with the choices available on that day, I admit that I'd be smirking over a double chin by the end of the day.

287. **John F. Suermann** 1969-1975: Army schools, troop/staff assignments in CONUS, RVN, and USAREUR.
1975-1976: Civil engineer, New York Area Command. 1976-1977: Univ. of Virginia, Master of Engineering (Nuclear) Degree. 1977-1978: Nuclear Engr., Clinch River Breeder Reactor Project, Burns & Roe, Inc., Oradell, NJ. 1978-Present: Reactor Inspector, U.S. Nuclear Regulatory Commission, Region III, Glen Ellyn, ILL.

288. **Mike Swain** I spent my first 5 years after graduation in the Army with duty assignments at Fort Carson, Colorado (Plt. Ldr), Vietnam (Aide-de-Camp) and Fort Lewis Washington (Co. CO, Bn S-1). Caryl and I committed our lives to Jesus Christ in 1972 and as our priorities in life changed, we decided to leave the Army in 1974 to better serve the Lord and our family. After moving to DesMoines, Iowa, where we currently reside, I opened my own real estate company, Swaim Realty Inc, and I've been engaged in real estate sales and appraisals for the past 5 years. We enjoy spending most of our time raising our 4 children.

285

289. **Richard Swick** Following graduation, I completed the standard Infantry training at Fort Benning and was assigned to Alaska. While in Alaska, I applied to Law School and for the excess leave program. I was accepted and completed my legal education at the University of Maryland in 1974. After attending the JAG School, I served at Fort Meade until my discharge in 1977. I am now in private practice in Washington, D.C. specializing in Military and Civil Service law. On June 9, 1969 I married my wife Gael. We have three sons -- Robert (age 9), Paul (age 7) and Christopher (age 4).

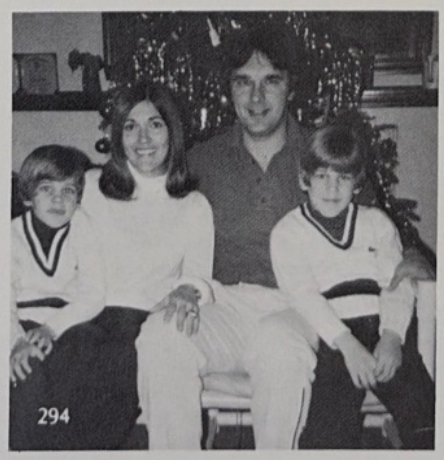
289

290. **Bernard J. Tatro** Following graduation, married the former Aline Grzybowski on June 7, 1969. Attended IOBC, Airborne, and Ranger schools at Ft. Benning. Assigned 3/36 Inf. 3d AD, Kirchgoens, Germany from Mar 70 to Sep 71. Mary Theresa born in Frankfurt May 3, 1971. Arrived RVN Oct 71, assigned to 101st Abn Div at Phu Bai as 2d Bde S5. After departure of the 101st, assigned to 519th MI Bn in Saigon as S2/3. Departed RVN Sep 72 and was assigned to 1/2st Inf, 25 Inf Div, Schofield Barracks, HI. Aline and Mary Theresa, who stayed in Baltimore, MD during my RVN tour, joined me in Hawaii. While in Hawaii I served as Cdr, HHC, 1/21st Inf, and Assistant G1, 25th Infantry Division. Separated from the Army in Sep 75 and moved to Allentown, PA where I was a sales representative for Davol, Inc. a manufacturer of hospital supplies. Steven David Tatro was born in Allentown on December 15, 1977. In August 78 I was promoted to the position of Product Manager for Davol and relocated to North Kingstown, RI, where we now reside.

290

291. **Douglas E. Taylor** Sharon and I spent our first three years in Baumholder, Germany, where I served in Battery, Staff, and Command positions in the 1-2 FA. Our first son, Doug, was born in bad Kreuznach on 25 July 71. From there, I went to Korea where I served on the Staff of the 2-17 FA. After the Advanced Course, we were assigned to the First ROTC Region at Fort Bragg with duty as an Assistant PMS at the Virginia Military Institute. Through additional duty as the Assistant Commandant of Cadets, I was able to determine that all USMA's traditions are alive and well at VMI. Duty there was so bad that we had two more kids in three years. Kelly was born on 15 July 76 and Nicholas on 12 June 78. As of this writing, we are TDY at Fort Sill en route to the 1-41 FA, APO NY 09281.

293



294

292. **Mike Taylor** We went to Germany where we stayed for three years and one son. Went to the career course at Ft. Sill, Oklahoma. Went to Duke University for two years, an M.A. degree in English and a daughter. Went to the English department, USMA, where I have remained for 3 years, no more kids, and a chance to be a permanent Captain -- finally.

293. **William R. Taylor** After an initial 8 month stint as a Cav. platoon leader at Fort Hood, Texas, I went on to take a Cav. platoon with the 24th Infantry Division in Vietnam. When the 25th was withdrawn, I moved up to the staff of the 101st Division's Air Cavalry Squadron. From there I went to Germany as a tank battalion S-3 and then tank company commander in the 8th Inf. Div. After a final 8 month tour as the 8th Division's NCO Academy Commandant, I joined a host of '69ers at AOAC in 1974 . . . and Fort Knox will never be the same. Then it was on to two wonderful years at the University of Michigan, Ann Arbor, to obtain a Masters in Business Administration and enjoy Big Ten football and basketball. I am currently with the Department of Social Sciences, USMA, where I also coach the Debate Team.

294. **Mike Thoreson** As a happy civilian my Army years are kind of foggy, but here goes. Our first assignment was Panama -- good tour. Michael Jr. was born there. I left Donna barefoot and pregnant for a lonely tour of Southeast Asia. Ten and a half months after, Michael was born, P. J. joined our family. We think that may be all. Left the Army in 1972 and went to work for an Engineering firm. Computers and all that, not bad for 794 out of 800. We now live happily in Brockton, MA., trying to figure a way to get out of paying taxes. Since the kids started school, Donna and I have become tennis bums. We live Red Sox in the summer and Patriots in the Fall and party when possible. Best wishes to 1969 -truly the best of the line.

295. **William H. Thorne** Karen and I were married at West Point three days after graduation. Following SOBC and an MOS course, we spent three years in the Stuttgart, Germany area, where I was assigned to 34th Signal Battalion (VII Corps) and then to 106th Signal Support Group (HQ USEUCOM). While there, we managed to see much of Europe, stock up on stereo and camera equipment, and start our "family" with a toy Poodle and a Yorkshire Terrier. We returned to the U.S. to attend SOAC, after which we spent two years in Atlanta while I attended graduate school at GA Tech. There we owned our first home; and our first daughter, Kelly (15 Jan 75), joined the family. We have spent the past three years at West Point, where I have been an instructor in the Dept. of Electrical Engineering. Here our family has been enlarged by the addition of a second daughter, Dana (3 Jan 78).

296. **Daniel L. Tigges** Infantry-82d Airborne Div, 1st Cavalry Div (RVN), 1st Avn (RVN); Engineer-Adv Course 71, Engineer Cmd Europe, HQ Co Commander, Facility Engineer, Util Det Commander, FORSCOM Engr staff, resigned 1977. Plant Engineer, Grocery Products Division, Ralston Purina Co, Dunkirk, NY. Wife (1969) Eileen Brown, Brooklyn, NY. Daughter Jessica 10/8/73, Frankfurt, F.R.G., Daughter Danielle 4/2/75, Kitzingen, F.R.G., son Karl 8/27/78, Dunkirk, NY.

297. **Donald W. Tunstall** As an ADA 2LT I spent my first "short tour" in the USA (Key West) before heading off to the war. That **real** short tour to the Saigon/Long Binh area was cut even shorter by the first phases of our withdrawal. Three and a half fun-filled years followed in sunny Fort Bliss with the 6th/11th ADA Group and the Advanced Course. It was there that I married Donna, a former high school sweetheart. Together we then took a short tour to gray but beautiful Korea and not only saw the Far East but also started a family. Our daughter, Erin, was "Made in Korea" and born at Fort Bragg on lucky Friday, the 13th. Not only did Fayetteville include assignments with the 82nd Airborne Division and JFK HQ but also while there, for a number of reasons, I decided to become a civilian again. After 8½ years with Uncle Sam I joined the engineering staff at a Chevrolet iron casting plant in Saginaw, Michigan. Now the future promises only "long tours" from here on.

298. **Roger A. Vandenberg** The entire family is enjoying life in Rhode Island and sailing on Narragansett Bay.

299. **David H. Vaught** I am currently a partner in Dan Walker Law Offices in Fairview Heights, Ill and am working on an L. L. M. in Taxation at Washington University in St. Louis. My wife, Kathleen, and I have two children, Chris, 2 and Amanda, 1.

I graduated from the Southern Illinois University School of Law in 1976, following several years of political activity in Southern Illinois.

I served as Southern Illinois Campaign Director in 28 counties for Dan Walker in his successful 1972 gubernatorial campaign. In 1973, I set up the Southern Illinois Governor's Office and helped reorganize the economic development effort of the Department of Business and Economic Development. In 1974, I challenged the Minority Leader of the Illinois House of Representatives, Clyde Choate, in the Democratic primary but was unsuccessful in being nominated. In 1975, I helped organize and now serve on the board of the Coalition for Political Honesty, which is seeking to establish the initiative power in Illinois. In 1970 and 1971, I attended New York University School of Law and wrote country music reviews for the Village Voice.

I resigned my commission as a 1LT in 1971 after a long dispute with the Army arising from my testimony in **Anderson vs. Laird,** the lawsuit that ended compulsory chapel at the service academies. While in the Army I also challenged administratively racial discrimination in off- post housing at Ft. Bragg and compulsory membership drives conducted by the Army for a political lobbyist organization, the Association of the United States Army.

300. **Thomas G. Venard** Polly and I were married 20 June 1970. While stationed at Fort Carson, I was accepted to the College of Veterinary Medicine, Colorado State University in 1971. I graduated with a Doctor of Veterinary Medicine degree June 1975. We were sent to Fort Sam Houston for the AMEED Officer's Basic Course where I learned all about the Army (how to march, salute, etc.). We were then sent to Fort Lewis for 14 months. In November 1976, I received word that I was to report to Korea for an unaccompanied tour 1 January 1977. After initial shock and panic subsided, a few hasty phone calls secured an accompanied 2 year tour. Since then we have extended until July 1979. Korea has been a most enjoyable and rewarding tour presenting the opportunity to travel throughout the Orient. We are currently hoping and actively negotiating for an assignment to Italy in August 1979. We have been blessed with four beautiful children. Recently our two older girls have become avid soccer players with DAD as the coach of their DYA team. In three seasons our teams compiled a 21-5-2 record. Our family interests are travel, skiing and camping.

301. **James E. Walkenbach** Three knee operations brought about the choice of Medical Service Corps as a branch. Cindy Baird and I met at John and Dottie Rountree's wedding in '69 and were married in May '70 enroute to grad school at the Medical College of Virginia. A M.S. in biophysics was obtained in June '72 and a six-week vacation in Europe was appreciated. We were sent to Edgewood Arsenal, MD, where our son Brian was born in March '74. Shortly thereafter, a heart attack ended my military career -- the attack was minor and caused no limitation of activity. Retirement was finalized in Jan. '75 and a new career started upon entering Logan Chiropractic College that same month. Billy came along in July '76. Graduation in Jan. '78, brought with it the rewarding responsibilities of improving and maintaining human health without the use of drugs and surgery. At the present, I teach at Logan Chiropractic College in the mornings and have a private practice in the afternoons and evenings. My family and I wish everyone a happy, healthy, and prosperour future and hope to renew old friendships at this reunion and others in the future.

302. **Scott Wallace** Upon graduation I attended Airborne and Ranger Schools and the Armor basic course. Sharon and I were married in December 1969 and proceeded to Ft. Meade shortly thereafter to serve a year with the 6th ACR. October 1971 to October 1972 found me as a member of advisory team 20 in Vietnam. Upon return from Vietnam I was assigned to the 4-68th Armor of the 82d Airborne Division where I served as S1, Co Cdr, and S3. I attended the Armor Advanced Course then "grad" school. The Wallaces will report to Ft. Knox in July '79.

303. **David K. Wallestad** Shortly after graduation, I married Brenda Pederson in Amboy Minnesota. Then after completion of schooling we left CONUS for an assignment in Germany (1st Bn 94th FA). While there I served as a Battery Commander and Assistant S3. In 1973, we returned from Germany to attend the field artillery career course. While at Ft. Sill we welcomed their first daughter, Karin. Upon completion of the career course I reported to Korea (1st Bn 15th FA). While in Korea I once again served as battery commander and assistant S3. In 1975 returned to CONUS and my current assignment as an ROTC instructor at Wheaton College. While at Wheaton, we enlarged our family with the addition of two more daughters, Anne Marie and Katherine. We expect reassignment in the summer of 1979 but as of now the location is undetermined.

304. **Ken Wanless** Married Fran in June 1969, after graduation. Served with the 6th ACR at Ft. Meade as an FO and later as a Battery Exec. In November 1970, daughter Beth was born. In June 1971 I started Flight school. Upon completion I reported to 101th Abn Div, Ft. Campbell, serving as a Chinook Flight Platoon leader. While in Korea, son Kenny was born. Returned from Korea to Ft. Sill for the Advanced Course and Lance Missle school. We were subsequently posted to the 2nd Bn 377th FA (Lance) in Germany where I served as an S-2, Service Battery CO, and S-4. Returned to Ft. Rucker in October 1978 where I am serving as a UH-IH instructor pilot.

305. **Mark L. Waple** Served as Infantry Officer, Berlin Bde (1969-71); Excess leave studying law at Univ. of North Carolina (1971-74), Chapel Hill, NC; received JD 1974 and MA 1974; JAGC Officer XVIII Abn Corps, Ft. Bragg (1974-77); resigned from active duty September 1977; entered private practice with law firm of Barfield, Waple & Canders, P.A., Fayetteville, NC ('77-present) specializing in military/federal practice. Son -- Louis, born in Berlin; daughter, Mary born in NC; wife, Buff, Assistant Head Nurse, Intensive Care Unit; Fayetteville Veteran's Medical Center.

306. **Edwin A. Watson, Jr.** My military service consisted of: a tour in Germany with an Armor Battalion, Intelligence School at Ft. Halabird, MD, Vietnamese Language School at Ft. Bliss, TX, and a tour in Vietnam. After this I resigned my commission to return to school at Louisiana State University where I subsequently received the Doctor of Veterinary Medicine degree. I am presently working for Tulane University at Delta Regional Primak Research Center located in Covington, LA.

308

310

311

312

307. **Glen (Jeff) Weien** I married Jewel Tiemann in February of 1970 and headed for Ft. Richardson, Alaska. In 1971 I transferred to the Corps of Engineers. After attending EOAC in 1973, Jewel and I departed for Thailand where our son Geoffrey was born. Gwen arrived at the next duty station, Ft. Leonard Wood, Missouri. The whole family is now battling left- hand driving on Okinawa.

308. **Larry J. Wells** After graduation I spent a brief assignment with an Artillery Unit at Fort Riley, Kansas. While there, I met and married my wife, Linda. From Aug 71 to Jun 72 I attended U of I in Chicago for pre-med studies, after which I was branch transferred and re-assigned to Fort Leonard Wood as an MSC Med Co. Commander. In Aug 73 I attended the Chicago College of Osteopathic Medicine for 4 years and graduate with a D.O. degree in 77. I am presently in 2nd year of family practice residency at Ft Gordon.

309. **Robert W. Wells** After graduation, Linda and I spent three years in Germany: one year in Frankfurt with the 32nd Sig. Bn. and 2 years in Fulda with the 11th ACR. In Fulda, Linda worked in a German Hospital as a medical technologist. After Germany, I was assigned to STRATCOM as the commander of TUSLOG Detachment 169, Sinop, Turkey. It was a short tour, but Linda joined me for the last two months which included duty in Teheran, Iran. When we left Iran, I stopped by Ft. Dix and out processed on July 4, 1974. After that, it was Law School for both Linda and me at Florida State University. While at FSU we both had our hands full as editors on the Law Review and as student teachers for legal writing. We graduated with our Juris Doctor in December 1976 and both of us have been working since then as litigation attorneys in Miami. Linda is with Fine, Jacobson, Block, Goldberg & Semet and I am with Smathers & Thompson.

310. **Rich West** After six months of Army schools in our first year of service, I went to Augsburg, Germany. There I was assigned 1-36 FA, an 8-inch Corps Artillery Unit. I spent three years there. Next stop was Seoul, Korea, where I worked in the 8th Army TOC for a year. I returned to the States and attended the FA Advanced Course at Fort Sill, Oklahoma. There I met and married my wife Mary. She was originally from Claremont, California, and was teaching 2nd grade in Lawton at the time. From Oklahoma we went to Boulder, Colorado, for two years. There I studied Math at the University of Colorado. Upon receiving my degree in May 1977, we came to West Point to teach Plebe Math. We have one son, who was born at West Point in January '78.

311. **Cor Westerhoff** The end of my first decade since graduation sees me still on active duty. My most notable achievement in all that time is marrying Aus Yerks' sister Jeanne. The status quo has not changed much since we were married in 1970. We are much richer by our son and daughter but still in debt to Marine Midland. Jeanne and I are convinced that the 10th marks our first year in the black. That appears to be a temporary situation however, as it appears the family wagon is about to require major renovation. Received my first call from DA just a few weeks ago. They still haven't found my ARCOM. After being sent to Ft. Riley, where we presently reside, to fly I was promptly assigned to a ground assignment where I've been ever since. As the only representative of our class at Riley for well over a year Jeanne and I are certain that our turn will come to teach at USMA, meet presidents, and make a million bucks -- hopefully all before our twentieth.

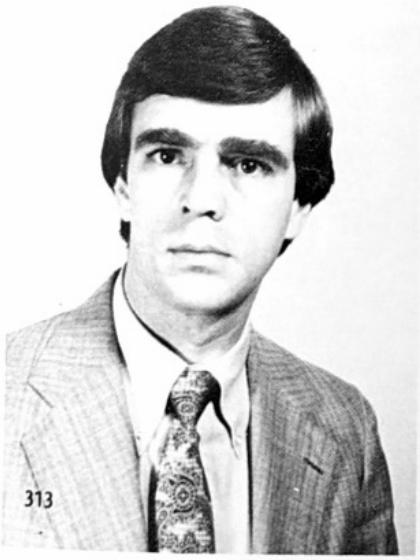
312. **Bruce Wheeler** Aloha from Hawaii and Tripler Army Med Center where we have been for the past 3 years, acquiring two daughters and an orthopaedic residency along the way. Before the bananas and palms of Hawaii, we had the same in New Orleans, but traded surfing and sailing for Mardi Gras, somehow surviving 4 years of Tulane Med School and a gourmet's paradise by marathoning the calories off. Prior to that it was Kim Chee in Chun Chon as a BC with a Korean houseboy, Mr. Kim, a short side trip with 10 Korean orphans (while working for KLM) to England to marry Pam, whom I had met while horseback riding at Ft. Sill, studying premed, and working at USAFAS.

313. **Joseph Wheeler** A concise chronology of my last 10 years;
May 1970: Reported to the 1st Bn 94th Artillery, Nurnberg, Germany. Served as Battery Commander and S-1.
Nov 1971: Inquired of Artillery Branch concerning my chances of being reassigned to VN. Branch replied: No anticipated needs. Immediately bought a new car and moved into a new apartment.
Mar 1972: Received orders for VN. Sold new car; moved out of new apartment.
Aug 1972: Arrived RVN. Assigned to MR I as advisor (Quang Nai).
Oct 1972: Became forlorn at the prospect of returning to Ft. Sill after RVN. Branch transferred to Engineers.
Mar 1973: Departed RVN enroute to Ft. Belvoir.
Aug 1973: Became Aide to General Henry A. Miley, Jr., CG Army Material Command (now DARCOM).
Aug 1975: Resigned from Army to attend U. of Virginia Law School.
May 1978: Graduated and assumed one-year position as law clerk to Judge Roger Robb, U.S. Court of Appeals, Washington D.C.
October 1979: Will be in the private practice of law associated with the firm of Latham & Watkins, 555 S. Flower St., Los Angeles, CA 90071 (Tel. 213-485-1234)-. I dedicate any excess space to those in our class who have been more prolific than myself.

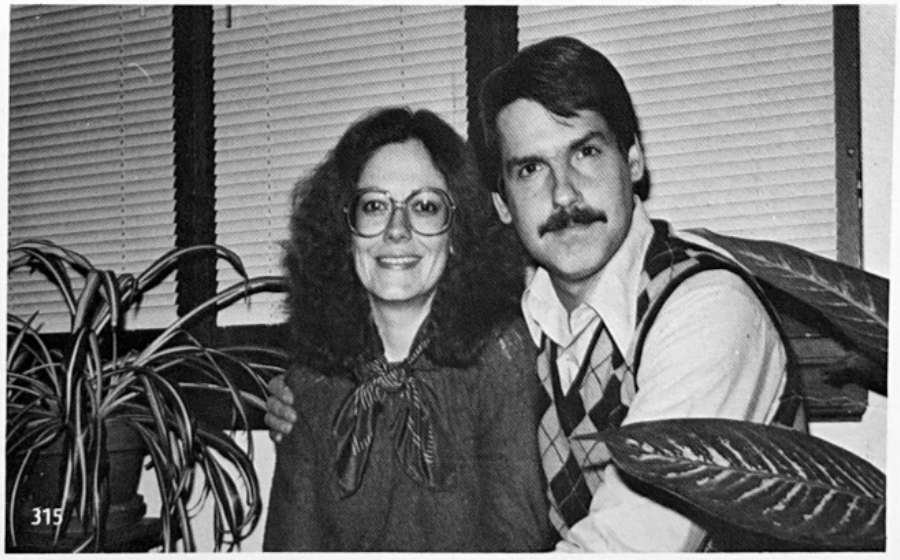
307

314. **Tom Wheelock** Following graduation and the usual schooling, Suzy and I were married in February '70. Service with Armor units ensued in Vietnam (70-71) with the 11th ACR and 101st Abn followed by the 1st Cav. Div. at Ft. Hood Texas. At that time Suzy was teaching special-needs children and administering a program for the hearing-impaired. We also spent a few months in the Mideast (Egypt and Israel) as I worked with the Russians on the UN peace -keeping force shortly after the October War of 1973. We had two great years of graduate school at Harvard where I was at the Kennedy School of Government (M.P.A. and Ph.D. candidate) and Suzy was at the School of Education (M.Ed.). We came to the Department of Social Sciences at West Point in 1977. I specialize in national security studies and U.S. defense policy having worked in the Office of the Secretary of Defense (summer '77), attended conferences, and written articles in these areas. I'll be course director for the National Security Seminar in 1979-80 while working on my dissertation. For those with comments on Army's athletic program, I am also a member of the Athletic Board at West Point.

315. **Larry White** Ginny and I were married in December 1969. Before leaving the Army in 1975, we spent six months each in D.C. and Iran and four long years in Panama and other points south. In 1977, Ginny received a BA in psychology and I took an MS in industrial engineering from the University of Wisconsin. Ginny currently works for the Forest Service, Forest Products Laboratory as a personnel management specialist and goes to school part-time toward an MA in public administration. I'm a management analyst in the Internal Audits Department of Wisconsin Power & Light Company and am erratically pursuing an MBA (to use up remaining GI Bill benefits). Ginny is a dedicated jogger and activist on behalf of women's rights. I'm a volleyball freak and member of the Wisconsin National Guard. We spend our spare moments restoring a venerable, old house and wondering if it isn't about time to get a puppy.



313



315

316. **Kenneth Williams** My wife Holly and I, and our two children, Tasha (6) and Michael (2), presently reside in Metuchen, New Jersey. Holly is majoring in Law and has been doing exceptionally well in her studies. After getting married in June of 1970, we spent our first three assignments with the 3rd Armored Division in Germany. Later we all went to Korea. Our last duty station, was at Ft. Hamilton, New York, where I was D.A. Protocol Officer for foreign military and civilian VIP's arriving in the New York area. As a civilian, I am an Instructor in the Army Reserves and am the New Jersey Representative to the Military Academy.
Civilian Career: Manufacturing and Retailing Management Consultant -- Touche Ross & Co.
Director of Manufacturing -- Airequipt Inc./Mr. Hanger Inc.
Operations Manager -- Citibank
Military Career: Protocol Officer -- Ft. Hamilton, NY
Commander CSC - Korea
Brigade Asst S-3 -- Germany
Volar Commander -- Germany

317. **Michael M. Williams** Service included 3 yrs (1970-72) in USAREUR, 3 yrs at Ft. Benning Ga. (1973-75) as Co Cdr HHC 3-7 Inf 197 Inf Bde, and Admin/XO DPCA, USAIC Ft. Benning. Joined American Hospital Supply, Bedford, MA in Nov 75. Served as New England Area Order Service Mor until resignation May 1977. Joined Career Development, placement service specializing in Academy/Military Junior Officers.

318. **James M. Wright** After a very interesting seven years in the service, I am completing my MBA at Harvard and hoping to move permanently back to the south and work in industry. My time in the Army revolved around commanding three separate companies in three different branches -- military police, engineers, and ordnance -- which must be some kind of record.
While at Fort Riley, I met Doris who was teaching at Kansas State University. We were married in August, 1978, and are enjoying Boston while I complete school. We are looking forward to moving to a warmer climate and settling down.

316

318

319

324

319. **Robert W. Yaap** Petti and I were married on June 5, 1969. Subsequent assignments were the Basic Courses at Ft. Benning and an Infantry Battalion in Germany. Bobby was born in October of 1971. After completing Flight School, assignments followed to RVN, the Infantry Advance Course and finally an Aviation company in Alaska. Betsy was born in Alaska in February of 1975. Shortly after her birth, I was passing through Kansas City and called Dick Jarman. That call led to an interview and eventually a job as a Project Designer for Butler Mfg. Co. in October of 1975. Butler is the largest manufacturer of PreEngineered Buildings in the U.S., subsequent positions with Butler were in Sales in San Antonio, Marketing back in Kansas City and most recently as Regional Sales Manager for the West Coast, Hawaii and Alaska. That totals 16 homes for Petti and I and we are hoping for a long stay in California. Any classmates passing through California are welcome to stay at the Yaap home!

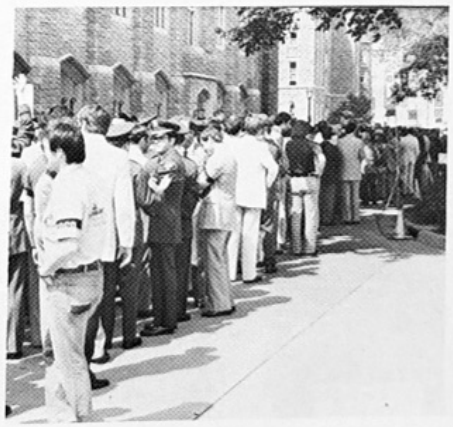
320. **Steve Yarnell** Married in 1969 to Margaret Carr of Miami, FL. Graduate of Airborne and Ranger Schools; assigned to 3rd Armored Div. for 18 months. Transferred to USMA Football Office for remainder of committment. Resigned commission December 1974. Special agent with FBI since January 1975. Work personal crimes in New York Divisions' Manhattan Office. These federal violations include such crimes as bank robbery, kidnapping and extortions. Home in Westfield, NJ. Enjoy tennis, golf and handball. Working on a Master's Degree in Public Administration. We have two children Meg and Stefanie.

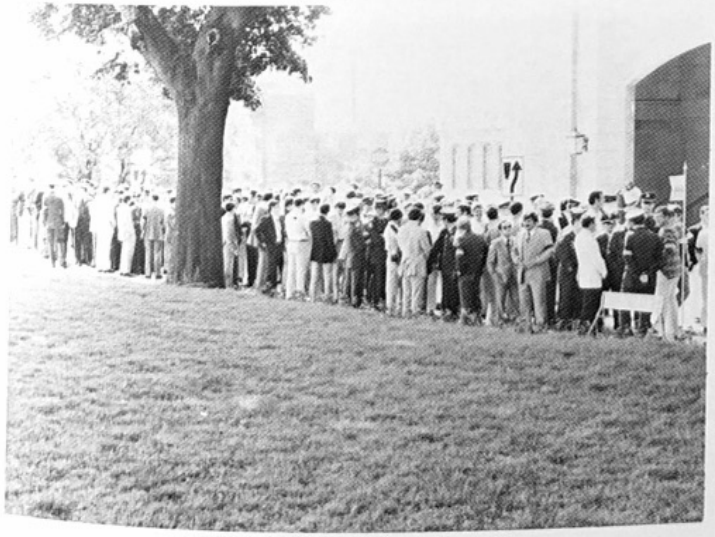
321. **John C. Yeisley** Aug 69 - Oct 69 ADAOBC
Nov 69 - May 70 A-3/65 ADA (HERC) Painesville
June 70 - July 70 ADAEAW, Ft. Bliss, TX enroute RVN
July 70 - July 71 D-4/60 (FAW) 40MM RVN
Aug 71 - May 74 Ft. Bliss, TX -- BOE S3, BC, BN S-3
Jun 74 - Jun 76 -- GA Tech -- MSEE
July 76 - Present Asst. Professor D/EE, USMA

322. **Terry Young** 1969 to present has consecutively yielded the following: Marriage, Bamberg Germany, the Pentagon, Son #1 -- Martin, Flight School, Son #2 -- Greg, Vietnam, Ft. Gordon, and release from Active Duty in 1974. My career has settled in the Printing and Bookbinding business, in addition to flying helicopters for the Maryland National Guard. The plant which I manage is similar to an Armor Company, in that the work is never done, and 12 hour days are normal. Wife, Reida has also become very busy with teaching nursery school. Our two sons are 8 and 7 respectively, and are happily settled in Baltimore.

323. **Mitchell M. Zais** My infantry assignments have been airborne and leg, airmoble and mech; as a platoon leader in the 82nd and 101st Airborne Divisions, and as a company commander in the 3rd Infantry (The Old Guard) and the 1st Infantry Division. My staff assignments include Bn and Bde S3 duty with the 101st, The Old Guard, and the 1st Division, in addition to a tour as a White House Social Aide. I attended the Organizational Effectiveness Training Center and subsequently worked as the Div. OE officer at Fort Riley. At the University of Washington I earned a MS in Social Psychology prior to my current assignment in the Dept. of BS&L, USMA.

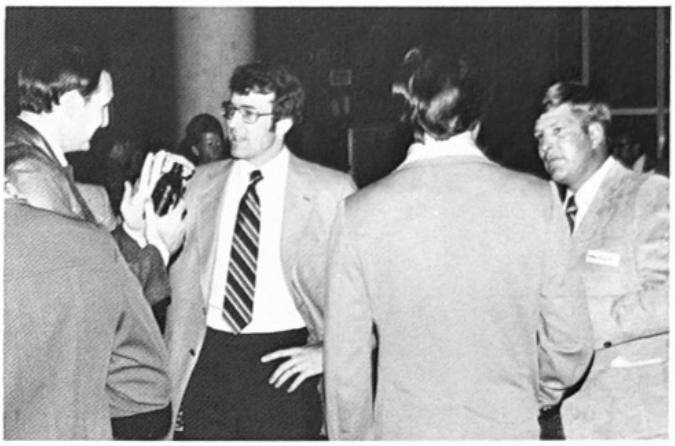
324. **Matthew J. Zilinskas** Carol and I were married in June of 1969 and left for Germany and the 3rd Armored Division later that fall. In 1970 Carol returned to Connecticut as I went to Vietnam, serving in the 22nd Replacement Battalion at Da Nang and Cam Rahn Bay. Upon my return I entered the Harvard Business School, graduating with an MBA in 1973. From Boston we journeyed to Ft. Belvoir, Virginia where our daughter, Cathy, was born in early 1975. While in Virginia I branch transferred from the AG Corps to Ordnance. After attending the Ordnance Advanced Course in 1975 and spending a month in Defense Procurement Management School, I was assigned to the Project Managers Office, XM1 Tank System, Detroit, Michigan. In 1977, I resigned my commission and accepted a position in the Nestle Company, White Plains, New York. We bought a home in Yorktown Heights, NY, and are pleased to announce the birth of a son, Michael, in January 1979.





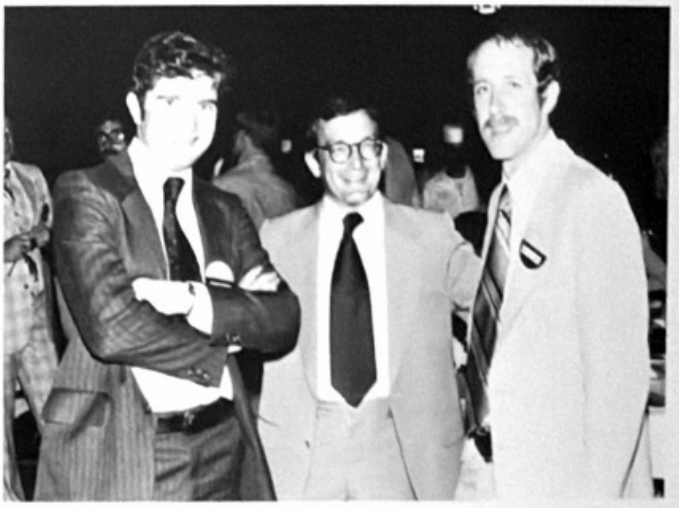
Our reunion began with a little cocktail party . . .

**We renewed an acquaintance or two,
made some new ones too,
found out what our friends do.**



**But mostly we
simply talked
and never got
through.**

After remembering how hot parades can be, we went to the mess hall like we always did in the past.

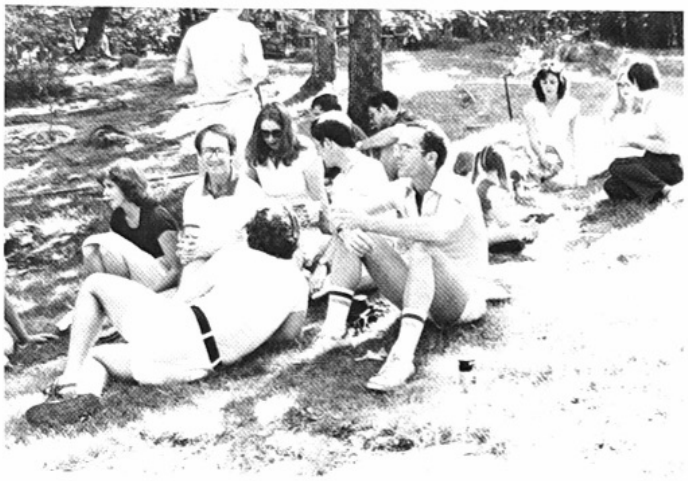


Once inside we began where we had ended the previous night. Some of us have aged, some apparently not.

In reality, we discovered that despite many changes, we are still the same.

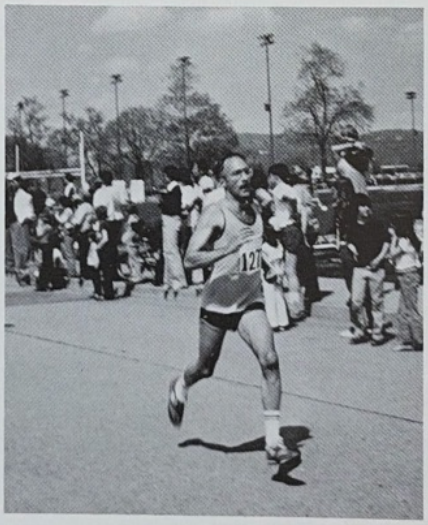
We discovered that round pond was a place for something besides the plebe march so we filled our cups and continued along.

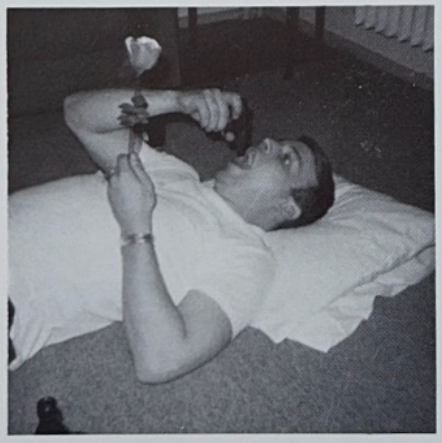
We relaxed in open-collared shirts, shorts, jeans, and skirts, stopped trying to impress ourselves, and learned where we are.



We learned we had come a long way in ten years but may have a distance to go before we finish.

As a class, we have been through a great deal and have done a great deal in these last ten years.





We hope we can keep this same humanity, drive, and enthusiasm for our next decade.

"Nuts!"

–Brigadier General Anthony McAuliffe
Bastogne, Belgium, December 22, 1944

To the troops straggled along the 85-mile Ardennes front, war was hell, but so was the weather. Snow and icy winds whipped through the cobblestone streets of Bastogne. It was fiercely cold, even for mid-December in Belgium. But tomorrow the world would explode.

As Allied forces closed in on Germany, shriveling the Third Reich day by day, Hitler planned one last desperate gamble to win the war. He would throw everything he had into the Ardennes where Allied troops were sparse enough for a breakthrough. He would hit them in severe weather when their planes couldn't fly. It would be the greatest surprise attack since Pearl Harbor.

On December 16, a quarter of a million German soldiers thundered down on the Ardennes front, armed with 1,900 pieces of heavy artillery and 970 tanks and assault guns. The Battle of the Bulge had begun.

Town after town fell to the massive German assault. All except one. Bastogne. By December 22, the Germans had completely surrounded Bastogne, but the Americans tenaciously held on. Two German officers were sent to Bastogne to demand surrender from the beleagured American troops trapped inside. They got their answer. "Nuts!" replied Brigadier General Anthony McAuliffe.

McAuliffe's audacious reply infuriated Hitler. He demanded that Bastogne be taken at all costs. But it didn't happen. The skies cleared and lit the way for more than 5,000 Allied aircraft. Division after division of Allied troops swarmed toward Bastogne, pounding the Germans with deadly precision. By the end of January, all the ground the Germans had gained in the Ardennes was snatched from their hands. The Battle of the Bulge was over. And once again the United States Army, against the most staggering odds, had said "Nuts!" to defeat.

Since 1922, USAA has been privileged to serve the insurance needs of Army officers all over the world. Today, nine out of ten officers insure with USAA. If you're a Cadet, or a Regular, National Guard, Reserve or Retired officer (whether drawing retirement pay or not), you're eligible to join this elite group for preferential service and coverage on a world of personal insurance.

For information, call toll-free 1-800-531-8080 (in Texas call 1-800-292-8080). USAA members call 1-800-531-8 plus your area code (in Texas call 1-800-292-8 plus your area code). Or write USAA, USAA Building, San Antonio, Tx. 78288.

We'll be proud to serve you.

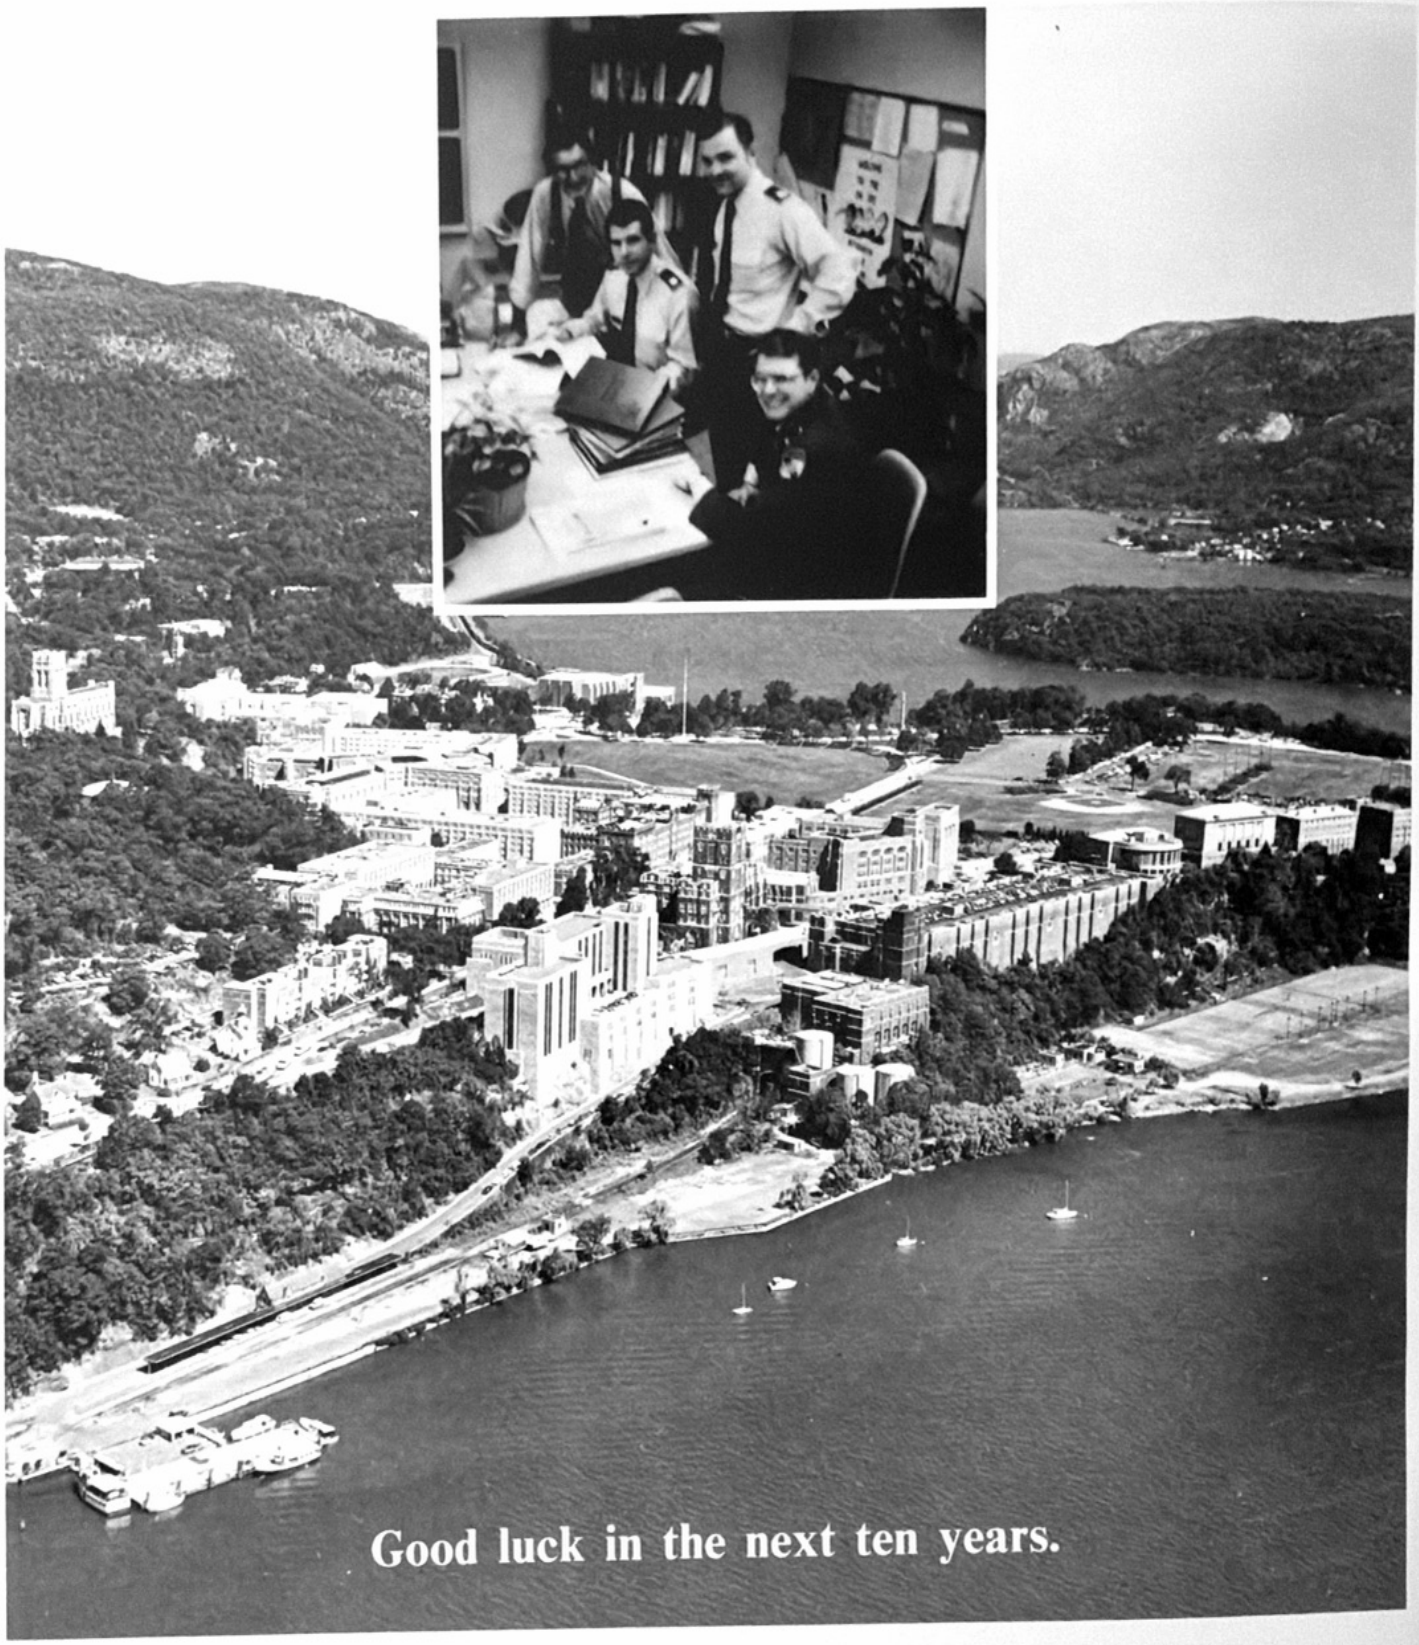
AUTO/HOME/LIFE



This book could not have been completed had not a number of people freely volunteered their time to get the job done. The illustrious staff pictured above would like to thank the following people for their help: Ev Arnold, for his many hours helping us get this thing off the ground, and Virginia Esposito, Catherine Greene, Jean Huebner, Frances Mandarano, and Barbara Maroney for the great deal of time they spent typing and retyping the material that went into this book. We all hope that you find the book interesting and entertaining.

Joe Halloran, Editor
