We've been fortunate in staying close to troops with Skip serving as a squadron S3, regimental S3, squadron commander, division G3, and now division chief of staff. Two fellowships -- one with the Council on Foreign Relations, and the second at the Kennedy School of Government -- provided a welcome respite from life in the trenches. Through all that, the family has fluorished. Our children -- Jenny (16), Amy (14), Andy (10), and Kate (4) -- thrive on Army life, to our astonishment and delight. Nancy remains as ever the apple of her husband's eye.

To win self-respect, Bill joined Rockwell Semiconductor as product planning manager and developed a line of telecom chips which helped spark the current revolution in FAXs and PCs. He has since held marketing and sales directorships at Harris and Sparton. 1989 sees him completing a book on strategy and acting as marketing VP for a telecom start-up. Wife: Karen

Address: 8259 Clifton Farm Court

Before that, National War College and before that, Tank Battalion Command at Carson. Karen won Miss Universe last year, turned that down, and now manges a pretty little boutique (Talbots) in downtown Alexandria, VA. Before that, she raised Brendon. Brendon got appointments from all 3 Service Academies (this part's all true), turned 2 down, and is now a midshipman at Canoe U. Address: 3435 Lyrac St.
Oakton, VA 22124

Personal Statement: We hope your years since we met at the 15th reunion have been good. Nancy, Keely, and I were in New Jersey for most of that time, with me working in Mobil's New York office. My job in International Trading involved a lot of travel, but so did our family activities. In '85 we traveled the U.S. West. In '86 my job took me to the Far East for a few months and they joined me. In '88 we hit Europe and then took the big plunge - moving to Jeddah, Saudi Arabia with Mobil. We've had a good year, with more travel to Europe and East Africa. Nancy and Keely are now returning for Keely's schooling to Virginia, where Mobil is moving its headquarters. It'll be a while before I can join them, but I'll travel back often. We look forward to seeing you again and wish all in '69 the very best.

Following several projects in the Washington area, I spent four years as the Project Manager for the restoration of Union Station in Washington, D.C. The project went well and has turned out to be a popular landmark in D.C. for shopping, eating, and travel. Lynda continues to work for the Army in their software development command. Danielle is in the seventh grade this fall and has been playing basketball for three years. Please call us if you're in Washington.

Address: 205 Banks Run
Peachtree City, GA 30269

We have 3 handsome, gifted sons and we enjoy time spent with each other and friends, the mountains and beaches of North Carolina, high school football, soccer and piano, Yorkshire Terriers, crafts, and church. After a 5-year RA career, I became a civilian engineer and a USAR officer. Currently I am a reservist on Active Duty in Atlanta. The boys grew too fast, and we probably moved too often; but life has been great.

R. Daniel Gruenke, F-4

Wife: Peggy

Address: 1813 Heather Court
Northbrook, IL 60062

Personal Statement: After the educational and exciting 5 years in the military, I decided to pursue a civilian career. Also in 1974 I married Peggy, the girl I dated while in high school. For the next 10 years we both pursued careers, received advance degrees in our profession, and traveled worldwide. Peggy is an educator, and I've worked for both large and medium corporations in the Chicago area. Then in 1984 we began our family with the addition of Scott Matthew and Colin Daniel in 1986. I also left the corporate world in 1984 and began trading securities for myself. We became "family certified," and love it, when in 1988 we traded the big, expensive car for a mini van and began taking driving vacations. Any classmates in the Chicago area are always welcome to call - God bless.

John A. Guernsey, H-1

Wife: Sylvia

Address: 971 Derring Lane
Bryn Mawr, PA 19010

Personal Statement: Jack, Sylvia, and family (Brian (13), Megan (10), Kristen (5), and Kaitlin (3)) have settled in Bryn Mawr, Pennsylvania, where Jack has been a "Philadelphia" lawyer since 1977. He is a member of the Delaware National Guard, in which he serves as the legal officer for one of its subordinate headquarters. He has also been involved with the local chapter of the West Point Society. Sylvia is active in a number of community and school affairs.

Tony Guerrerio, A-1

Wife: Joanne

Address: 91 West Glenwood Lane
Kirkwood, MO 63122

Phone: (H) 314-821-8967
(W) 314-567-6407

Personal Statement: After our Tenth Reunion, we left New York and Salomon Brothers wearied by the toll the daily commute into the city took. I took a job as EVP for a St. Louis based multi-bank Holding Company. While there, I started a money managment/securities brokerage business. Wedgewood Partners, Inc. was born on May 17, 1988 shortly before Tony, Jr. (18) started his freshman year at Dartmouth. John (17) has been a prime beneficiary of "glasnost" having been given the opportunity as a junior to study in Moscow. David (15) is our artist/performer in residence, and Matt (10) now brings up the rear. Joanne has gone on to get her degree in Psychology which has become a necessity in our household.

Denis Gulakowski, B-3

Wife: JoAnne

Address: 6208 Falcon Landing Court
Burke, VA 22015

Personal Statement: The two decades since graduation have gone well. One wife, two children, and many good assignments have been responsible for that. Only a few artifacts of that era remain - the Corvette, some uniforms, a sword, and a tarbucket. The former is collecting dust at my home of today, while the rest collects it at my home of yesterday. Our family has been blessed with good fortune. JoAnne and I both have maintained our careers. Hers has been fostered by 13 years of Washington suburban stability, while mine has been enriched by a passage through private industry. Denny, 14, and Karen, 11, are finding their growth in academics, and their enjoyment in sports and crafts. Together, we look forward to the next twenty.

Charles Gwynne, E-3

Wife: Sheila

Address: 4555 Good Adams Lane
Virginia Beach, VA 23455

Phone: (H) 804-460-3606
(W) 804-444-6122

Personal Statement: Contrary to popular belief, there was nothing in my commissioning which stated that I could serve only five years, so I remain on active duty. My assignments have included Alaska (which went from two brigades to one while I was there), Vietnam (which withdrew all forces), Korea (which stood down 2000 personnel during my tenure), and San Francisco (where the reserve staff I was assigned to was disestablished). I'm now assigned to the Navy CINCLANT staff at Norfolk, VA (perhaps the Army has some plans for the Navy here also). Sheila and I enjoy racquetball, the beaches, and thumbing through old issues of Slum and Gravy. We plan to settle in New England shortly and wish you all the best.

Arnold Haake, H-2

Wife: Gesine

Address: P.O. Box 5016
Manama Bahrain

Phone: (H) 973-695194
(W) 973-535147

Personal Statement: The twentieth class reunion finds the Haakes still an expatriate family. Since graduation, eighteen out of those twenty years have found me outside the U.S. It would be nice to say that I planned it that way, but it just happened. We were in Germany until 1981, Bahrain from 1981-1985, England from 1985-1988, and now sunny Bahrain again. In 1980, Martin, our third child, joined Karsten (born 1971) and Rebekka (born 1976). For the whole family, Bahrain was our location of choice this time. It is a really nice place to live, despite its frequency in the headllines, as my wife, Gesine, does not like housework and I do not like overcoats, umbrellas, and commutes. It's my best shot at a life like Ozzie Nelson's.

John E. Hahn, D-2

Carol is currently a junior at the USAFA, Marcia is a senior in high school, and Michael is an eighth grader. Donna is enrolled at a local college majoring in elementary education. Wife: Ona

Address: 452 Skeel Ave.
Selfridge A.N.G.B., MI 48045

Phone: (H) 313-465-3458
(W) 313-574-5616

Personal Statement: After seven years, we graduated from the D.C. area and settled near Warren, Michigan, where I am Program Manager for the M113 Family and M60 Series Tank. Being PM for Old Vehicles has lots of headaches and travel but is great fun. We are entrenched in the community with Ona and the two boys busy with Scouts, Church, Hockey, Little League, and Ladies Club, as well as taking care of Dad. Despite being Southerners, we are learning to speak a little of the language here. I have been transitioning from BDU's over the years and expect to remain in the hardware acquisition business for the duration. Would still consider a high paying job field testing golf balls if it came along.

H. Steven Hammond, H-4

Wife: Marilyn

Address: 32A Thayer Road
West Point, NY 10996

Phone: (H) 914-446-1189

Personal Statement: After 20 years of knocking around the country and the world, the Hammond clan finds itself heading back home for extended duty at USMA. We expect to be here for the next 10 years (at least) so you know where to find us. The years since graduation have been rich in their blessings and gentle in their disappoint ments. Good assignments, working with super colleagues, amongst the dearest of friends. We've little room to complain. Marilyn and I haven't tired of each other yet. Any Mary, Megan, Taylor, and Emily Grace still treasure the family spirit ... even though there seem to be fewer and fewer opportunities for family time. Our prayers and best wishes to all in '69.

Our two children have grown rapidly and become involved in a number of activities. Much of our time is spent with them and driving to different events. Personal Statement: I have been enjoying civilian life since leaving the Army in 1974. With the exception of a two-year visit to Juneau, Alaska, Seattle, Washington has been my primary base camp. 1983 was a downer year with a separation and divorce; however, I was awarded civilian combat stripes for my sterling performance. I was remarried in 1988 to a sweet young thing who also enjoys fishing and hiking (and, who doesn't mind fish being cleaned in the kitchen sink). The enclosed wedding picture includes siblings Amy (18) and Brian (16). Amy will be starting college in Boston this year and Brian has two more years of high school where he is a hotshot football and lacrosse player. My how time flies! My best wishes to all of '69.

Personal Statement: Shortly after our 10th reunion Kathleen Marie was born at West Point, and we were assigned to Fort Riley. In 1986 I became the Assistant Army Attache in Bonn. Our family grew again in 1988 with the arrival of Kelly Elizabeth. As if she didn't have enough to keep her busy entertaining and participating in the cocktail circuit, Marcy was selected to be the art teacher at the Bonn American High School, where she teaches art to all 12 grades. Needless to say, the whole family is looking forward to returning to the US of A in the summer of 1990.

Wife: Jacque

Address: P.O. Box 1691
New London, NH 03257

Personal Statement: A generation has passed very quickly for this family, and time has been good to us. The firm has grown to twenty people, and our base of operations continues to grow. Jacque owns and operates a thriving kindergarten and preschool -- a major commitment that, at times, makes it seem our family extends to include thirty children. Michael (19) is now a sophomore at Harvard and enjoying Marine Corps ROTC. Adam (15) is a freshman in high school, has terrific grades, and loves the ocean and SCUBA. Could it be that we have two kids destined for the Navy?

Personal Statement: The first five years were similar to the experiences of many of you - marriage, airborne/ranger, and an extended tour in Nurnberg, Germany with the 16th Engineer Battalion and the Nordbayern Engineer District. Then came resignation, law school at George Washington U. (where I developed an interest in patent law), the arrival of our son Trevor, and clerkship with Chief Judge Markey of the U.S. Court of Customs and Patent Appeals, and an associate attorney position with Finnegan, Henderson, Farabow, Garrett and Dunner, a well-known patent law firm in Washington, D.C. Our daughter, Aimsley, was born in 1979, partnership in the firm came in 1983, and in 1986 we all moved to Tokyo Japan to open a branch office for the firm. Personal Statement: After five years as an Airborne Ranger, the Queen of Battle gave way to button-down collars as I responded to the lure of corporate life. McDonnel Douglas gave me a chance, taught me the ropes, and provided a good living for the next thirteen years. And for the past two years, Digital Equipment Corporation has allowed me to continue my professional growth and achievement as a Corporate Account Manager. Lynn is back with Amerrican Airlines, those wonderful folks who first brought us together on a 707 back in 1968! We are healthy, happy, and very much in love. Our three children have been the source of much joy and pride - honor rolls, soccer, football, school plays. Heather (17), Megan (14), and James (10) are wonderful children. Shalimar, FL 32579

Phone: (H) 808-624-5607
(W) 808-656-1712

Personal Statement: According to the Tenth Reunion Yearbook, I was then slaving away in an institution of higher learning at the taxpayers' expense. By its publication, I had matriculated as a JDG (just did graduate). The Air Force saw fit to use my new found wisdom at the Tactical Air Warfare Center in air-to-surface munitions development and testing. Unfortunately, we were running short of forward air controller instructor pilots and someone found out I used to be one. So I was off to the FAC schoolhouse as Chief of Weapons and Tactics training, and there went my F-4 assignment. I've stayed in the business ever since as a staff instructor pilot and/or flight examiner in the 0-2, OV - P, and A-37. There was even an ALO tour thrown in for good measure - I was suddenly reminded of why I went Air Force. This year will see another big change. By publication time, I will be working in the cockpit of a Boeing 727.

(W) 914-938-4230

Personal Statement: Twenty years ago, none of my closest friends would have dared to predict that I would still be in the Army after rtwenty gears, let alone be teaching Operations Research back here! Bonnie and I have thoroughly enjoyed our assignments at Ft. Carson, Ft. Sill, recruiting in PA, Germany, grad school in Atlanta, Ft. Leavenworth, Washington DC, and now back at USMA. Over the years, we've made many new friends, but the bonds formed during the four years here at West Point have always seemed a little more special to us. We have been blessed with three wonderful children: Andy, 14; Sara, 11; and Anna Lyn, 8. They have found this tour at West Point to be a very special time too, and I'm sure they will cherish the friends and memories in the years to come. One more year teaching in the New Systems Engineering Department and then we plan to retire and start that long awaited second career. We hope the 20th Year Reunion Weekend is a very special and memorable one for everyone. May God bless us all.

Personal Statement: Chris, Julie (12) and Kevin (3) join me in saying hello. Marriage came in Deceber '70 after long distance dating from Germany. The romance has still lasted 25 years! Despite many moves, two children, and community service, Chris has maintained an interest in playing and teaching the violin. Julie came in Columbus, IN, while I was traveling internationally for Cummins, working on my MBA, and beginning a dedicated running schedule. An excellent student with her mother's creative skills, we are very proud of her. Kevin came as planned in Roanoke where I am working as VP-Marketing with Medeco Security Locks. He is a bundle of limitless energy and a breath of springtime to two 42-year-old parents. We hope to see you at the reunion; but if not, you're always invited to visit.

Jim is teaching Mil Art and a military history course for future Tacs and reports that cadets no longer use red and blue pencils to analyze campaigns and that Tacs know more than just how to inspect rooms and haircuts. Lois -- a speech therapist -- has stuck with him after accepting the request for a dance Cow year at the Winter Sports Weekend sweater hop in East Gym. As you can see from the photo, even Kristin -- future teacher and the Georgia Bulldog her Dad never was -- and Adam -- budding historian and athlete -- are high on life at West Point.

He is one of the top high school mathematicians in the country. As for many of us, Vietnam was a pivotal point in Dana's career. He returned committed to a new career in medicine. Dana graduated from The Albert Einstein College of Medicine in 1977 and completed his residency in Obstetrics and Gynecology at the Long Island Jewish Medical Center in 1981. Civil Service jobs with HQDA and HQ AMC paid the bills until 1985 when he signed on with IBM in Manassas, Virginia. Now a Staff Environmental Engineer at the Semiconductor plant, Jim enjoys a block and a half commute for a change. Barbara is receptionist for a local dentist, also within a mile of their home of ten years. Number one daugher, Nicole, is now 19 and a sophomore at Wake Forest University -- sorry Mike K. Number two daughter came along after Jim left the service and is now 5 and looking at kindergarten next year. Nicole is studying Marine Biology, diving and flying -- not necessarily in that order. The past 2 years have been spent, business-wise, putting together the plans for our new facilities which include 200,000 square feet of space for offices, production, and warehouse. The rest of the family has made the transition fairly well. Alison is a senior at Apple Valley High School with plans in music/theater arts, while Jason, a junior, still hopes to pitch for Stanford and then the Dodgers! Nan is working part time outside the home and is busy with church activities as well. We have lots of room and would wecome a visit from any '69ers who are up Twin Cities way. Daniel E. Kersey, F-4

Wife: Cindy

Address: 718 Lakeshore Drive
Lebanon, TN 37087

Personal Statement: Cindy, Bill, Kimberly, and I are headed for Nashville, TN, and command of Recruiting Battalion there, to begin our 21st year. Having truly enjoyed 28 months commanding the 2-504 PIR in the 82d Abn,we were delighted to find our name on the O-6 list and, I guess, will go to at least 25 years now. We have had 3 tours in the 82d Abn, two in the 1st Armored, one in the 101st (RVN), and a few other non-troop assignments. I love what I'm doing, and Cindy has finally decided that I'm serious about staying in the Army for a while. Someday I may have to go to work for a living, but until then I think I'll be a soldier.

Paul Kessenich, A-3

Wife: Ann

Address: 929 S. Bruner St.

(W) 312-495-7400

Tom Kiehne, E-2

Wife: Ann

Address: 7842 Painted Daisy Drive
Springfield, VA 22152

Personal Statement: On the home front: The entire family is happy and blessed with good health. The wife is approaching the dreaded four-oh but, I think, has nothing to dread. Our oldest has just started college at the U of Colorado where he holds a 3-year Army ROTC scholarship. Our ten-year-old son is bright, cheerful, outgoing, and fun to be around. On the Career front: We're still slugging it out in the Army. While not exactly under consideration for Chief of Staff, on the whole I've gone my own way and done things which I enjoyed and found interesting. The Field Artillery was great for seven years while serving with troops in four different battalions. However, during the last 13 years, my interests have shifted to engineering as I pursued 2 advanced degrees and taught at the Academy for 2 years. I've recently begun a new job in the D.C. area managing millions of your hard earned tax dollars in a defense agency involved in advanced research projects. The job will likely provide a transition to civilian life in the next several years. I'd have to say the Kiehne bunch has been both lucky and blessed.

Lewis M. Killian, Jr., A-1

Wife: Patsy

Address: 5111 Williams Road
Tallahassee, FL 32301

Personal Statement: Having obtained a law degree while on AD, I decided to pursue my fortunes in the civilian world in 1979. I moved Patsy and our two children, Kimberly and Martin, to Tallahassee, Florida. After 7 years of private practice in a local law firm, I was selected to be the U.S. Bankruptcy Judge for the Northern District of Florida in September of 1986. Between taxiing the around two kids, who are now 13 and 11, and taking care of her 4 horses and 4 dogs, Patsy somehow finds the time to manage her own real estate sales firm.

Arlington, VA 22207-4105

Phone: (H) 703-525-6863
(W) 202-647-2471

Personal Statement: Since the 10th Reunion (which Holly believes was a major factor in my asking her to marry me at West Point two weeks before the Reunion!), we have been blessed with five beautiful children, now ranging in age from 2 - 9. I left active duty in 1982, stayed as a civilian at the National Security Council until 1985, then served for two years as Jim Baker's General Counsel at Treasury. After a little over a year in private practice, I was asked to return to government as under Secretary of State for Political Affairs, the third-ranking position in the State Department. Our roots are definitely getting deeper in Arlington, and we look forward to seeing classmates as their assignments or travels bring them through Washington.

Personal Statement: These last twenty years have gone too fast. Mary Ellen and I tried to homestead Fort Campbell and succeeded in living there a total of nine years on two tours. Our tour in Panama was enjoyable but I would not want to be there now. Our daughter, Julie, is an angel. She loves animals but is allergic to cats and dogs, so she settles for hamsters, the latest of which is called Peaches. I like my work, although Mary Ellen says I am crazy to go back to jumping out of airplanes after being a helicopter pilot for 17 years. Mary Ellen continues to teach Preschool. We will be at Ft. Leavenworth for at least two more years. Our door is open to all who may be visiting or attending the precommand course.

Daniel L. Kopp, F-2

Wife: Melissa

Address: 3032 B Stony Lonesome
West Point, NY 10996

Personal Statement: It took 18 years and a major career change to bring me back. Much has changed. Much hasn't. I've gained a beautiful wife (Melissa), two outstanding sons (Chris 17, Tim 15), a unique dog (Mr. Bascombe), a medical degree, and more weight than I'd like to admit. I've lost time in grade, quarters space relative to station in life, and more hair than I'd like to admit. Hard to figure 20 years, but trying to gracefully accept and enjoy the experience, and looking forward to new and renewed friendships.

The past seven years we have been assigned in Kansas: first at Fort Leavenworth on the CGSC staff and faculty, secondly since October '87 at the University of Kansas as Professor of Military Science of "Jayhawk" ROTC. Kansas is fun, the American heartland; easy going and friendly people grow on you. We are members and ride English with the Fort Leavenworth Fox Hunt, have our 20-acre home in the country with five horses and other assorted animals, and the kids enjoy their small town school. I will probably retire here after two more years and another Jayhawk Basketball National Championship. Bob, Susan, Rob (19), Khari (13), Kelly (7) - May '89.

J. Michael Landrum, E-3

Wife: Sherrye

Address: 3950 Broadmoor Valley Road
Colorado Springs, CO 80906

Personal Statement: Twenty years means happy, healthy children taller than we. Jessica at the University of Texas at Austin and Nick learning lacrosse Colorado style and longing for the east coast. Germany passed under the tutelage of Butch Saint and Dick Bailey (no small task for those who know them), but the only one with gray hair is Sherrye. Newport was a dream come true. (Always go to a small state to win the state squash championship). D.C. found us on the family farm, complete with horses and the summer class reunion, with Max Thurman and a Congressional fellowship. Battalion command is 3/29 FA at Ft. In October '88 I was promoted and became Head of the Drug and Vision Unit. Shortly, thereafter, I was hospitalized with CMV Colitis, a disease associated with AIDS. I am now on disability and writing and doing volunteer work. I hope members of my class can support me with love and positive energy. I wish I could be there - I'll see you all on our 25th Reunion.

Personal **Statement:** I left the Army and began the long process of becoming a physician in 1975, finishing my residency in Emergency Medicine in 1981. Lois and I started our family that same year. Christopher, 7, and Adrianne, 6, are two of the most important things in our lives. Lois rides horses competitively in dressage, and we live on our horse farm outside of Winston-Salem, North Carolina. We have been involved in breeding horses and were proud to donate a young horse to the West Point Riding Club last year. I own and manage four primary care centers called Prime Care in the Triad area of North Carolina.

Irvine, CA 92715

Phone: (H) 714-854-6448
(W) 714-261-9113

Personal Statement: The past 20 years. Left the Army in 1985, played, hunted, and roamed until 1977 when I married Susan and started appraising real property in Southern Idaho. Moved to Anchorage, Alaska in 1981, fished, continued appraising, and the long winter nights resulted in Timothy in 1983 and Alexander in 1985. Moved to southern California in 1985 and currently am a real estate consultant and enjoy hunting, fishing, playing squash, coaching and refereeing t-ball and soccer, gardening, and playing with computers. I find it hard to believe it has been 20 years but as the boys continue to have birthdays, I am reminded that time goes on. Am looking forward to seeing everyone and renewing friendships.

Swedesboro, NJ 08085

Phone: (H) 609-467-3630
(W) 609-299-3616

Personal Statement: Well, to pick up where I left off from the last reunion book, in 1982 I graduated from medical school, and following my internship, put on the Air Force blue to pay back time incurred for my scholarship through school. I was assigned as a flight surgeon to a SAC unit in North Carolina. It was great fun, but I had wanted to become certified in dermatology, and due to a bureaucratic foul up, wasn't able to begin training by the time I had paid back my time, so we chucked it all again and returned to New Jersey to begin training in a civilian program. Now, finally after twenty years from leaving WP, I will be finishing my schooling. Next year, I will be a dermatologist, joining a practice in Sourth Jersey. Our family has grown and now comprises Marc (13), Katie (11), and Margaret (4). All our love to our many good friends.

Address: 268 Ravenscliff
St. Davids,PA 19087

Phone: (H) 215-687-1831
(W) 215-971-5700

Personal Statement: After the merger of Ayerst Laboratories (my former company) with Wyeth Laboratories, my family and I moved to St. Davids, Pennsylvania in August 1988, where I became the Vice President of Marketing for the newly formed Wyeth-Ayerst Laboratories. Daniela has found our new home and community to be very pleasant. Our daughter, Michelle (15 1/2), has also adjusted well and will be a junior at Radnor High School in the fall, while our sons -- Andrew (12 1/2), and Marc (6 1/2) -- will be entering 7th grade and 1st grade, respectively. All in all, the past 20 years have been rewarding and enjoyable. It is just hard to believe that that much time has passed. Perhaps it is partly due to the passing of time that when I think back on our time at West Point, I can only remember the good times and the pride I feel of being a graduate.

Address: German Staff College AMCONGEN
APO, NY 09215

Phone: (H) 049-40-801897
(W) 049-40-86672114

Personal Statement: Stumbled through all the stuff one does the first few years after graduation: schools, initial assignment, marriage, Vietnam, etc. Got serious about making a career out of it at around year 3 of service. The past 20 years of moving around and working with soldiers have been fulfilling and, all things considered, a happy life. I've been blessed with a gracious wife who's a lot of fun and three normal, healthy children: Halley (16), Julia (13), and Ben (7). The next 20 years or so, we plan to spend in the civilian (real?) world, which is pretty scary for an Army brat married to an Army brat and knowing no other way of life, but Peggy and I will give it a try.

Thomas G. Lowry, H-3

Wife: Deborah

Address: 15207 Bexley Place
Charlotte, NC 28227

Phone: (H) 704-545-4285

Personal Statement: The year 1986 was a year of significant changes for me. A divorce on Christmas Eve, and, after 16 years with Columbus Bank & Trust Co. in Columbus, GA.., I "walked" from a position as Vice President and Trust Officer on New Year's Eve. Planning on taking my cash and undertaking a "sabbatical," I settled in for a life of semi-retirement. After several months, however, the "middle-age crazies" eased and my fortunes turned. In July 1987 I remarried, to the former Deborah Thompkins, and we moved to Charlotte, NC, where Debbie is a flight attendant with Piedmont Airlines. We still live in and enjoy Charlotte, where we live with Debbie's 5 cats (they claim no relationship to me). My twin girls are just finishing their freshman year at separate universities in Georgia. Debbie and I are both greatly involved with our new West Point Society here, of which I am the Treasurer.

Address: 10612 Farragut Hills Blvd.
Knoxville, TN 37922

Phone: (H) 615-966-1310
(W) 615-637-4311

Personal Statement: After my return from RVN in '71 I served for the next three years at Fort Lewis, WA, resigning in '74 to attend the U of Texas Law School. In '77, I joined the firm of Hunton & Williams in Richmond, Va and moved to Knoxville in '84 to open our Tennessee office. My law practice is devoted to commercial litigation. I have tried to keep involved in gymnastics, but although the mind is willing, the flesh has gotten less eager. The real gymnast in the family is now my son David, who has been competing since age 6, and has won several Tennessee state championships. My athletic interests have turned to whitewater kayaking, mountain climbing, and triathlons. At Ft. Bragg last year I won my age group competition in a race sponsored by the 5th Special Forces Group. I successfully climbed of Alaska's Mount McKinley last June. Carol and I have 4 active children. Christian (18) is a freshman at Transylvania U in Lexington, KY. Missy (16) is a junior in high school. David (11) is a sixth grader, and Kerry (7) is a first grader. We have an extra guest bedroom in our house which is always open to classmates traveling through East Tennessee. We hope that some of you will take us up on it as you pass through this area.

Wife: Jeanne

Address: 2104 Cureton Drive
Urbana, IL 61801

Phone: (H) 217-384-6951
(W) 217-333-1550

Personal Statement: It certainly has been an interesting military career. I've been very happy with my choice of branch -- 20 years of construction/civil engineering in Vietnam, Texas, Indiana, and Germany have been very challenging and satisfying. But the most rewarding aspect of our service has been the deep, meaningful friendships. I met my best friend (finally) at 5:00 AM on a bus at the foot of the Capitol Building in DC, proposed six months later on Trophy Point (corny?), and was married in 1982 at the Fort Leavenworth chapel. Now our Wisconsin roots are tugging us (having added Robbie in 1984 and Anna in 1986) back -- by the time you read this, we hope to have retired to the Milwaukee area, settled down, and begun a new chapter in our lives.

Address: 46610 Spinning Wheel Dr.
Canton, MI 48187

Phone: (H) 313-453-9461
(W) 313-487-1020

Personal Statement: After three enjoyable years with the Chemistry Department, we departed for Germany and the Eighth Infantry Division, first at Bad Kreuznach and then at Wiesbaden. Although detailed as the XO of the division Supply and Transport Battalion, one very good thing resulted: our second daughter, Margaret, was born at Landstuhl Army Hospital in 1981. She is still in the process of keeping us young. The next two exciting years in Wiesbaden and the 70th Armor flew by, and we found ourselves back in Kansas for CGSC. This was followed by four extremely pleasant and satisfying years living and working on the Edgewood Arsenal side of Aberdeen Proving Ground. We left Edgewood last summer for Eastern Michigan University, where I'm busy being the Professor of Military Science, Susan is working on her graduate degree in Education, David is sending in college applications, and Anne is doing whatever teenage girls do.

Wife: Connie

Address: 835 Ivy Trace
Manchester, MO 63021

Phone: (H) 314-225-2905
(W) 314-263-1810

Personal Statement: Homesteading in St. Louis since 1983 has been great. Assignments at Defense Mapping Agency and on the LHX helicopter program at AVSCOM have been challenging and fun. Family life has been "stable". One boy in college (Sean 19), one in high school (Tony 17), and our daughter (Missy 13) in junior high make us feel old and poor. Those cadet days were easy in relation to parenthood. Connie, as an elementary school nurse, has time to be with (and check on) the kids. Thank the Lord! I'm pondering a second career in the aerospace industry. My two St. Louis assignments have made me an electrical engineer by trade. The opportunities are many. We hope to stay in St. Louis. Go Cardinals. Beat the Mets!

We left the service in 1974 to return here where Alice and I met in junior high. Alice is full-time shopping, socializing, and most importantly raising our boys. I am in national sales of athletic and medical supplies. Blessed with adequate free time, I help Eric with his aquatic birds, coach Bret's football and baseball teams, and see all the lastest movies with Alice. As a family we dedicate the Reunion to my Dad, Ed Marshall, who passed away February 14 this year. With his and my Mom's love, support, and guidance came many opportunities, including being your classmate. Thanks Dad. We love you.

In 1977 while assigned to the Combat Arms Center at Fort Leavenworth, I met Marta Chmielewski who was working on a local newspaper in the Detroit area (the last blind date I've ever been on, as it was followed quickly by a big Polish wedding!) After setting up the National Training Center at Fort Erwin, Marta and I have had "hardship tours" from USAREUR and XO of the 44th SIG BN in Heidelberg, to the Naval CGSC at Newport, to the Math Dept. at West Point then back to Heidelberg with the CENTAG (talk about the golden triangle!) Our sons Adam, age 9 and Aleks, age 6 are involved in soccer, baseball, scouting and dance. They are our pride and joy!

Ed is a Permanent Associate Professor in the Chemistry Department, and Kathie is pursuing business interests in the yarn craft and sewing fields. Personal Statement: Many moves and many locations have passed by but our memories are focused to three periods of time and locations. We lived in Arizona for five years where both of our children were born and both Nancy and I earned Master's Degrees from the University of Arizona. Our two tours and five years in Germany were centered on being with soldiers first as a company commander and then later as a battalion commander. We are now in our fifth year living in Burke, Virginia, a place where everyone believes they have found a permanent home: Cristopher (15 years old) and Rachel (13 years old) are well into a high school they do not want to leave. Nancy is busy teaching a second grade class, and Denny is deeply involved in engineering the future communications systems for the Department of Defense.

Ft. Benning, GA 31905

Phone: (H) 404-682-0451
(W) 404-544-4261

Personal Statement: It seems as though I've come full circle in twenty years -- starting long ago at the Home of the Infantry and back now as the Staff Judge Advocate. Despite becoming a lawyer twelve years ago, I have never lost my affinity for real soldiers and have watched with great admiration and respect those of our classmates who have stayed the course in the combat arms. Susan wonders why we didn't come sooner to one of these beautiful homes at Fort Benning, and Chris, 15, Sarah, 12, and Matthew, 5, adjust well but find it increasingly difficult to regularly leave new found friends. We write little but have not forgotten. We consider ourselves blessed beyond measure and think of many of you so often.

We transferred briefly to a plant in Virginia and came back to Corning. The upstate lake region has allowed us to do a fair amount of sailing not to mention frequent visits to the wineries. I have been working in Research & Development for the past 5 years and have received 2 patents for my efforts. Needless to say, I love my work. Lynne is working as an RN in the Emergency Room, and I find time to be a CPR Instructor and work on the Ambulance as an EMT. Faith, now 15, plays the piano and runs track. At that time I realized that teaching was my natural vocation and I was fortunate to be selected a tenured faculty member at West Point. I enjoy my job and the time I have to spend with my family. Marilyn teaches school at West Point, and our three kids keep us busy with school and sports. Please stop by and say hello next time you are at West Point or wherever our home may be.

Address: 280A Bowman Loop
West Point, NY 10996

Phone: (H) 914-446-2039
(W) 914-938-3644

Personal Statement: Our family no longer fits in the trunk of an Opell. We have Michael (16), Katie (11), Tommy (9), and Beth (4). I am beginning my fifth year as a PAP in the EECS Department and the fifth year of riding my bicycle to work. Present parking restrictions have been established to encourage more faculty to ride bikes. You may guess from our family portrait that we are trying to start another fad. This has great potential for success because if all of us at West Point dressed this way "The Plain" would look much more like it did back in the 50's (read that 1850's). We look forward to seeing all of our OLD friends at the 20th.

Phone: (H) 713-523-2042
(W) 713-274-2289

Personal Statement: Commissioned FA, I did the usual stuff with one exception: In Ranger School I discovered I would never be an acrobat. Went off to Ft. Carson for my first duty as FDO. After watching Mike Krzyzewski play a lot of basketball, I volunteered for Vietnam (10/70-05/72). Served as battery XO and battalion S-2 with the 1st Cav. When the Cav left, I went up to Cam Ranh and commanded the 24th TC (M). Back in the states, I pulled a stint with the Recruiting Command ('72-'75). After FAOAC I took over a battery command at Ft. Polk ('75-'77). Then I left the Regulars for duty with Texas Instruments in Houston, where I work as a strategic marketing manager. I got my MBA at Houston Baptist in '81 and consider myself the oldest major in the Reserves.

Personal Statement: Since the 10-year Reunion, Donna and I have been back and forth to the States three times: Boston (ROTC duty at BU), Monterey, CA (student at Naval Postgraduate School), and finally, West Point (DMI). All European tours were spent in Italy, either with USASETAF and 5th TAACOM or at the Italian War College in Civitivecchia. I guess we just couldn't get enough of the sun, vino, pasta, and wonderful environment that Italy had to offer our children as they grew up. But we're glad to be back in the states once again, and hope to see many of you often as you pass through the Academy during the next couple of years.

Phone: (H) 201-541-7165
(W) 212-830-4757

Personal **Statement:** Shortly after graduation, Diane and I were married and we spent the next six years in a pretty traditional fashion:; Airborne School, basic course at Ft. Sill, 82nd Abn. Div. S-1 at Ft. Bragg, Artillery Liaison and Battery Commander in Vietnam, closing out active duty with a tour in Germany. While in Vietnam, our first and only child was born. Brian is now a high school junior and a typical teenager. He has his own D.J. business, plays soccer, likes to ski, and somehow finds enough time to be an "A" student. He wants to pursue Engineering at either Cornell or Villanova. After more than a decade with Citibank, I've found my niche in the credit discipline and am currently a Vice President servicing the needs of the affluent market in New York. Diane is an Environmental Commissioner in our township and works hard to preserve and improve the quality of our environment.

I've been with Johnson & Johnson ever since, and while I'm not C.E.O. (yet), it continues to be a great company with opportunities to move, learn, and grow. Carrie was born in 1979 and is our pride and joy. Nan deserves the credit for our success as a family. Carrie is an outstanding student and musician, and I seldom act like I did 20+ years ago. We look forward to the next 20 years and continued success and happiness that civilian life has brought. When in Chicago, give us a call - we're in the book.

Edward B. Poucher, C-3

Wife: Diana

Address: 1205 NW Maple Avenue
Lawton, OK 73507

Personal Statement: I have stayed on active duty in the Field Artillery since graduation, and I hold the rank of LTC. For the last five years I have been working on the development of the Advanced Field Artillery Tactical Data System as both a Combat and a Material Developer; I am currently assigned to the Office of the Program Manager for Field Artillery Tactical Data Systems as an Assistant PM for Interoperability. My wife, Diana, is a faculty member at Cameron University as well as a private management and training consultant. We have purchased several horses since moving to Oklahoma five years ago, and much of our spare time is spent riding to the hounds with the Artillery Foxhunt as well as showing and field trialing Brittanys.

Geoffrey G. Prosch, C-3

Address: HHC 4th ID (M)
Ft. Carson, CO 80913

Personal Statement: On 4 June 1969, I observed what I then believed was the most thrilling sight of my life -- West Point in the rear view mirror of my British sports car. But we now know it really wasn't West Point we were speeding away from that day -- it was Central Area, finals, and our TAC. We periodically return to West Point to the Chapel, Trophy Point, and Ft. Putnam high atop the Academy's granite base, and we depart rejuvenated, spiritually and mentally. Perhaps the solid granite foundation has something to do with the rocklike integrity inherent in West Pointers. On 10 July 1989, I observed what I now know absolutely was the most beautiful sight of my life -- the Pentagon in the rear view mirror of my 1972 Valiant while enroute to Ft. Carson. If you're ever in the AO, our home is your home.

Edward L. Quinn, B-1

Wife: Sherri

Address: 12851 Valleywood Dr.
Woodbridge, VA 22192

Phone: (H) 703-490-4920
(W) 703-325-7016

Personal Statement: After a thoroughly enjoyable 20-year career, Sherri, Doug, Jeff, and Ed will probably settle in the Woodbridge, VA. area. We've had a good tour on which to end a career; the Defense Nuclear Agency has provided an opportunity to work hard on meaningful programs. But we think our highlight tour was our 3 years in the Math Department at West Point. What a great time: a fun job, great people to work with, and a wonderful place to raise a family. Our boys are growing at a rapid rate. Doug wore a tuxedo at Ed's sister's wedding. He's a young man, and Jeff is not far behind. Sherri is still a professional volunteer. Her motto: "Just say yes." Her recent chairpersonship of the Signal Officers' Ball for the Washington area (attended by 400) is a typical example. We look forward to cotinued growth as a family in our new career.

There's been travel to Europe, the Mid-East, South East Asia, and around the U.S.. Two children, Michael (16), and Susan (9), have been accompanying us most of that time. We are truly residents in New Mexico now and intend to stay after my retirement at the end of this year. Cindi will continue moving up in her nursing career, while I look forward to beginning again.

James P. Reams, F-3

Wife: Debbie

Address: 5073 Willow Oak Place
Dumfries, VA 22026

Personal Statement: Hard to believe it's been 20 years. Korea, Vietnam, Ft. Sill, Minneapolis, West Point, Germany, Newport, and Washington. Some were garden spots -- others were not. But all held their own rewards made stronger by the friendship of classmates. Today life is Debbie and the two kids (Carolyn 13 and Brian 8), three cats, a dog, a Volvo, a Caravan, a thirty-mile commute, and a mortgage of such magnitude it's hard to comprehend. Life was so simple 20 years ago but infinitely richer today. I hope your two decades have been as rewarding and normal as ours. And who knows about the next 20? Best of luck to all, and may your future be full of family, happiness, and, most of all, peace.

Charlotte, NC 28207

Phone: (H) 704-372-7088
(W) 704-331-7441

Personal **Statement:** After our most recent acquisition (a schnauzer), there are now five household members: Jane, Stephen (5), David (3), Friskie, and me. As Rich West once wrote me, children certainly change your priorities but they are life's greatest rewards. After spending four years in D.C. (in law school, working for a judge and meeting Jane (a Chicago native and PH.D. in special education)), I have spent the past 12 years practicing law in Charlotte, primarily business law with an emphasis on mergers and acquisitions. Charlotte is a great place to live and raise a family, and we now have an NBA team (Go Hornets!). Like most of you, I still look back on the days at West Point and in the Army (Vietnam and Europe) with a great deal of nostalgia and emotion.

Gerald W. Ricker, F-4

Wife: Kathleen

Address: 2025 Willow Branch Court

Personal Statement: Erin finished 6th grade with "Honors." She played basketball with the YMCA team and then made the 7-8th grade junior high team. She has become her own kind, gentle person, skis faster and more aggressively then we do and likes spending more time on her own. Mollie is in a 4th grade, plays soccer harder than anyone on her team and is a straight A student. She's playing violin and piano and will play basketball this winter as Rick coaches her team. Rick joined classmate Bill Slenker as a partner with the Trammell Crow Company, a national real estate development firm, in June, 1989. Address: 1914 Stirrup Lane
Alexandria, VA 22308

Phone: (H) 703-360-5866
(W) 703-355-7195

Personal Statement: Hard to believe twenty years have passed since we began military careers. For me it's especially remarkable considering the low profile adventures I shared with M. Hoffman, D. Krall, and L. LeMaster as Ft. Sill endeavored to mold us into junior artillerists back in 1969; a sure fire test for Army leadership and discipline. After flying Cobras in the 1st Cav and later coaching at Ft. Rucker, I homesteaded at Ft. Carson for the rest of the 70's. It was there I met Marilyn. Three assignments later (Korea, Ft. Lee, SHAPE) and three children (John - 7, Victoria - 5, Christine - 3) finds us all back in VA where I'm PM for a DOD project to automate transportation offices in all services. Don't worry, I finally forgave ES & BS and won't bring back "mark sense" cards and #2 pencils - maybe!

Sally has weathered 15 major moves and established a true home in each place the Army sent us. Sons Paul and Jed have attended 12 schools between them and are 19 and 13 years old respectively, with Paul now a member of USMA Class of 1992. We hold the many friendships that have grown out of each assignment as the highlight of our Army wanderings these many years, and we are indeed grateful to God for his provision throughout. We expectantly look forward to what the future holds, both in and after the Army.

I went from Saginaw, MI, to Arlington, TX, to Detroit with my second General (Motors) job. I've stayed in the Army Reserves as a school Instructor and Director, an Engineer, and a Finance Officer, and to the edge of LTC. From there to Victorville, California, to fly in F-105's and F-4G as a Wild Weasel (Sam Buster) crewmember. Joan spent her time between teaching and changing diapers (since our second, Kathy, came along). We then "slipped the surley bonds" of CONUS for 7 1/2 years overseas -- Germany, flying F-4G's; England, our best assignment 30 miles outside of London on a Royal Air Force Exchange tour; and the Philippines, my best job (despite the revolution) as Commander of Camp O'Donnell Air Station (how appropriate, the only Air Force unit with"Camp" in its name). Now we're back in Florida's panhandle at Eglin AFB.

So if anyone knows of an opening for a guy who can translate delta and epsilon into something meaningful (?), please let me know. My field artillery career led me to Korea twice, Germany twice, and Ft. Sill twice. The rest of my time has been spent in school or teaching here at West Point. My family is Mary (married at Ft. Sill in 1975), Brian (11), Kim (8), and Mandy (3 1/2, black lab). We look forward to more time together from now on.

Bruce R. Wheeler, D-4

Wife: Pam

Address: Keller Army Hospital
West Point, NY 10996

Personal Statement: While at Fort Sill, I met my wife, Pam. We were married while I commanded a battery in Korea. Medical School in New Orleans was followed by wonderful years in Hawaii for my orthopaedic surgery residency, and Heather and Rachel began enriching our lives. Stuttgart was a time to travel. Walter Reed for a Hand fellowship allowed northeast exploration. Now exploring the northwest -- Fort Lewis (Madigan) has enabled us to sail the Puget Sound and enjoy the Cascade and Olympic mountains. The climate never dampening our plans to settle here. Teaching orthopaedic residents is a challenge and opportunities working in Korea, Germany, and Alaska a diversion. We return to Keller Army Hospital at USMA this summer and eagerly anticipate celebrating our 20th reunion with friends.
